FIRST REGULAR SESSION

FIFTY-FOURTH DAY—THURSDAY, APRIL 22, 2021

The Senate met pursuant to adjournment.

The Reverend Carl Gauck offered the following prayer:

“May God be gracious to us and bless us and make his face to shine upon us...” (Psalm 67:1)

Heavenly Father, we pray that You will be the light in our lives that shines on the path that we must walk this day. And be with us that we will be a witness in our actions and words as we encounter people this day, especially in our travel back to love ones. And as we find ways to be grateful for all Your many gifts to us may we also be grateful for those to who we return home to this day for their love and sacrifice so we may serve here and the people of this state. May we express gratitude to them and to You this weekend in various ways that You open up for us. In Your Holy Name we pray. Amen.

FIRST REGULAR SESSION

FIFTY-FIFTH DAY—MONDAY, APRIL 26, 2021

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

“The heavens are telling the glory of God; and the firmament proclaims his handiwork.” (Psalm 19:1)

Heavenly Father, what a wonderful day for us to be up and about. It is always wonderful to see and feel the sun on our face and the joy at seeing the changing landscape. We celebrate the joy of this ordinary day and the gift that it holds for us. It is good to have the quiet of our drive here before the diversions pile up and the demand for more late nights call out for our attention. Be with us and provide more of such quiet moments so we can be attentive to what You require for us to complete. In Your Holy Name we pray. Amen.

(1) To investigate applicants and determine the priority and eligibility of applicants for a license and to select among competing applicants for a license the applicant which best serves the interests of the citizens of Missouri;

(2) To license the operators of excursion gambling boats and operators of gambling games within such boats, to identify occupations within the excursion gambling boat operations which require licensing, and adopt standards for licensing the occupations including establishing fees for the occupational licenses and to license suppliers;

(3) To adopt standards under which all excursion gambling boat operations shall be held and standards for the facilities within which the gambling operations are to be held. Notwithstanding the provisions of chapter 311 to the contrary, the commission may authorize the operation of gambling games on an excursion gambling boat which is also licensed to sell or serve alcoholic beverages, wine, or beer. The commission shall regulate the wagering structure for gambling excursions, provided that the commission shall not establish any regulations or policies that limit the amount of wagers, losses, or buy-in amounts;

(4) To enter the premises of excursion gambling boats, facilities, or other places of business of a

licensee within this state to determine compliance with sections 313.800 to 313.850;

(5) To investigate alleged violations of sections 313.800 to 313.850 or the commission rules, orders, or final decisions;

(6) To assess any appropriate administrative penalty against a licensee, including, but not limited to, suspension, revocation, and penalties of an amount as determined by the commission up to three times the highest daily amount of gross receipts derived from wagering on the gambling games, whether unauthorized or authorized, conducted during the previous twelve months as well as confiscation and forfeiture of all gambling game equipment used in the conduct of unauthorized gambling games. Forfeitures pursuant to this section shall be enforced as provided in sections 513.600 to 513.645;

(7) To require a licensee, an employee of a licensee or holder of an occupational license to remove a person violating a provision of sections 313.800 to 313.850 or the commission rules, orders, or final orders, or other person deemed to be undesirable from the excursion gambling boat or adjacent facilities;

(8) To require the removal from the premises of a licensee, an employee of a licensee, or a holder of an occupational license for a violation of sections 313.800 to 313.850 or a commission rule or engaging in a fraudulent practice;

(9) To require all licensees to file all financial reports required by rules and regulations of the commission;

(10) To issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records, and other pertinent documents, and to administer oaths and affirmations to the witnesses, when, in the judgment of the commission, it is necessary to enforce sections 313.800 to 313.850 or the commission rules;

(11) To keep accurate and complete records of its proceedings and to certify the records as may be appropriate;

(12) To ensure that the gambling games are conducted fairly. No gambling device shall be set to pay out less than eighty percent of all wagers;

(13) To require all licensees of gambling game operations to use a cashless wagering system whereby all players' money is converted to physical or electronic tokens, electronic cards, or chips which only can be used on the excursion gambling boat;

(14) To require excursion gambling boat licensees to develop a system, approved by the commission, that allows patrons the option to prohibit the excursion gambling boat licensee from using identifying information for marketing purposes. The provisions of this subdivision shall apply only to patrons giving identifying information for the first time. Such system shall be submitted to the commission by October 1, 2000, and approved by the commission by January 1, 2001. The excursion gambling boat licensee shall use identifying information obtained from patrons who have elected to have marketing blocked under the provisions of this section only for the purposes of enforcing the requirements contained in sections 313.800 to 313.850. This section shall not prohibit the commission from accessing identifying information for the purposes of enforcing section 313.004 and sections 313.800 to 313.850;

(15) To determine which of the authorized gambling games will be permitted on any licensed

excursion gambling boat;

(16) [Excursion gambling boats shall cruise, unless the commission finds that the best interest of Missouri and the safety of the public indicate the need for continuous docking of the excursion gambling boat in any city or county authorized pursuant to subsection 10 of section 313.812.] The commission shall base its decision to [allow continuously docked] **license** excursion gambling boats on any of the following criteria: the docking location or the excursion cruise could cause danger to the boat's passengers, violate federal law or the law of another state, or cause disruption of interstate commerce or possible interference with railway or barge transportation. [In addition,] The commission shall consider economic feasibility or impact that would benefit land-based development and permanent job creation. The commission shall not discriminate among applicants for [continuous-docking] excursion gambling **boats** that are similarly situated with respect to the criteria set forth in this section;

(17) The commission shall render a finding concerning [the possibility of continuous docking, as described in subdivision (15) of this section,] **the transition from a boat, barge, or floating facility to a nonfloating facility** within thirty days after a hearing on any request from an applicant or licensee. Such hearing may be held prior to any final action on licensing to assist an applicant and any city or county in the finalizing of their economic development plan;

(18) To require any applicant for a license or renewal of a license to operate an excursion gambling boat to provide an affirmative action plan which has as its goal the use of best efforts to achieve maximum employment of African-Americans and other minorities and maximum participation in the procurement of contractual purchases of goods and services. This provision shall be administered in accordance with all federal and state employment laws, including Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991. At license renewal, the licensee will report on the effectiveness of the plan. The commission shall include the licensee's reported information in its annual report to the joint committee on gaming and wagering;

(19) To take any other action as may be reasonable or appropriate to enforce sections 313.800 to 313.850 and the commission rules.

313.812. 1. **(1)** The commission may issue licenses pursuant to subsection 1 of section 313.807 when it is satisfied that the applicant has complied with all rules and regulations, including an update of all information provided to the commission in the licensee's initial application. The commission shall decide the number, location and type of excursion gambling boat in a city or county under subsection 10 of this section. The license shall set forth the name of the licensee, the type of license granted, the place where the excursion gambling boat will operate [and] **or** dock, including the docking of an excursion gambling boat which is continuously docked, and other information the commission deems appropriate. The commission shall have the ultimate responsibility of deciding the number, location, and type of excursion gambling boats licensed in a city or county; however, any city or county which has complied with the provisions of subsection 10 of this section shall submit to the commission a plan outlining the following:

[**(1)**] **(a)** The recommended number of licensed excursion gambling boats operating in such city or county;

[**(2)**] **(b)** The recommended licensee or licensees operating in such city or county;

[**(3)**] **(c)** The community's economic development or impact and affirmative action plan concerning

minorities' and women's ownership, contracting and employment for the waterfront development;

[(4)] (d) The city or county proposed sharing of revenue with any other municipality;

[(5)] (e) Any other information such city or county deems necessary; and

[(6)] (f) Any other information the commission may determine is necessary.

(2) The commission shall provide for due dates for receiving such plan from the city or county.

2. A license to operate an excursion gambling boat shall only be granted to an applicant upon the express conditions that:

(1) The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 313.817. This section does not prohibit a management contract with a person licensed by the commission; and

(2) The applicant shall not in any manner permit a person other than the licensee and the management licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.

3. The commission shall require, as a condition of granting a license, that an applicant operate an excursion gambling boat which, as nearly as practicable, resembles or is a part of Missouri's or the home dock city's or county's riverboat history.

4. The commission shall encourage through its rules and regulations the use of Missouri resources, goods and services in the operation of any excursion gambling boat.

5. The excursion gambling boat shall provide for nongaming areas, food service and a Missouri theme gift shop. The amount of space used for gaming shall be determined in accordance with all rules and regulations of the commission and, **if applicable**, the United States Coast Guard safety regulations.

6. A license to operate gambling games or to operate an excursion gambling boat shall not be granted unless the applicant has, through clear and convincing evidence, demonstrated financial responsibility sufficient to meet adequately the requirements of the proposed enterprise.

7. Each applicant shall establish by clear and convincing evidence its fitness to be licensed. Without limitation, the commission may deny a license based solely on the fact that there is evidence that any of the following apply:

(1) The applicant has been suspended from operating an excursion gambling boat or a game of chance or gambling operation in another jurisdiction by a board or commission of that jurisdiction;

(2) The applicant is not the true owner of the enterprise proposed;

(3) The applicant is not the sole owner, and other persons have ownership in the enterprise, which fact has not been disclosed;

(4) The applicant is a corporation that is not publicly traded and ten percent or more of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission

approved the sale or transfer during the period of the license;

(5) The applicant has knowingly made a false statement of a material fact to the commission; or

(6) The applicant has failed to meet a valid, bona fide monetary obligation in connection with an excursion gambling boat.

8. A license shall not be granted if the applicant has not established the applicant's good repute and moral character or if the applicant has pled guilty to, or has been convicted of, a felony. No licensee shall employ or contract with any person who has pled guilty to, or has been convicted of, a felony to perform any duties directly connected with the licensee's privileges under a license granted pursuant to this section, except that employees performing nongaming related occupations as determined by the commission shall be exempt from the requirements of this subsection.

9. Except as provided in section 313.817, a licensee shall not lend to any person money or any other thing of value for the purpose of permitting that person to wager on any gambling game authorized by law. This does not prohibit credit card or debit card transactions or cashing of checks. Any check cashed, other than a credit instrument, [must] **shall** be deposited within twenty-four hours. Except for any credit instrument, the commission may require licensees to verify a sufficient account balance exists before cashing any check. Any licensee who violates the provisions of this subsection shall be subject to an administrative penalty of five thousand dollars for each violation. Such administrative penalties shall be assessed and collected by the commission.

10. (1) Gambling excursions including the operation of gambling games on an excursion gambling boat which is not continuously docked shall be allowed only on the Mississippi River and the Missouri River. No license to conduct gambling games on an excursion gambling boat in a city or county shall be issued unless and until the qualified voters of the city or county approve such activities pursuant to this subsection. The question shall be submitted to the qualified voters of the city or county at a general, primary or special election upon the motion of the governing body of the city or county or upon the petition of fifteen percent of the qualified voters of the city or county determined on the basis of the number of votes cast for governor in the city or county at the last election held prior to the filing of the petition.

(2) The question shall be submitted in substantially the following form:

Shall the City (County) of _____ allow the licensing of excursion gambling boats or floating facilities as now or hereafter provided by Missouri gaming law in the city (county)?

☐ YES

☐ NO

(3) If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the commission may license excursion gambling boats in that city or county and such boats may operate on the Mississippi River and the Missouri River. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the commission shall not license such excursion gambling boats in such city or county unless and until the question is again submitted to and approved by a majority of the qualified voters of the city or county at a later election. Excursion gambling boats may only dock in a city or unincorporated area of a county which approves licensing of such excursion gambling boats pursuant to this subsection, but gambling operations may be conducted at any point on the Mississippi River or the Missouri River during an excursion. Those cities and counties which have approved by election pursuant to this subsection,

except those cities or counties which have subsequently rejected by election, the licensing of any type of excursion gambling boats in the city or county prior to April 6, 1994, are exempt from any local election requirement of this section as such previous election shall have the same effect as if held after May 20, 1994.

11. If a docking fee is charged by a city or a county, a licensee operating an excursion gambling boat shall pay the docking fee prior to the start of the excursion season.

12. Any licensee shall not be delinquent in the payment of property taxes or other taxes or fees or in the payment of any other contractual obligation or debt due or owed to the state or a political subdivision of the state.

13. An excursion gambling boat licensed by the state shall meet all of the requirements of chapter 306 and is subject to an inspection of its sanitary facilities to protect the environment and water quality by the commission or its designee before a license to operate an excursion gambling boat is issued by the commission. Licensed excursion gambling boats shall also be subject to such inspections during the period of the license as may be deemed necessary by the commission. The cost of such inspections shall be paid by the licensee.

14. A holder of any license shall be subject to imposition of penalties, suspension or revocation of such license, or if the person is an applicant for licensure, the denial of the application, for any act or failure to act by [himself] **such person** or [his] **such person's** agents or employees, that is injurious to the public health, safety, morals, good order and general welfare of the people of the state of Missouri, or that would discredit or tend to discredit the Missouri gaming industry or the state of Missouri unless the licensee proves by clear and convincing evidence that it is not guilty of such action. The commission shall take appropriate action against any licensee who violates the law or the rules and regulations of the commission. Without limiting other provisions of this subsection, the following acts or omissions may be grounds for such discipline:

(1) Failing to comply with or make provision for compliance with sections 313.800 to 313.850, the rules and regulations of the commission or any federal, state or local law or regulation;

(2) Failing to comply with any rule, order or ruling of the commission or its agents pertaining to gaming;

(3) Receiving goods or services from a person or business entity who does not hold a supplier's license but who is required to hold such license by the provisions of sections 313.800 to 313.850 or the rules and regulations of the commission;

(4) Being suspended or ruled ineligible or having a license revoked or suspended in any state of gaming jurisdiction;

(5) Associating with, either socially or in business affairs, or employing persons of notorious or unsavory reputation or who have extensive police records, or who have failed to cooperate with any officially constituted investigatory or administrative body and would adversely affect public confidence and trust in gaming;

(6) Employing in any gambling games' operation or any excursion gambling boat operation, any person known to have been found guilty of cheating or using any improper device in connection with any gambling game;

(7) Use of fraud, deception, misrepresentation or bribery in securing any permit or license issued pursuant to sections 313.800 to 313.850;

(8) Obtaining or attempting to obtain any fee, charge, or other compensation by fraud, deception, or misrepresentation;

(9) Incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties regulated by sections 313.800 to 313.850.”; and

Further amend the title and enacting clause accordingly.

Senator Bean moved that the above amendment be adopted, which motion prevailed.

Grant us the courage to say what is within our hearts that clarity and comprehension of what we are trying to put forth is clearly understood. And we pray we may find our efforts bring a helpful resolution to what must be addressed. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 271, Page 1, In the Title, Line 5, by inserting after “provision” the following: “, with an emergency clause for a certain section”; and

Further amend said bill, page 7, section 59.100, line 15, by inserting after all of said line the following:

“67.265. 1. For purposes of this section, the term “order” shall mean a public health order, ordinance, rule, or regulation issued by a political subdivision, including by a health officer, local public health agency, public health authority, or the political subdivision’s executive, as such term is defined in section 67.750, in response to an actual or perceived threat to public health for the purpose of preventing the spread of a contagious disease. Notwithstanding any other provision of law to the contrary:

(1) Any order issued during and related to an emergency declared pursuant to chapter 44 that directly or indirectly closes, partially closes, or places restrictions on the opening of or access to any one or more business organizations, churches, schools, or other places of public or private gathering or assembly, including any order, ordinance, rule, or regulation of general applicability or that prohibits or otherwise limits attendance at any public or private gatherings, shall not remain in effect for longer than thirty calendar days in a one hundred eighty-day period, including the cumulative duration of similar orders issued concurrently, consecutively, or successively, and shall automatically expire at the end of the thirty days or as specified in the order, whichever is shorter, unless so authorized by a simple majority vote of the political subdivision’s governing body to extend such order or approve a similar order; provided that such extension or approval of similar orders shall not exceed thirty calendar days in duration and any order may be extended more than once; and

(2) Any order of general applicability issued at a time other than an emergency declared pursuant to chapter 44 that directly or indirectly closes an entire classification of business organizations, churches, schools, or other places of public or private gathering or assembly shall not remain in effect for longer than twenty-one calendar days in a one hundred eighty-day period, including the cumulative duration of similar orders issued concurrently, consecutively, or successively, and shall automatically expire at the end of the twenty-one days or as specified in the order, whichever is shorter, unless so authorized by a two-thirds majority vote of the political subdivision’s governing body to extend such order or approve a similar order; provided that such extension or approval of similar orders may be extended more than once.

2. The governing bodies of the political subdivisions issuing orders under this section shall at all times have the authority to terminate an order issued or extended under this section upon a simple majority vote of the body.

3. In the case of local public health agencies created through an agreement by multiple counties under chapter 70, all of the participating counties’ governing bodies shall be required to approve or terminate orders in accordance with the provisions of this section.

4. Prior to or concurrent with the issuance or extension of any order under subdivisions (1) and (2) of subsection 1 of this section, the health officer, local public health agency, public health authority, or executive shall provide a report to the governing body containing information supporting the need for such order.

5. No political subdivision of this state shall make or modify any orders that have the effect, directly or indirectly, of a prohibited order under this section.

6. No rule or regulation issued by the department of health and senior services shall authorize a local health official, health officer, local public health agency, or public health authority to create or enforce any order, ordinance, rule, or regulation described in section 192.300 or this section that is inconsistent with the provisions of this section.

(2) Impose standards or requirements on an agricultural operation and its appurtenances, as such term is defined in section 537.295, that are inconsistent with or more stringent than any provision of this chapter or chapters 260, 640, 643, and 644, or any rule or regulation promulgated under such chapters.

2. The county commissions and the county health center boards of the several counties may establish reasonable fees to pay for any costs incurred in carrying out such orders, ordinances, rules or regulations, however, the establishment of such fees shall not deny personal health services to those individuals who are unable to pay such fees or impede the prevention or control of communicable disease. Fees generated shall be deposited in the county treasury. All fees generated under the provisions of this section shall be used to support the public health activities for which they were generated.

3. After the promulgation and adoption of such orders, ordinances, rules or regulations by such county commission or county health board, such commission or county health board shall make and enter an order or record declaring such orders, ordinances, rules or regulations to be printed and available for distribution to the public in the office of the county clerk, and shall require a copy of such order to be published in some newspaper in the county in three successive weeks, not later than thirty days after the entry of such order, ordinance, rule or regulation.

4. The county commission or county health board of any such county has full power and authority to initiate the prosecution of any action under this section.

5. Any orders, ordinances, rules, or regulations made and promulgated under the authority in this section shall comply with the provisions of section 67.265.”; and

SENATE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 271, Page 5, Section 37.1098, Line 13, by inserting after all of said line the following:

“49.310. 1. Except as provided in sections 221.400 to 221.420 and subsection 2 of this section, the county commission in each county in this state shall erect and maintain at the established seat of justice a good and sufficient courthouse, jail and necessary fireproof buildings for the preservation of the records of the county; except that in counties having a special charter, the jail or workhouse may be located at any place within the county. In pursuance of the authority herein delegated to the county commission, the county commission may acquire a site, construct, reconstruct, remodel, repair, maintain and equip the courthouse and jail, and in counties wherein more than one place is provided by law for holding of court, the county commission may buy and equip or acquire a site and construct a building or buildings to be used as a courthouse and jail, and may remodel, repair, maintain and equip buildings in both places. The county commission may issue bonds as provided by the general law covering the issuance of bonds by counties for the purposes set forth in this section. In bond elections for these purposes in counties wherein more than one place is provided by law for holding of court, a separate ballot question may be submitted covering proposed expenditures in each separate site described therein, or a single ballot question may be submitted covering proposed expenditures at more than one site, if the amount of the proposed expenditures at each of the sites is specifically set out therein.

2. The county commission in all counties of the fourth classification and any county of the third, second, or first classification may provide for the erection and maintenance of a good and sufficient jail or holding cell facility at a site in the county other than at the established seat of justice.

3. In the absence of a local agreement otherwise, for any courthouse that contains both county offices and court facilities, the presiding judge of the circuit may establish rules and procedures for court facilities and areas necessary for court-related ingress, court-related egress and other reasonable court-related usage, but the county commission shall have authority over all other areas of the courthouse.”; and

Further amend said bill, page 6, Section 50.166, line 29, by inserting after all of said line the following:

“50.660. All contracts shall be executed in the name of the county, or in the name of a township in a county with a township form of government, by the head of the department or officer concerned, except contracts for the purchase of supplies, materials, equipment or services other than personal made by the officer in charge of purchasing in any county or township having the officer. No contract or order imposing any financial obligation on the county or township is binding on the county or township unless it is in writing and unless there is a balance otherwise unencumbered to the credit of the appropriation to which it is to be charged and a cash balance otherwise unencumbered in the treasury to the credit of the fund from which payment is to be made, each sufficient to meet the obligation incurred and unless the contract or order bears the certification of the accounting officer so stating; except that in case of any contract for public works or buildings to be paid for from bond funds or from taxes levied for the purpose it is sufficient for

the accounting officer to certify that the bonds or taxes have been authorized by vote of the people and that there is a sufficient unencumbered amount of the bonds yet to be sold or of the taxes levied and yet to be collected to meet the obligation in case there is not a sufficient unencumbered cash balance in the treasury. All contracts and purchases shall be let to the lowest and best bidder after due opportunity for competition, including advertising the proposed letting in a newspaper in the county or township with a circulation of at least five hundred copies per issue, if there is one, except that the advertising is not required in case of contracts or purchases involving an expenditure of less than [six] **twelve** thousand dollars. It is not necessary to obtain bids on any purchase in the amount of [six] **twelve** thousand dollars or less made from any one person, firm or corporation during any period of ninety days. All bids for any contract or purchase may be rejected and new bids advertised for. Contracts which provide that the person contracting with the county or township shall, during the term of the contract, furnish to the county or township at the price therein specified the supplies, materials, equipment or services other than personal therein described, in the quantities required, and from time to time as ordered by the officer in charge of purchasing during the term of the contract, need not bear the certification of the accounting officer, as herein provided; but all orders for supplies, materials, equipment or services other than personal shall bear the certification. In case of such contract, no financial obligation accrues against the county or township until the supplies, materials, equipment or services other than personal are so ordered and the certificate furnished.

50.783. 1. The county commission may waive the requirement of competitive bids or proposals for supplies when the commission has determined in writing and entered into the commission minutes that there is only a single feasible source for the supplies. Immediately upon discovering that other feasible sources exist, the commission shall rescind the waiver and proceed to procure the supplies through the competitive processes as described in this chapter. A single feasible source exists when:

- (1) Supplies are proprietary and only available from the manufacturer or a single distributor; or
- (2) Based on past procurement experience, it is determined that only one distributor services the region in which the supplies are needed; or
- (3) Supplies are available at a discount from a single distributor for a limited period of time.

2. On any single feasible source purchase where the estimated expenditure is over [six] **twelve** thousand dollars, the commission shall post notice of the proposed purchase and advertise the commission's intent to make such purchase in at least one daily and one weekly newspaper of general circulation in such places as are most likely to reach prospective bidders or offerors and may provide such information through an electronic medium available to the general public at least ten days before the contract is to be let.

3. Notwithstanding subsection 2 of this section to the contrary, on any single feasible service purchase by any county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants or any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants where the estimated expenditure is over [six] **twelve** thousand dollars, the commission shall post notice of the proposed purchase and advertise the commission's intent to make such purchase in at least one daily and one weekly newspaper of general circulation in such places as are most likely to reach prospective bidders or offerors and may provide such information through an electronic medium available to the general public at least ten days before the contract is to be let.”; and

Further amend said bill, page 7, Section 59.100, line 15, by inserting after all of said line the following:

“115.646. No contribution or expenditure of public funds shall be made directly by any officer, employee or agent of any political subdivision, **including school districts and charter schools**, to advocate, support, or oppose **the passage or defeat of any ballot measure or the nomination or election of any candidate for public office, or to direct any public funds to, or pay any debts or obligations of, any committee supporting or opposing such ballot measures or candidates**. This section shall not be construed to prohibit any public official of a political subdivision, **including school districts and charter schools**, from making public appearances or from issuing press releases concerning any such ballot measure. **Any purposeful violation of this section shall be punished as a class four election offense.**

221.105. 1. The governing body of any county and of any city not within a county shall fix the amount to be expended for the cost of incarceration of prisoners confined in jails or medium security institutions. The per diem cost of incarceration of these prisoners chargeable by the law to the state shall be determined, subject to the review and approval of the department of corrections.

2. When the final determination of any criminal prosecution shall be such as to render the state liable for costs under existing laws, it shall be the duty of the sheriff to certify to the clerk of the circuit court or court of common pleas in which the case was determined the total number of days any prisoner who was a party in such case remained in the county jail. It shall be the duty of the county commission to supply the cost per diem for county prisons to the clerk of the circuit court on the first day of each year, and thereafter whenever the amount may be changed. It shall then be the duty of the clerk of the court in which the case was determined to include in the bill of cost against the state all fees which are properly chargeable to the state. In any city not within a county it shall be the duty of the superintendent of any facility boarding prisoners to certify to the chief executive officer of such city not within a county the total number of days any prisoner who was a party in such case remained in such facility. It shall be the duty of the superintendents of such facilities to supply the cost per diem to the chief executive officer on the first day of each year, and thereafter whenever the amount may be changed. It shall be the duty of the chief executive officer to bill the state all fees for boarding such prisoners which are properly chargeable to the state. The chief executive may by notification to the department of corrections delegate such responsibility to another duly sworn official of such city not within a county. The clerk of the court of any city not within a county shall not include such fees in the bill of costs chargeable to the state. The department of corrections shall revise its criminal cost manual in accordance with this provision.

3. Except as provided under subsection 6 of section 217.718, the actual costs chargeable to the state, including those incurred for a prisoner who is incarcerated in the county jail because the prisoner's parole or probation has been revoked or because the prisoner has, or allegedly has, violated any condition of the prisoner's parole or probation, and such parole or probation is a consequence of a violation of a state statute, or the prisoner is a fugitive from the Missouri department of corrections or otherwise held at the request of the Missouri department of corrections regardless of whether or not a warrant has been issued shall be the actual cost of incarceration not to exceed:

(1) Until July 1, 1996, seventeen dollars per day per prisoner;

(2) On and after July 1, 1996, twenty dollars per day per prisoner;

(3) On and after July 1, 1997, up to thirty-seven dollars and fifty cents per day per prisoner, subject to appropriations[, but not less than the amount appropriated in the previous fiscal year].

4. The presiding judge of a judicial circuit may propose expenses to be reimbursable by the state on

behalf of one or more of the counties in that circuit. Proposed reimbursable expenses may include pretrial assessment and supervision strategies for defendants who are ultimately eligible for state incarceration. A county may not receive more than its share of the amount appropriated in the previous fiscal year, inclusive of expenses proposed by the presiding judge. Any county shall convey such proposal to the department, and any such proposal presented by a presiding judge shall include the documented agreement with the proposal by the county governing body, prosecuting attorney, at least one associate circuit judge, and the officer of the county responsible for custody or incarceration of prisoners of the county represented in the proposal. Any county that declines to convey a proposal to the department, pursuant to the provisions of this subsection, shall receive its per diem cost of incarceration for all prisoners chargeable to the state in accordance with the provisions of subsections 1, 2, and 3 of this section.”; and

Further amend said bill, page 10, Section 451.040, line 103, by inserting after all of said line the following:

“476.083. 1. In addition to any appointments made pursuant to section 485.010, the presiding judge of each circuit containing one or more facilities operated by the department of corrections with an average total inmate population in all such facilities in the circuit over the previous two years of more than two thousand five hundred inmates or containing, as of January 1, 2016, a diagnostic and reception center operated by the department of corrections and a mental health facility operated by the department of mental health which houses persons found not guilty of a crime by reason of mental disease or defect under chapter 552 and provides sex offender rehabilitation and treatment services (SORTS) may appoint a circuit court marshal to aid the presiding judge in the administration of the judicial business of the circuit by overseeing the physical security of [the courthouse,] **court facilities, including courtrooms, jury rooms, and chambers or offices of the court;** serving court-generated papers and orders[.]; and assisting the judges of the circuit as the presiding judge determines appropriate. Such circuit court marshal appointed pursuant to the provisions of this section shall serve at the pleasure of the presiding judge. The circuit court marshal authorized by this section is in addition to staff support from the circuit clerks, deputy circuit clerks, division clerks, municipal clerks, and any other staff personnel which may otherwise be provided by law.

2. The salary of a circuit court marshal shall be established by the presiding judge of the circuit within funds made available for that purpose, but such salary shall not exceed ninety percent of the salary of the highest paid sheriff serving a county wholly or partially within that circuit. Personnel authorized by this section shall be paid from state funds or federal grant moneys which are available for that purpose and not from county funds.

(2) For property tax liabilities incurred on or after January 1, 2020, and on or before December 31, 2020, the collector of any county with a charter form of government and with more than nine hundred fifty thousand inhabitants may enter into an agreement with any taxpayer for the payment of any amount of tax not paid at the time required by law, including a waiver or reduction of penalties and interest on such taxes, provided that any such agreement shall require such taxes to be paid to the collector or postmarked by no later than January 8, 2021.

(3) For any taxpayer that has paid penalties and interest on property tax liabilities not paid at the time required by law, and such penalties and interest are subsequently reduced or waived through an agreement entered into pursuant to subdivision (2) of this subsection, that portion of penalties and interest paid and subsequently reduced or waived may be credited to the taxpayer on such taxpayer's tax liability for the subsequent year. The county may reduce on a pro-rata basis any distributions to taxing jurisdictions by the amount of any penalties and interest from late payments from the 2020 tax year that were collected and distributed, but were then subsequently reduced or waived pursuant to subdivision (2) of this subsection.

In the event any payment of taxes due is sent by registered or certified mail, the date of registration or certification shall be deemed the postmark date. No additional tax or penalty shall be imposed under this section on any taxpayer whose payment is delivered by United States mail, if the postmark date stamped on the envelope or other cover containing such payment falls within the prescribed period or on or before the prescribed date, including any extension granted, for making the payment or if the postmaster for the jurisdiction where the payment was mailed verifies in writing that the payment was deposited in the United States mail within the prescribed period or on or before the prescribed date, including any extension granted, for making the

payment, and was delayed in delivery because of an error by the United States postal service and not because of an error by the taxpayer. SENATE AMENDMENT NO. 9

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 271, Page 7, Section 59.100, Line 15, by inserting after all of said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor’s deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor’s city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor’s books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year, **provided that no real residential property shall be assessed at a value that exceeds the previous assessed value for such property, exclusive of new construction and improvements, by more than the percentage increase in the consumer price index or five percent, whichever is greater.** The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor’s plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

- (1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal

techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word “comparable” means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines

that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and

improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential

in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend the title and enacting clause accordingly.

SENATE AMENDMENT NO. 15

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 271, Page 7, Section 59.100, Line 15, by inserting after all of said line the following:

“91.025. 1. As used in this section, the following terms mean:

(1) “Municipally owned or operated electric power system”, a system for the distribution of electrical power and energy to the inhabitants of a municipality which is owned and operated by the municipality itself, whether operated under authority pursuant to this chapter or under a charter form of government;

(2) “Permanent service”, electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure’s anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(3) “Structure” or “structures”, an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical corporation, rural electric cooperative, municipally owned or operated electric power system, or joint municipal utility commission. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a municipally owned or operated electrical system, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by a customer, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over municipally owned or operated electric systems to accomplish the purpose of this section. The commission’s jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such municipally owned or operated electrical system, and nothing in this section, section 393.106, and section 394.315 shall affect the rights, privileges or duties of any municipality to form or operate municipally owned or operated electrical systems. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it

occurred.

3. Notwithstanding the provisions of this section, section 393.106, section 394.080, and section 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

386.800. 1. No municipally owned electric utility may provide electric energy at retail to any structure located outside the municipality's corporate boundaries after July 11, 1991, unless:

(1) The structure was lawfully receiving permanent service from the municipally owned electric utility prior to July 11, 1991; or

(2) The service is provided pursuant to an approved territorial agreement under section 394.312; **or**

(3) The service is provided pursuant to lawful municipal annexation and subject to the provisions of this section; or

(4) The structure is located in an area which was previously served by an electrical corporation regulated under chapter 386, and chapter 393, and the electrical corporation's authorized service territory was contiguous to or inclusive of the municipality's previous corporate boundaries, and the electrical corporation's ownership or operating rights within the area were acquired in total by the municipally owned electrical system prior to July 11, 1991. In the event that a municipally owned electric utility in a city with a population of more than one hundred twenty-five thousand located in a county of the first class not having a charter form of government and not adjacent to any other county of the first class desires to serve customers beyond the authorized service territory in an area which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as provided in this subdivision, **in the absence of an approved territorial agreement under section 394.312** the municipally owned utility shall apply to the public service commission for an order assigning nonexclusive service territories **and concurrently shall provide written notice of the application to other electric service suppliers with electric facilities located in or within one mile outside of the boundaries of the proposed expanded service territory.** The proposed service area shall be contiguous to the authorized service territory which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as a condition precedent to the granting of the application. The commission shall have one hundred twenty days from the date of application to grant or deny the requested order. The commission **after hearing** may grant the order upon a finding that granting of the applicant's request is not detrimental to the public interest. In granting the applicant's request the commission shall give due regard to territories previously granted to **or served by** other electric service suppliers **and the wasteful duplication of electric service facilities.**

2. Any municipally owned electric utility may extend, pursuant to lawful annexation, its **electric** service territory to include [any structure located within a newly annexed area which has not received permanent service from another supplier within ninety days prior to the effective date of the annexation] **areas where another electric supplier currently is not providing permanent service to a structure. If a rural electric cooperative has existing electric service facilities with adequate and necessary service capability located in or within one mile outside the boundaries of the area proposed to be annexed, a majority of the existing developers, landowners, or prospective electric customers in the area proposed to be annexed may, anytime within forty-five days prior to the effective date of the**

annexation, submit a written request to the governing body of the annexing municipality to invoke mandatory good faith negotiations under section 394.312 to determine which electric service supplier is best suited to serve all or portions of the newly annexed area. In such negotiations the following factors shall be considered, at a minimum:

- (1) The preference of landowners and prospective electric customers;**
- (2) The rates, terms, and conditions of service of the electric service suppliers;**
- (3) The economic impact on the electric service suppliers;**
- (4) Each electric service supplier's operational ability to serve all or portions of the annexed area within three years of the date the annexation becomes effective;**
- (5) Avoiding the wasteful duplication of electric facilities;**
- (6) Minimizing unnecessary encumbrances on the property and landscape within the area to be annexed; and**
- (7) Preventing the waste of materials and natural resources.**

If the municipally owned electric utility and rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then they may submit proposals to those submitting the original written request, whose preference shall control, section 394.080 to the contrary notwithstanding, and the governing body of the annexing municipality shall not reject the petition requesting annexation based on such preference. This subsection shall not apply to municipally-owned property in any newly annexed area.

3. In the event an electrical corporation rather than a municipally-owned electric utility lawfully is providing electric service in the municipality, all the provisions of subsection 2 shall apply equally as if the electrical corporation were a municipally-owned electric utility, except that if the electrical corporation and the rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then either electric service supplier may file an application with the commission for an order determining which electric service supplier should serve, in whole or in part, the area to be annexed. The application shall be made pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. The commission after the opportunity for hearing shall make its determination after consideration of the factors set forth in subdivisions (1) through (7) of subsection 2 of this section, and section 394.080 to the contrary notwithstanding, may grant its order upon a finding that granting of the applicant's request is not detrimental to the public interest. The commission shall issue its decision by report and order no later than one hundred twenty days from the date of the application unless otherwise ordered by the commission for good cause shown. Review of such commission decisions shall be governed by sections 386.500 to 386.550. If the applicant is a rural electric cooperative, the commission shall charge to the rural electric cooperative the appropriate fees as set forth in subsection 9 of this section.

[3.] 4. When a municipally owned electric utility desires to extend its service territory to include any structure located within a newly annexed area which has received permanent service from another electric service supplier within ninety days prior to the effective date of the annexation, it shall:

- (1) Notify by publication in a newspaper of general circulation the record owner of said structure, and**

notify in writing any affected electric **service** supplier and the public service commission, within sixty days after the effective date of the annexation its desire to extend its service territory to include said structure; and

(2) Within six months after the effective date of the annexation receive the approval of the municipality's governing body to begin negotiations pursuant to section 394.312 with [any] **the** affected electric **service** supplier.

[4.] **5.** Upon receiving approval from the municipality's governing body pursuant to subsection [3] **4** of this section, the municipally owned electric utility and the affected electric **service** supplier shall meet and negotiate in good faith the terms of the territorial agreement and any transfers or acquisitions, including, as an alternative, granting the affected electric **service** supplier a franchise or authority to continue providing service in the annexed area. In the event that the affected electric **service** supplier does not provide wholesale electric power to the municipality, if the affected electric **service** supplier so desires, the parties [shall] **may** also negotiate, consistent with applicable law, regulations and existing power supply agreements, for power contracts which would provide for the purchase of power by the municipality from the affected electric **service** supplier for an amount of power equivalent to the loss of any sales to customers receiving permanent service at structures within the annexed areas which are being sought by the municipally owned electric utility. The parties shall have no more than one hundred eighty days from the date of receiving approval from the municipality's governing body within which to conclude their negotiations and file their territorial agreement with the commission for approval under the provisions of section 394.312. The time period for negotiations allowed under this subsection may be extended for a period not to exceed one hundred eighty days by a mutual agreement of the parties and a written request with the public service commission.

[5.] **6.** For purposes of this section, the term "fair and reasonable compensation" shall mean the following:

(1) The present-day reproduction cost, new, of the properties and facilities serving the annexed areas, less depreciation computed on a straight-line basis; and

(2) An amount equal to the reasonable and prudent cost of detaching the facilities in the annexed areas and the reasonable and prudent cost of constructing any necessary facilities to reintegrate the system of the affected electric **service** supplier outside the annexed area after detaching the portion to be transferred to the municipally owned electric utility; and

(3) [Four] **Two** hundred percent of gross revenues less gross receipts taxes received by the affected electric **service** supplier from the twelve-month period preceding the approval of the municipality's governing body under the provisions of subdivision (2) of subsection [3] **4** of this section, normalized to produce a representative usage from customers at the subject structures in the annexed area; and

(4) Any federal, state and local taxes which may be incurred as a result of the transaction, including the recapture of any deduction or credit; and

(5) Any other costs reasonably incurred by the affected electric supplier in connection with the transaction.

[6.] **7.** In the event the parties are unable to reach an agreement under subsection [4] **5** of this section, within sixty days after the expiration of the time specified for negotiations, the municipally owned electric utility **or the affected electric service supplier** may apply to the commission for an order assigning

exclusive service territories within the annexed area and a determination of the fair and reasonable compensation amount to be paid to the affected electric **service** supplier under subsection [5] 6 of this section. Applications shall be made and notice of such filing shall be given to all affected parties pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. Unless otherwise ordered by the commission for good cause shown, the commission shall rule on such applications not later than one hundred twenty days after the application is properly filed with the secretary of the commission. The commission shall hold evidentiary hearings to assign service territory between **the** affected electric **service** suppliers inside the annexed area and to determine the amount of compensation due any affected electric **service** supplier for the transfer of plant, facilities or associated lost revenues between electric **service** suppliers in the annexed area. The commission shall make such determinations based on findings of what best serves the public interest and shall issue its decision by report and order. Review of such commission decisions shall be governed by sections 386.500 to 386.550. The payment of compensation and transfer of title and operation of the facilities shall occur within ninety days after the order and any appeal therefrom becomes final unless the order provides otherwise.

[7.] **8.** In reaching its decision under subsection 6 of this section, the commission shall consider the following factors:

(1) Whether the acquisition or transfers sought by the municipally owned electric utility within the annexed area from the affected electric **service** supplier are, in total, in the public interest, including **the preference of the owner of any affected structure**, consideration of rate disparities between the competing electric **service** suppliers, and issues of unjust rate discrimination among customers of a single electric **service** supplier if the rates to be charged in the annexed areas are lower than those charged to other system customers; and

(2) The fair and reasonable compensation to be paid by the municipally owned electric utility, to the affected electric **service** supplier with existing system operations within the annexed area, for any proposed acquisitions or transfers; and

(3) Any effect on system operation, including, but not limited to, loss of load and loss of revenue; and

(4) Any other issues upon which the municipally owned electric utility and the affected electric **service** supplier might otherwise agree, including, but not limited to, the valuation formulas and factors contained in subsections [4, 5 and 6] **5, 6, and 7**, of this section, even if the parties could not voluntarily reach an agreement thereon under those subsections.

[8.] **9.** The commission is hereby given all necessary jurisdiction over municipally owned electric utilities and rural electric cooperatives to carry out the purposes of this section consistent with other applicable law; provided, however, the commission shall not have jurisdiction to compel the transfer of customers or structures with a connected load greater than one thousand kilowatts. The commission shall by rule set appropriate fees to be charged on a case-by-case basis to municipally owned electric utilities and rural electric cooperatives to cover all necessary costs incurred by the commission in carrying out its duties under this section. **Nothing in this section shall be construed as otherwise conferring upon the public service commission jurisdiction over the service, rates, financing, accounting, or management of any rural electric cooperative or municipally owned electric utility, except as provided in this section.**

10. Notwithstanding sections 394.020 and 394.080 to the contrary, a rural electric cooperative may provide electric service within the corporate boundaries of a municipality if such service is provided:

(1) Pursuant to subsections 2 through 9 of this section; and

(2) Such service is conditioned upon the execution of the appropriate territorial and municipal franchise agreements, which may include a nondiscriminatory requirement, consistent with other applicable law, that the rural electric cooperative collect and remit a sales tax based on the amount of electricity sold by the rural electric cooperative within the municipality.

393.106. 1. As used in this section, the following terms mean:

(1) “Permanent service”, electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure’s anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(2) “Structure” or “structures”, an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once an electrical corporation or joint municipal utility commission, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential. The commission’s jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing corporations pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11, 1991.

3. Notwithstanding the provisions of this section, section 91.025, section 394.080, and section 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

394.020. In this chapter, unless the context otherwise requires,

(1) “Member” means each incorporator of a cooperative and each person admitted to and retaining membership therein, and shall include a husband and wife admitted to joint membership;

(2) “Person” includes any natural person, firm, association, corporation, business trust, partnership, federal agency, state or political subdivision or agency thereof, or any body politic; and

(3) “Rural area” shall be deemed to mean any area of the United States not included within the boundaries of any city, town or village having a population in excess of fifteen hundred inhabitants, and such term shall be deemed to include both the farm and nonfarm population thereof. **The number of inhabitants specified in this subsection shall be increased by six percent every ten years after each decennial census beginning in 2030.**

394.315. 1. As used in this section, the following terms mean:

(1) “Permanent service”, electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure’s anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(2) “Structure” or “structures”, an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on [a rural electric cooperative] **an electric supplier** to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a rural electric cooperative, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over rural electric cooperatives to accomplish the purpose of this section. The commission’s jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided herein, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such cooperative, and except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing cooperatives pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11,

1991.

3. Notwithstanding the provisions of this section, section 91.025, section 393.106, and section 394.080 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.”; and

“620.2450. 1. A grant program is hereby established under sections 620.2450 to 620.2458 to award grants to applicants who seek to expand access to broadband internet service in unserved and underserved areas of the state. The department of economic development shall administer and act as the fiscal agent for the grant program and shall be responsible for receiving and reviewing grant applications and awarding grants under sections 620.2450 to 620.2458. Funding for the grant program established under this section shall be subject to appropriation by the general assembly.

2. Any funds allocated by the state of Missouri for the purposes of the construction of broadband infrastructure shall be distributed by the state subject to the provisions of this grant program unless the provisions of sections 620.2450 to 620.2458 would be out of compliance with any regulations placed on the receipt of such funds and would thus prohibit the expenditure of such funds.

3. As used in sections 620.2450 to 620.2458, the following terms shall mean:

(1) “Underserved area”, a project area without access to wireline or fixed wireless broadband internet service of speeds of at least twenty-five megabits per-second download and three megabits per-second upload;

(2) “Unserved area”, a project area without access to wireline or fixed wireless broadband internet service of speeds of at least ten megabits per-second download and one megabit per-second upload.

620.2456. 1. The department of economic development shall not award any grant to an otherwise eligible grant applicant where funding from the Connect America Fund [has] **or Rural Digital Opportunity Funds have** been awarded, where high-cost support from the federal Universal Service Fund has been received by rate of return carriers, or where any other federal funding has been awarded which did not require any matching-fund component, for any portion of the proposed project area, nor shall any grant money be used to serve any retail end user that already has access to wireline or fixed wireless broadband internet service of speeds of at least twenty-five megabits per-second download and three megabits per-

second upload.

2. No grant awarded under sections 620.2450 to 620.2458, when combined with any federal, state, or local funds, shall fund more than fifty percent of the total cost of a project.

4. The department of economic development shall endeavor to award grants under sections 620.2450 to 620.2458 to qualified applicants in all regions of the state.

5. An award granted under sections 620.2450 to 620.2458 shall not:

(1) Require an open access network;

(2) Impose rates, terms, and conditions that differ from what a provider offers in other areas of its service area;

(3) Impose any rate, service, or any other type of regulation beyond speed requirements set forth in section 620.2451; or

(4) Impose an unreasonable time constraint on the time to build the service.

6. If a grant recipient fails to establish the speed requirements set forth in section 620.2451, then the grant recipient shall return all grant moneys to the department.

620.2460. 1. No federal funds received by the state, political subdivision, city, town, or village through the American Recovery Plan or any other federally passed COVID-19 Relief legislation shall be expended for the construction of broadband internet infrastructure unless the project to be constructed is located in an “unserved area” or “underserved area” as such terms are described in section 620.2450 and such project will provide broadband internet service to customers at speeds of at least twenty-five megabits per-second download and three megabits per-second upload and must be scalable to higher speeds.

2. Prior to a political subdivision, city, town, or village authorizing an expenditure for the construction of broadband infrastructure, the office of broadband development shall certify the project is located within an “unserved area” or “underserved area” as such terms are described in section 620.2450.

3. 4. A broadband internet service provider that provides existing service within the census block the project is located may submit to the department of economic development, within forty-five days of notification by the office of broadband development, a written challenge to an application. Such challenge shall contain information demonstrating that:

(1) The provider currently provides broadband internet service to retail customers within the proposed unserved or underserved area;

(2) The provider has taken affirmative steps to begin the process of construction to provide broadband internet service to retail customers within the proposed unserved or underserved area;

or

(3) The provider has been designated funding through federal programs to support the deployment or expansion of broadband networks in the proposed unserved or underserved area.

5. Within three business days of the submission of a written challenge, the department of economic development shall notify the political subdivision, municipality, town, or village.

6. The department of economic development shall evaluate each challenge submitted under this section. If the department determines the challenge to be valid, the project shall not be considered to be in an “unserved area” or “underserved area” the expenditure by the political subdivision, municipality, town, or village shall be prohibited. However, an area shall be considered an unserved or underserved area if the federal funding award supporting a challenge under paragraph (3) of subsection 4 is forfeited or upon disqualification of the recipient entity awarded federal funding for that geographic area.”; and

For the purposes of this paragraph, local sales taxes imposed by taxing entities described in paragraphs (a) and (b) of this subdivision in a given taxing jurisdiction shall not be included in the calculation of the total combined rate of sales taxes under this paragraph.

(5) For the purposes of subdivision (4) of this subsection, no transient guest tax or convention and tourism tax, including sections 92.325 to 92.340, shall be considered a local sales tax under the local sales tax law.

(6) (a) In any election in which more than one sales tax levy is approved by the voters, and the passage of such levies results in a combined rate of sales tax in excess of the limits provided for under subdivision (4) of this subsection, only the sales tax levy receiving the most votes shall become effective, provided such levy does not result in a combined rate of sales tax in excess of the limits provided for under subdivision (4) of this subsection.

(b) No taxing jurisdiction with a combined rate of sales tax in excess of the rates provided in subdivision (4) of this subsection as of August 28, 2021, shall be required to reduce or repeal any such sales tax rate.

4. The brackets required to be established by the director of revenue under the provisions of section 144.285 shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. (1) The ordinance or order imposing a local sales tax under the local sales tax law shall impose a tax upon all transactions upon which the Missouri state sales tax is imposed to the extent and in the manner provided in sections 144.010 to 144.525, and the rules and regulations of the director of revenue issued

pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

(2) Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2022, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the _____ (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in a reduction of local revenue to provide for vital services for _____ (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November 2022, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that had previously imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2022, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election, and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a

licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election pursuant to subdivision (2) of this subsection, such cessation shall take effect on March 1, 2023.

(8) Notwithstanding any provision of law to the contrary, if any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed after the general election in November 2014, or if the taxing jurisdiction failed to present the ballot to the voters at a general election on or before November 2022, then the governing body of such taxing jurisdiction may, at any election subsequent to the repeal or after the general election in November 2022, if the jurisdiction failed to present the ballot to the voters, place before the voters the issue of imposing a sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 that were purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:

Shall the _____ (local jurisdiction's name) apply and collect the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer?

Approval of this measure will result in an increase of local revenue to provide for vital services for _____ (local jurisdiction's name), and it will remove a competitive advantage that non-Missouri dealers of motor vehicles, outboard motors, boats, and trailers have over Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(9) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is adopted, such tax shall take effect and be imposed on the first day of the second calendar quarter after the election.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax

for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, the sales tax upon the titling of all motor vehicles, trailers, boats, and outboard motors shall be imposed at the rate in effect at the location of the residence of the purchaser, and remitted to that local taxing entity, and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as

amended.

13. Local sales taxes shall not be imposed on the seller of motor vehicles, trailers, boats, and outboard motors required to be titled under the laws of the state of Missouri, but shall be collected from the purchaser by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results

of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.”; and

Further amend the title and enacting clause accordingly.

Senator Hough moved that the above amendment be adopted, which motion prevailed.

When an unincorporated sewer subdistrict of a common sewer district has been formed pursuant to sections 204.565 to 204.573, the board of trustees of the common sewer district shall have the same powers with regard to the subdistrict as for the common sewer district as a whole, plus the following additional powers:

(1) To enter into agreements to accept, take title to, or otherwise acquire, and to operate such sewers, sewer systems, treatment and disposal facilities, and other property, both real and personal, of the political subdivisions included in the subdistrict as the board determines to be in the interest of the common sewer district to acquire or operate, according to such terms and conditions as the board finds reasonable, provided that such authority shall be in addition to the powers of the board of trustees pursuant to section 204.340;

4. The tax credit allowed by this section shall be claimed by such taxpayer at the time such taxpayer files a return and shall be applied against the income tax liability imposed by chapter 143 after reduction for all other credits allowed thereon. 3. Other acts [which] **that** are not specified, but [which] **that** violate sections 281.010 to 281.115 or regulations issued thereunder, shall nevertheless be unlawful.

301.033. 1. **Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the**

director of revenue shall establish a system of registration on a calendar year basis of all farm vehicles, as defined in section 302.700, owned or purchased by a farm vehicle fleet owner registered under this section. The director of revenue shall prescribe the forms for such farm vehicle fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of more than one farm vehicle which is required to be registered under this chapter may, at his or her option, register a fleet of farm vehicles on a calendar year or biennial basis under this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of a fleet of farm vehicles registered under this section.

2. All farm vehicles included in the fleet of a registered farm vehicle fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the farm vehicle fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a farm vehicle fleet shall be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the farm vehicle fleet which are required to be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee, and when licensed on or after January first the fee shall be one-fourth the annual fee. If biennial registration is sought for vehicles added to a farm vehicle fleet, an additional year's annual fee shall be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a farm vehicle fleet purchases or otherwise acquires a farm vehicle which is to be added to the farm vehicle fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The farm vehicle fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred under this subsection.

4. Except as specifically provided in this subsection, all farm vehicles registered under this section shall be issued a special license plate which shall have the words "Farm Fleet Vehicle" and shall meet the requirements prescribed by section 301.130. Farm fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

5. The director shall make all necessary rules and regulations for the administration of this section and shall design all necessary forms required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking

authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.”; and

No person shall engage in the practice of pharmacy unless he or she is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of

medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a collaborative practice arrangement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's

prescription order.

12. In addition to other requirements established by the joint promulgation of rules by the board of pharmacy and the state board of registration for the healing arts:

(1) A pharmacist shall administer vaccines by protocol in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

(3) In addition to other requirements by the board, a pharmacist shall receive additional training as required by the board and evidenced by receiving a certificate from the board upon completion, and shall display the certification in his or her pharmacy where vaccines are delivered.

13. A pharmacist shall inform the patient that the administration of the vaccine will be entered into the ShowMeVax system, as administered by the department of health and senior services. The patient shall attest to the inclusion of such information in the system by signing a form provided by the pharmacist. If the patient indicates that he or she does not want such information entered into the ShowMeVax system, the pharmacist shall provide a written report within fourteen days of administration of a vaccine to the patient’s [primary] health care provider, if provided by the patient, containing:

- (1) The identity of the patient;
- (2) The identity of the vaccine or vaccines administered;
- (3) The route of administration;
- (4) The anatomic site of the administration;
- (5) The dose administered; and
- (6) The date of administration.

338.730. 1. Notwithstanding any other law to the contrary, a pharmacist may dispense HIV postexposure prophylaxis in accordance with this section. Such prophylaxis shall be dispensed only if the pharmacist follows a written protocol authorized by a licensed physician.

2. For purposes of this section, “postexposure prophylaxis” shall mean any drug approved by the Food and Drug Administration that meets the same clinical eligibility recommendations provided in CDC guidelines.

3. For purposes of this section, “CDC guidelines” shall mean the current HIV guidelines published by the federal Centers for Disease Control and Prevention.

4. The state board of registration for the healing arts and the state board of pharmacy shall jointly promulgate rules and regulations for the administration of this section. Neither board shall separately

promulgate rules governing a pharmacist's authority to dispense HIV postexposure prophylaxis under this section.

5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.”; and

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 176, Page 16, Section 301.010, Line 332, by inserting after all of said section and line the following:

“301.558. 1. A motor vehicle dealer, boat dealer, or powersport dealer may fill in the blanks on standardized forms in connection with the sale or lease of a new or used motor vehicle, vessel, or vessel trailer if the motor vehicle dealer, boat dealer, or powersport dealer does not charge for the services of filling in the blanks or otherwise charge for preparing documents.

2. A motor vehicle dealer, boat dealer, or powersport dealer may charge an administrative fee in connection with the sale or lease of a new or used motor vehicle, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services not prohibited by this section. A portion of the administrative fee may result in profit to the motor vehicle dealer, boat dealer, or powersport dealer.

3. (1) Ten percent of any fee authorized under this section and charged by motor vehicle dealers shall be remitted to the motor vehicle administration technology fund established in this subsection, for the development of the system specified in this subsection. Following the development of the system specified in this subsection, the director of the department of revenue shall notify motor vehicle dealers and implement the system, and the percentage of any fee authorized under this section required to be remitted to the fund shall be reduced to one percent, which shall be used for maintenance of the system. This subsection shall expire on January 1, 2037.

(2) There is hereby created in the state treasury the “Motor Vehicle Administration Technology Fund”, which shall consist of money collected as specified in this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the purpose of development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver’s licenses and identification cards, and perfection and release of liens and encumbrances on vehicles.

(3) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(4) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. No motor vehicle dealer, boat dealer, or powersport dealer that sells or leases new or used motor

vehicles, vessels, or vessel trailers and imposes an administrative fee of [less than two] **five** hundred dollars **or less** in connection with the sale or lease of a new or used vehicle, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services shall be deemed to be engaging in the unauthorized practice of law. **The maximum administrative fee permitted under this subsection shall be increased annually by an amount equal to the percentage change in the annual average of the Consumer Price Index for All Urban Consumers or its successor index, as reported by the federal Bureau of Labor Statistics or its successor agency, or by zero, whichever is greater. The director of the department of revenue shall annually furnish the maximum administrative fee determined under this section to the secretary of state, who shall publish such value in the Missouri register as soon as practicable after January fourteenth of each year.**

[4.] **5.** If an administrative fee is charged under this section, the **same** administrative fee shall be charged to all retail customers [and] **unless the fee is limited by the dealer's franchise agreement to certain classes of customers. The fee shall be** disclosed on the retail buyer's order form as a separate itemized charge.

[5.] **6.** A preliminary worksheet on which a sale price is computed and that is shown to the purchaser, a retail buyer's order form from the purchaser, or a retail installment contract shall include, in reasonable proximity to the place on the document where the administrative fee authorized by this section is disclosed, the amount of the administrative fee and the following notice in type that is boldfaced, capitalized, underlined, or otherwise conspicuously set out from the surrounding written material:

"AN ADMINISTRATIVE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW BUT MAY BE CHARGED BY A DEALER. THIS ADMINISTRATIVE FEE MAY RESULT IN A PROFIT TO DEALER. NO PORTION OF THIS ADMINISTRATIVE FEE IS FOR THE DRAFTING, PREPARATION, OR COMPLETION OF DOCUMENTS OR THE PROVIDING OF LEGAL ADVICE. THIS NOTICE IS REQUIRED BY LAW."

[6.] **7.** The general assembly believes that an administrative fee charged in compliance with this section is not the unauthorized practice of law or the unauthorized business of law so long as the activity or service for which the fee is charged is in compliance with the provisions of this section and does not result in the waiver of any rights or remedies. Recognizing, however, that the judiciary is the sole arbitrator of what constitutes the practice of law, in the event that a court determines that an administrative fee charged in compliance with this section, and that does not waive any rights or remedies of the buyer, is the unauthorized practice of law or the unauthorized business of law, then no person who paid that administrative fee may recover said fee or treble damages, as permitted under section 484.020, and no person who charged that fee shall be guilty of a misdemeanor, as provided under section 484.020."; and

Further amend said bill, Page 28, Section 365.020, Line 60, by inserting after all of said section and line the following:

"407.005. As used in this chapter, unless the context clearly requires otherwise, the term "digital electronic equipment" shall mean any product that depends for its functioning, in whole or in part, on digital electronics embedded in or attached to the product; provided however, that such term shall not include any motor vehicle manufacturer, manufacturer of motor vehicle equipment, or motor vehicle dealer, or any product or service of a motor vehicle manufacturer, manufacturer of motor vehicle equipment, or motor vehicle dealer acting in that capacity."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(2) Fees for providing access to public records maintained on computer facilities, recording tapes or disks, videotapes or films, pictures, maps, slides, graphics, illustrations or similar audio or visual items or devices, and for paper copies larger than nine by fourteen inches shall include only the cost of copies, staff time, which shall not exceed the average hourly rate of pay for staff of the public governmental body required for making copies and programming, if necessary, and the cost of the disk, tape, or other medium used for the duplication. If programming is required beyond the customary and usual level to comply with a request for records or information, the fees for compliance may include the actual costs of such programming.

2. Payment of such copying fees may be requested prior to the making of copies. A request for public records to a public governmental body shall be considered withdrawn if the requester fails to remit all fees within thirty days of a request for payment of the fees by the public governmental body, prior to the making of copies.

3. Except as otherwise provided by law, each public governmental body of the state shall remit all moneys received by or for it from fees charged pursuant to this section to the director of revenue for deposit to the general revenue fund of the state.

The child abuse and neglect review board hearing shall be closed to all persons except the parties, their attorneys and those persons providing testimony on behalf of the parties.

6. If the alleged perpetrator is aggrieved by the decision of the child abuse and neglect review board, the alleged perpetrator may seek de novo judicial review in the circuit court in the county in which the alleged perpetrator resides and in circuits with split venue, in the venue in which the alleged perpetrator resides, or in Cole County. If the alleged perpetrator is not a resident of the state, proper venue shall be in Cole County. The case may be assigned to the family court division where such a division has been established. The request for a judicial review shall be made within sixty days of notification of the decision of the child abuse and neglect review board decision. In reviewing such decisions, the circuit court shall provide the alleged perpetrator the opportunity to appear and present testimony. The alleged perpetrator may subpoena any witnesses except the alleged victim or the reporter. However, the circuit court shall have the discretion to allow the parties to submit the case upon a stipulated record.

7. In any such action for administrative review, the child abuse and neglect review board shall notify the child or the parent, guardian or legal representative of the child that a review has been requested.

Notwithstanding any provision of law, supreme court rule, or court operating rule, in a proceeding for a municipal ordinance violation or any other proceeding before a municipal court if the charge carries the possibility of fifteen days or more in jail or confinement, a defendant shall not be charged any fee for obtaining a police report, a probable cause statement, or any video relevant to the traffic stop or arrest. The Reverend Carl Gauck offered the following prayer:

“Faith comes by hearing and hearing by the Word of God.” (Romans 10:17)

Heavenly Father, we are in the midst of this week and ask that we may make good use of it. Grant that we having heard Your word, we are more open to hear the words of our colleagues and desire to know what is required of us to help them make happen what is most necessary to be done. Grant us Your Grace, O Lord, so we are open always to Your spirit’s prompting and always with courage to move forward what is right and proper to be completed. In Your Holy Name we pray. Amen.

311.710. 1. In addition to the penalties and proceedings for suspension or revocation of licenses provided for in this chapter, and without limiting them, proceedings for the suspension or revocation of any license authorizing the sale of intoxicating liquor at retail may be brought in the circuit court of any county in this state, or in the city of St. Louis, in which the licensed premises are located and such proceedings may be brought by the sheriff or any peace officer of that county or by any eight or more persons who are taxpaying citizens of the county or city for any of the following offenses:

2. Provided, that said taxpaying citizen shall submit in writing, under oath, by registered United States mail to the supervisor of liquor control a joint complaint, stating the name of the licensee, the name under which the licensee's business is conducted and the address of the licensed premises, setting out in general the character and nature of the offense or offenses charged, together with the names and addresses of the witnesses by whom proof thereof is expected to be made; and provided, that after a period of thirty days after the mailing of such complaint to the supervisor of liquor control the person therein complained of shall not have been cited by the supervisor to appear and show cause why his license should not be suspended or revoked then they shall file with the circuit clerk of the county or city in which the premises are located a copy of the complaint on file with the supervisor of liquor control.

3. If, pursuant to the receipt of such complaint by the supervisor of liquor control, the licensee appears and shows cause why his license should not be suspended or revoked at a hearing held for that purpose by the supervisor and either the complainants or the licensee consider themselves aggrieved with the order of the supervisor then, after a request in writing by either the complainants or the licensee, the supervisor shall certify to the circuit clerk of the county or city in which the licensed premises are located a copy of the original complaint filed with him, together with a copy of the transcript of the evidence adduced at the hearing held by him. Such certification by the supervisor shall not act as a supersedeas of any order made by him.

4. Upon receipt of such complaint, whether from the complainant directly or from the supervisor of liquor control, the court shall set a date for an early hearing thereon and it shall be the duty of the circuit clerk to cause to be delivered by registered United States mail to the prosecuting attorney of the county or to the circuit attorney of the city of St. Louis and to the licensee copies of the complaint and he shall, at the same time, give notice of the time and place of the hearing. Such notice shall be delivered to the prosecuting attorney or to the circuit attorney and to the licensee at least fifteen days prior to the date of the hearing.

6. If the court shall find upon the hearing that the offense or offenses charged in the complaint have been

established by the evidence, the court shall order the suspension or revocation of the license but, in so doing, shall take into consideration whatever order, if any, may have been made in the premises by the supervisor of liquor control. If the court finds that to revoke the license would be unduly severe, then the court may suspend the license for such period of time as the court deems proper.

7. The judgment of the court in no event shall be superseded or stayed during pendency of any appeal therefrom.

8. It shall be the duty of the prosecuting attorney or circuit attorney to prosecute diligently and without delay any such complaints coming to him by virtue of this section.

9. The jurisdiction herein conferred upon the circuit courts to hear and determine complaints for the suspension or revocation of licenses in the manner provided in this section shall not be exclusive and any authority conferred upon the supervisor of liquor control to revoke or suspend licenses shall remain in full force and effect, and the suspension or revocation of a license as provided in this section shall be in addition to and not in lieu of any other revocation or suspension provided by this chapter.

10. Costs accruing because of such hearings in the circuit court shall be taxed in the same manner as criminal costs.

311.720. Conviction in any court of any violation of this chapter, or any felony violation of chapter 195 **or chapter 572**, in the course of business, shall have the effect of automatically revoking the license of the person convicted, and such revocation shall continue operative until said case is finally disposed of, and if the defendant is finally acquitted, he may apply for and receive a license hereunder, upon paying the regular license charge therefor, in the same manner as though he had never had a license hereunder; provided, however, that the provisions of this section shall not apply to violations of section 311.070, and violations of said section shall be punished only as therein provided.

“572.010. As used in this chapter the following terms mean:

Conduct of this nature includes but is not limited to conduct directed toward the creation or establishment of the particular game, lottery, contest, scheme, device or activity involved, toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor, toward the solicitation or inducement of persons to participate therein, toward the actual conduct of the playing phases thereof, toward the arrangement or communication of any of its financial or recording phases, or toward any other phase of its operation. A person advances gambling activity if, having substantial proprietary control or other authoritative control over premises being used with his or her knowledge for purposes of gambling activity, he or she permits that activity to occur or continue or makes no effort to prevent its occurrence or continuation. The

supplying, servicing and operation of a licensed excursion gambling boat under sections 313.800 to 313.840 does not constitute advancing gambling activity;

(2) “Bookmaking”, advancing gambling activity by unlawfully accepting bets from members of the public as a business, rather than in a casual or personal fashion, upon the outcomes of future contingent events;

(3) “Contest of chance”, any contest, game, gaming scheme or gaming device in which the outcome depends in a material degree upon an element of chance, notwithstanding that the skill of the contestants may also be a factor therein;

(4) “Gambling”, a person engages in gambling when he or she stakes or risks something of value upon the outcome of a contest of chance or a future contingent event not under his or her control or influence, upon an agreement or understanding that he or she will receive something of value in the event of a certain outcome. Gambling does not include bona fide business transactions valid under the law of contracts, including but not limited to contracts for the purchase or sale at a future date of securities or commodities, and agreements to compensate for loss caused by the happening of chance, including but not limited to contracts of indemnity or guaranty and life, health or accident insurance; nor does gambling include playing an amusement device that confers only an immediate right of replay not exchangeable for something of value. Gambling does not include any licensed activity, or persons participating in such games which are covered by sections 313.800 to 313.840;

(5) “Gambling device”, any device, machine, paraphernalia or equipment that is **not approved by the Missouri gaming commission or state lottery commission under the provisions of chapter 313 and that:**

(a) Contains a random number generator where prize payout percentages are controlled or adjustable;

(b) Is used in any scenario where coins or cash prizes are involved or any scenario where a prize is converted to cash or monetary credit of any kind related to the use of the gambling device; or

(c) Is used or usable in the playing phases of any gambling activity, whether that activity consists of gambling between persons or gambling by a person with a machine, regardless of whether the machine or device or system or network of devices includes a preview of the outcome or whether the outcome is known, displayed, or capable of being known or displayed to the user;

Any device not described in paragraphs (a) to (c) of this subdivision that a reasonable person would believe is usable or can be made readily usable in gambling or any phases of gambling activity shall be prima facie evidence of a gambling device and may be subject to seizure by any peace officer in this state. However, lottery tickets, policy slips and other items used in the playing phases of lottery and policy schemes are not gambling devices within this definition;

(6) “Gambling record”, any article, instrument, record, receipt, ticket, certificate, token, slip or notation used or intended to be used in connection with unlawful gambling activity;

(7) “Lottery” or “policy”, an unlawful gambling scheme in which for a consideration the participants are given an opportunity to win something of value, the award of which is determined by chance;

(8) “Player”, a person who engages in any form of gambling solely as a contestant or bettor, without

receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who gambles at a social game of chance on equal terms with the other participants therein does not otherwise render material assistance to the establishment, conduct or operation thereof by performing, without fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as inviting persons to play, permitting the use of premises therefor and supplying cards or other equipment used therein. A person who engages in “bookmaking” as defined in subdivision (2) of this section is not a player;

(9) “Professional player”, a player who engages in gambling for a livelihood or who has derived at least twenty percent of his or her income in any one year within the past five years from acting solely as a player;

(10) “Profit from gambling activity”, a person profits from gambling activity if, other than as a player, he or she accepts or receives money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity;

(11) “Slot machine”, a gambling device that as a result of the insertion of a coin or other object operates, either completely automatically or with the aid of some physical act by the player, in such a manner that, depending upon elements of chance, **from the perspective of a player or a reasonable person, it may eject something of value, regardless of whether the machine or device or system or network of devices includes a preview of the outcome or whether the outcome is known, displayed, or capable of being known or displayed to the user.** A device so constructed or readily adaptable or convertible to such use is no less a slot machine because it is not in working order or because some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion or workability. Nor is it any less a slot machine because apart from its use or adaptability as such it may also sell or deliver something of value on a basis other than chance;

(12) “Something of value”, any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge;

(13) “Unlawful”, not specifically authorized by law.

572.015. 1. Nothing in this chapter prohibits constitutionally authorized activities under Article III, Sections 39(a) to 39(f) of the Missouri Constitution.

2. For the purposes of this section and Article III, Section 39(f) of the Missouri Constitution, the following terms shall mean:

(1) **“Net proceeds”, the gross amount paid for tickets for a raffle or sweepstakes minus the payment of prizes and administrative expenses. Administrative expenses relating to the purchase or rental of supplies and equipment utilized in conducting the raffle or sweepstakes shall not be in excess of the reasonable market purchase price or reasonable market rental rate for such supplies and equipment, and in no case shall such administrative expenses be based on a percentage of proceeds;**

(2) **“Raffle” or “sweepstakes”, the award by chance of one or more prizes to one or more persons among a group of persons who have paid or promised something of value in exchange for a ticket that represents one or more equal chances to win a prize, and for which all tickets have been sold prior to the selection of a winner or winners;**

(3) “Sponsor”, the offering of a raffle or sweepstakes by an organization recognized as charitable or religious pursuant to federal law in which the entire net proceeds of such raffle or sweepstakes shall be exclusively devoted to the lawful purposes of the organization permitted to conduct the raffle or sweepstakes.

572.100. The general assembly by enacting this chapter intends to preempt any other regulation of the area covered by this chapter. No governmental subdivision or agency may enact or enforce a law that regulates or makes any conduct in the area covered by this chapter an offense, or the subject of a criminal or civil penalty or sanction of any kind, **except for the revocation, suspension, or denial by the Missouri lottery commission, the Missouri gaming commission, or the division of alcohol and tobacco control of a license issued under chapter 311 or 313.** The term “gambling”, as used in this chapter, does not include licensed activities under sections 313.800 to 313.840.”; and

Further amend said bill, page 138, section 217.660, line 8, by inserting after all of said line the following:

“Section B. Because of the need to eliminate illegal gambling activity in this state, the repeal and reenactment of sections 311.660, 311.680, 311.710, 311.720, 313.004, 313.255, 572.010, 572.015, and 572.100 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 311.660, 311.680, 311.710, 311.720, 313.004, 313.255, 572.010, 572.015, and 572.100 of this act shall be in full force and effect upon its passage and approval.”; and”.

Upon a second or subsequent notification pursuant to this subsection of the possession of a gambling device by a person licensed pursuant to this chapter, the supervisor of liquor control shall not be required to give such person ten days to remove such gambling device from the premises prior to taking action pursuant to this subsection.**

7. Any aggrieved person may appeal to the administrative hearing commission in accordance with section 311.691.

[7.] **8.** In order to encourage the early resolution of disputes between the supervisor of liquor control and

licensees, the supervisor of liquor control, prior to issuing an order of warning, probation, revocation, suspension, or fine, shall provide the licensee with the opportunity to meet or to confer with the supervisor of liquor control, or his or her designee, concerning the alleged violations. At least ten days prior to such meeting or conference, the supervisor shall provide the licensee with notice of the time and place of such meeting or conference, and the supervisor of liquor control shall also provide the licensee with a written description of the specific conduct for which discipline is sought, a citation of the law or rules allegedly violated, and, upon request, copies of any violation report or any other documents which are the basis for such action. Any order of warning, probation, revocation, suspension, or fine shall be effective no sooner than thirty days from the date of such order.

311.710. 1. In addition to the penalties and proceedings for suspension or revocation of licenses provided for in this chapter, and without limiting them, proceedings for the suspension or revocation of any license authorizing the sale of intoxicating liquor at retail may be brought in the circuit court of any county in this state, or in the city of St. Louis, in which the licensed premises are located and such proceedings may be brought by the sheriff or any peace officer of that county or by any eight or more persons who are taxpaying citizens of the county or city for any of the following offenses:

(1) Selling, giving or otherwise supplying intoxicating liquor to a habitual drunkard or to any person who is under or apparently under the influence of intoxicating liquor;

(2) Knowingly permitting any prostitute, degenerate, or dissolute person to frequent the licensed premises;

(3) Permitting on the licensed premises any disorderly conduct, breach of the peace, or any lewd, immoral or improper entertainment, conduct or practices;

(4) Selling, offering for sale, possessing or knowingly permitting the consumption on the licensed premises of any kind of intoxicating liquors, the sale, possession or consumption of which is not authorized under his license;

(5) Selling, giving, or otherwise supplying intoxicating liquor to any person under the age of twenty-one years;

(6) Selling, giving or otherwise supplying intoxicating liquors between the hours of 12:00 midnight Saturday night and 12:00 midnight Sunday night;

(7) Permitting on the licensed premises any form of gambling device punishable pursuant to chapter 572.

2. Provided, that said taxpaying citizen shall submit in writing, under oath, by registered United States mail to the supervisor of liquor control a joint complaint, stating the name of the licensee, the name under which the licensee's business is conducted and the address of the licensed premises, setting out in general the character and nature of the offense or offenses charged, together with the names and addresses of the witnesses by whom proof thereof is expected to be made; and provided, that after a period of thirty days after the mailing of such complaint to the supervisor of liquor control the person therein complained of shall not have been cited by the supervisor to appear and show cause why his license should not be suspended or revoked then they shall file with the circuit clerk of the county or city in which the premises are located a copy of the complaint on file with the supervisor of liquor control.

3. If, pursuant to the receipt of such complaint by the supervisor of liquor control, the licensee appears

and shows cause why his license should not be suspended or revoked at a hearing held for that purpose by the supervisor and either the complainants or the licensee consider themselves aggrieved with the order of the supervisor then, after a request in writing by either the complainants or the licensee, the supervisor shall certify to the circuit clerk of the county or city in which the licensed premises are located a copy of the original complaint filed with him, together with a copy of the transcript of the evidence adduced at the hearing held by him. Such certification by the supervisor shall not act as a supersedeas of any order made by him.

4. Upon receipt of such complaint, whether from the complainant directly or from the supervisor of liquor control, the court shall set a date for an early hearing thereon and it shall be the duty of the circuit clerk to cause to be delivered by registered United States mail to the prosecuting attorney of the county or to the circuit attorney of the city of St. Louis and to the licensee copies of the complaint and he shall, at the same time, give notice of the time and place of the hearing. Such notice shall be delivered to the prosecuting attorney or to the circuit attorney and to the licensee at least fifteen days prior to the date of the hearing.

5. The complaint shall be heard by the court without a jury and if there has been a prior hearing thereon by the supervisor of liquor control then the case shall be heard de novo and both the complainants and the licensee may produce new and additional evidence material to the issues.

6. If the court shall find upon the hearing that the offense or offenses charged in the complaint have been established by the evidence, the court shall order the suspension or revocation of the license but, in so doing, shall take into consideration whatever order, if any, may have been made in the premises by the supervisor of liquor control. If the court finds that to revoke the license would be unduly severe, then the court may suspend the license for such period of time as the court deems proper.

7. The judgment of the court in no event shall be superseded or stayed during pendency of any appeal therefrom.

8. It shall be the duty of the prosecuting attorney or circuit attorney to prosecute diligently and without delay any such complaints coming to him by virtue of this section.

9. The jurisdiction herein conferred upon the circuit courts to hear and determine complaints for the suspension or revocation of licenses in the manner provided in this section shall not be exclusive and any authority conferred upon the supervisor of liquor control to revoke or suspend licenses shall remain in full force and effect, and the suspension or revocation of a license as provided in this section shall be in addition to and not in lieu of any other revocation or suspension provided by this chapter.

10. Costs accruing because of such hearings in the circuit court shall be taxed in the same manner as criminal costs.

311.720. Conviction in any court of any violation of this chapter, or any felony violation of chapter 195 **or chapter 572**, in the course of business, shall have the effect of automatically revoking the license of the person convicted, and such revocation shall continue operative until said case is finally disposed of, and if the defendant is finally acquitted, he may apply for and receive a license hereunder, upon paying the regular license charge therefor, in the same manner as though he had never had a license hereunder; provided, however, that the provisions of this section shall not apply to violations of section 311.070, and violations of said section shall be punished only as therein provided.

313.004. 1. There is hereby created the “Missouri Gaming Commission” consisting of five members appointed by the governor, with the advice and consent of the senate. Each member of the Missouri gaming

commission shall be a resident of this state. No member shall have pled guilty to or shall have been convicted of a felony or gambling-related offense. Not more than three members shall be affiliated with the same political party. No member of the commission shall be an elected official. The overall membership of the commission shall reflect experience in law enforcement, civil and criminal investigation and financial principles.

2. The initial members of the commission shall be appointed within thirty days of April 29, 1993. Of the members first appointed, one shall be appointed for a one-year term, two shall be appointed for a two-year term and two shall be appointed for a three-year term. Thereafter, all members appointed shall serve for a three-year term. No person shall serve as a member more than six years. The governor shall designate one of the members as the chair. The governor may remove any member of the commission from office for malfeasance or neglect of duty in office. The governor may also replace any member of the commission, with the advice and consent of the senate, when any responsibility concerning the state lottery, pari-mutuel wagering or any other form of gaming is placed under the jurisdiction of the commission.

3. The commission shall meet at least quarterly in accordance with its rules. In addition, special meetings may be called by the chair or any two members of the commission upon twenty-four-hour written notice to each member. No action of the commission shall be binding unless taken at a meeting at which at least three of the five members are present and shall vote in favor thereof.

4. The commission shall perform all duties and have all the powers and responsibilities conferred and imposed upon it relating to excursion gambling boats and, after June 30, 1994, the lawful operation of the game of bingo under this chapter. Within the commission, there shall be established a division of gambling and after June 30, 1994, the division of bingo. Subject to appropriations, the commission may hire an executive director and any employees as it may deem necessary to carry out the commission's duties. The commission shall have authority to require investigations of any employee or applicant for employment as deemed necessary and use such information or any other information in the determination of employment. The commission shall promulgate rules and regulations establishing a code of ethics for its employees which shall include, but not be limited to, restrictions on which employees shall be prohibited from participating in or wagering on any game or gaming operation subject to the jurisdiction of the commission. The commission shall determine if any other employees of the commission or any licensee of the commission shall participate or wager in any operation under the jurisdiction of the commission.

5. On April 29, 1993, all the authority, powers, duties, functions, records, personnel, property, matters pending and all other pertinent vestiges of the state tourism commission relating to the regulation of excursion gambling boats and, after June 30, 1994, of the department of revenue relating to the regulation of the game of bingo shall be transferred to the Missouri gaming commission.

6. The commission shall be assigned to the department of public safety as a type III division, but the director of the department of public safety has no supervision, authority or control over the actions or decisions of the commission.

7. Members of the Missouri gaming commission shall receive as compensation, the amount of one hundred dollars for every day in which the commission holds a meeting, when such meeting is subject to the recording of minutes as provided in chapter 610, and shall be reimbursed for reasonable expenses incurred in the performance of their duties. The chair shall receive as additional compensation one hundred dollars for each month such person serves on the commission in that capacity.

8. No member or employee of the commission shall be appointed or continue to be a member or

employee who is licensed by the commission as an excursion gambling boat operator or supplier and no member or employee of the commission shall be appointed or continue to be a member or employee who is related to any person within the second degree of consanguinity or affinity who is licensed by the commission as an excursion gambling boat operator or supplier. The commission shall determine by rule and regulation appropriate restrictions on the relationship of members and employees of the commission to persons holding or applying for occupational licenses from the commission or to employees of any licensee of the commission. No peace officer, as defined by section 590.010, who is designated to have direct regulator authority related to excursion gambling boats shall be employed by any excursion gambling boat or supplier licensed by the commission while employed as a peace officer. No member or employee of the commission or any employee of the state attorney general's office or the state highway patrol who has direct authority over the regulation or investigation of any applicant or licensee of the commission or any peace officer of any city or county which has approved excursion boat gambling shall accept any gift or gratuity from an applicant or licensee while serving as a member or while under such employment. Any person knowingly in violation of the provisions of this subsection is guilty of a class A misdemeanor. Any such member, officer or employee who personally or whose prohibited relative knowingly violates the provisions of this subsection, in addition to the foregoing penalty, shall, upon conviction, immediately and thereupon forfeit his office or employment.

9. The commission may enter into agreements with the Federal Bureau of Investigation, the Federal Internal Revenue Service, the state attorney general, **the Missouri state highway patrol**, or any state, federal or local agency the commission deems necessary to carry out the duties of the commission, **including investigations relating to and the enforcement of the provisions of chapter 572 relating to illegal gambling**. No state agency shall count employees used in any agreements entered into with the commission against any personnel cap authorized by any statute. Any consideration paid by the commission for the purpose of entering into, or to carry out, any agreement shall be considered an administrative expense of the commission. When such agreements are entered into for responsibilities relating to excursion gambling boats, **or for the purpose of investigating illegal gambling pursuant to chapter 572 utilizing existing Missouri state highway patrol personnel assigned to enforce the regulations of licensed gaming activities governed by chapter 313**, the commission shall require excursion gambling boat licensees to pay for such services under rules and regulations of the commission. The commission may provide by rules and regulations for the offset of any prize or winnings won by any person making a wager subject to the jurisdiction of the commission, when practical, when such person has an outstanding debt owed the state of Missouri.

10. No person who has served as a member or employee of the commission, as a member of the general assembly, as an elected or appointed official of the state or of any city or county of this state in which the licensing of excursion gambling boats has been approved in either the city or county or both or any employee of the state highway patrol designated by the superintendent of the highway patrol or any employee of the state attorney general's office designated by the state attorney general to have direct regulatory authority related to excursion gambling boats shall, while in such office or during such employment and during the first two years after termination of his office or position, obtain direct ownership interest in or be employed by any excursion gambling boat licensed by the commission or which has applied for a license to the commission or enter into a contractual relationship related to direct gaming activity. A "direct ownership interest" shall be defined as any financial interest, equitable interest, beneficial interest, or ownership control held by the public official or employee, or such person's family member related within the second degree of consanguinity or affinity, in any excursion gambling boat operation or any parent or

subsidiary company which owns or operates an excursion gambling boat or as a supplier to any excursion gambling boat which has applied for or been granted a license by the commission, provided that a direct ownership interest shall not include any equity interest purchased at fair market value or equity interest received as consideration for goods and services provided at fair market value of less than one percent of the total outstanding shares of stock of any publicly traded corporation or certificates of partnership of any limited partnership which is listed on a regulated stock exchange or automated quotation system. Any person who knowingly violates the provisions of this subsection is guilty of a class E felony. Any such member, officer or employee who personally and knowingly violates the provisions of this subsection, in addition to the foregoing penalty, shall, upon conviction, immediately and thereupon forfeit his office or employment. For purposes of this subsection, "appointed official" shall mean any official of this state or of any city or county authorized under subsection 10 of section 313.812 appointed to a position which has discretionary powers over the operations of any licensee or applicant for licensure by the commission. This shall only apply if the appointed official has a direct ownership interest in an excursion gambling boat licensed by the commission or which has applied for a license to the commission to be docked within the jurisdiction of his or her appointment. No elected or appointed official, his or her spouse or dependent child shall, while in such office or within two years after termination of his or her office or position, be employed by an applicant for an excursion gambling boat license or an excursion gambling boat licensed by the commission. Any other person related to an elected or appointed official within the second degree of consanguinity or affinity employed by an applicant for an excursion gambling boat license or excursion gambling boat licensed by the commission shall disclose this relationship to the commission. Such disclosure shall be in writing and shall include who is employing such individual, that person's relationship to the elected or appointed official, and a job description for which the person is being employed. The commission may require additional information as it may determine necessary.

11. The commission may enter into contracts with any private entity the commission deems necessary to carry out the duties of the commission, other than criminal law enforcement, provision of legal counsel before the courts and other agencies of this state, and the enforcement of liquor laws. The commission may require provisions for special auditing requirements, investigations and restrictions on the employees of any private entity with which a contract is entered into by the commission.

12. Notwithstanding the provisions of chapter 610 to the contrary, all criminal justice records shall be available to any agency or commission responsible for licensing or investigating applicants or licensees applying to any gaming commission of this state.

13. (1) The commission shall establish a telephone contact number, which shall be prominently displayed on the commission's website, to receive reports of suspected illegal gambling activities. Upon the receipt of such report, the commission shall refer such reports to the Missouri state highway patrol for investigation pursuant to this section. The commission shall notify the subject of such investigation within thirty days of receiving a report under this subsection.

(2) The superintendent of the highway patrol shall initiate investigations of potential violations punishable pursuant to chapter 572, including referrals made by the Missouri gaming commission pursuant to this section.

(3) Upon the request of a prosecuting or circuit attorney, the attorney general shall aid a prosecuting or circuit attorney in prosecuting violations referred by the superintendent of the highway patrol.

(4) Local law enforcement agencies shall notify the supervisor of liquor control, the state lottery commission, and the Missouri gaming commission of all investigations of potential violations punishable pursuant to chapter 572.

(5) The provisions of this subsection shall not preclude or hinder the ability of a local law enforcement agency to conduct investigations into potential violations punishable pursuant to chapter 572 or any other crime or criminal activity in its jurisdiction.

(6) Any person or establishment licensed under this chapter that is convicted of or pleads guilty to a violation punishable pursuant to chapter 572, and any affiliated company of such person or establishment, shall be permanently prohibited from being licensed to participate in any way in a program implementing video lottery gaming terminals should such a program be implemented in this state.

313.255. 1. The director shall issue, suspend, revoke, and renew licenses for lottery game retailers pursuant to rules and regulations adopted by the commission. Such rules shall specify that at least ten percent of all licenses awarded to lottery game retailers in constitutional charter cities not within a county and constitutional charter cities with a population of at least four hundred fifty thousand not located wholly within a county of the first class with a charter form of government shall be awarded to minority-owned and -controlled business enterprises. Licensing rules and regulations shall include requirements relating to the financial responsibility of the licensee, the accessibility of the licensee's place of business or activity to the public, the sufficiency of existing licenses to serve the public interest, the volume of expected sales, the security and efficient operation of the lottery, and other matters necessary to protect the public interest and trust in the lottery and to further the sales of lottery tickets or shares. Lottery game retailers shall be selected without regard to political affiliation.

2. The commission may sell lottery tickets at its office and at special events.

3. The commission shall require every retailer to post a bond, a bonding fee or a letter of credit in such amount as may be required by the commission, and upon licensure shall prominently display his license, or a copy thereof, as provided in the rules and regulations of the commission.

4. All licenses for lottery game retailers shall specify the place such sales shall take place.

5. A lottery game retailer license shall not be assignable or transferable.

6. A license shall be revoked upon a finding that the licensee:

- (1) Has knowingly provided false or misleading information to the commission or its employees;
- (2) Has been convicted of any felony; or
- (3) Has endangered the security of the lottery.

7. A license may be suspended, revoked, or not renewed for any of the following causes:

- (1) A change of business location;
- (2) An insufficient sales volume;
- (3) A delinquency in remitting money owed to the lottery; [or]
- (4) Any violation of any rule or regulation adopted pursuant to this section by the commission; **or**

(5) Possession of a gambling device as defined pursuant to section 572.010.”; and

Further amend said bill, page 117, Section 571.030, line 269, by inserting after all of said line the following:

“572.010. As used in this chapter the following terms mean:

(1) “Advance gambling activity”, a person advances gambling activity if, acting other than as a player, he or she engages in conduct that materially aids any form of gambling activity. Conduct of this nature includes but is not limited to conduct directed toward the creation or establishment of the particular game, lottery, contest, scheme, device or activity involved, toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor, toward the solicitation or inducement of persons to participate therein, toward the actual conduct of the playing phases thereof, toward the arrangement or communication of any of its financial or recording phases, or toward any other phase of its operation. A person advances gambling activity if, having substantial proprietary control or other authoritative control over premises being used with his or her knowledge for purposes of gambling activity, he or she permits that activity to occur or continue or makes no effort to prevent its occurrence or continuation. The supplying, servicing and operation of a licensed excursion gambling boat under sections 313.800 to 313.840 does not constitute advancing gambling activity;

(2) “Bookmaking”, advancing gambling activity by unlawfully accepting bets from members of the public as a business, rather than in a casual or personal fashion, upon the outcomes of future contingent events;

(3) “Contest of chance”, any contest, game, gaming scheme or gaming device in which the outcome depends in a material degree upon an element of chance, notwithstanding that the skill of the contestants may also be a factor therein;

(4) “Gambling”, a person engages in gambling when he or she stakes or risks something of value upon the outcome of a contest of chance or a future contingent event not under his or her control or influence, upon an agreement or understanding that he or she will receive something of value in the event of a certain outcome. Gambling does not include bona fide business transactions valid under the law of contracts, including but not limited to contracts for the purchase or sale at a future date of securities or commodities, and agreements to compensate for loss caused by the happening of chance, including but not limited to contracts of indemnity or guaranty and life, health or accident insurance; nor does gambling include playing an amusement device that confers only an immediate right of replay not exchangeable for something of value. Gambling does not include any licensed activity, or persons participating in such games which are covered by sections 313.800 to 313.840;

(5) “Gambling device”, any device, machine, paraphernalia or equipment that is **not approved by the Missouri gaming commission or state lottery commission under the provisions of chapter 313 and that:**

(a) Contains a random number generator where prize payout percentages are controlled or adjustable;

(b) Is used in any scenario where coins or cash prizes are involved or any scenario where a prize is converted to cash or monetary credit of any kind related to the use of the gambling device; or

(c) Is used or usable in the playing phases of any gambling activity, whether that activity consists of

gambling between persons or gambling by a person with a machine, **regardless of whether the machine or device or system or network of devices includes a preview of the outcome or whether the outcome is known, displayed, or capable of being known or displayed to the user;**

Any device not described in paragraphs (a) to (c) of this subdivision that a reasonable person would believe is usable or can be made readily usable in gambling or any phases of gambling activity shall be prima facie evidence of a gambling device and may be subject to seizure by any peace officer in this state. However, lottery tickets, policy slips and other items used in the playing phases of lottery and policy schemes are not gambling devices within this definition;

(6) “Gambling record”, any article, instrument, record, receipt, ticket, certificate, token, slip or notation used or intended to be used in connection with unlawful gambling activity;

(7) “Lottery” or “policy”, an unlawful gambling scheme in which for a consideration the participants are given an opportunity to win something of value, the award of which is determined by chance;

(8) “Player”, a person who engages in any form of gambling solely as a contestant or bettor, without receiving or becoming entitled to receive any profit therefrom other than personal gambling winnings, and without otherwise rendering any material assistance to the establishment, conduct or operation of the particular gambling activity. A person who gambles at a social game of chance on equal terms with the other participants therein does not otherwise render material assistance to the establishment, conduct or operation thereof by performing, without fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as inviting persons to play, permitting the use of premises therefor and supplying cards or other equipment used therein. A person who engages in “bookmaking” as defined in subdivision (2) of this section is not a player;

(9) “Professional player”, a player who engages in gambling for a livelihood or who has derived at least twenty percent of his or her income in any one year within the past five years from acting solely as a player;

(10) “Profit from gambling activity”, a person profits from gambling activity if, other than as a player, he or she accepts or receives money or other property pursuant to an agreement or understanding with any person whereby he participates or is to participate in the proceeds of gambling activity;

(11) “Slot machine”, a gambling device that as a result of the insertion of a coin or other object operates, either completely automatically or with the aid of some physical act by the player, in such a manner that, depending upon elements of chance, **from the perspective of a player or a reasonable person,** it may eject something of value, **regardless of whether the machine or device or system or network of devices includes a preview of the outcome or whether the outcome is known, displayed, or capable of being known or displayed to the user.** A device so constructed or readily adaptable or convertible to such use is no less a slot machine because it is not in working order or because some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion or workability. Nor is it any less a slot machine because apart from its use or adaptability as such it may also sell or deliver something of value on a basis other than chance;

(12) “Something of value”, any money or property, any token, object or article exchangeable for money or property, or any form of credit or promise directly or indirectly contemplating transfer of money or property or of any interest therein or involving extension of a service, entertainment or a privilege of playing at a game or scheme without charge;

(13) “Unlawful”, not specifically authorized by law.

572.015. **1.** Nothing in this chapter prohibits constitutionally authorized activities under Article III, Sections 39(a) to 39(f) of the Missouri Constitution.

2. For the purposes of this section and Article III, Section 39(f) of the Missouri Constitution, the following terms shall mean:

(1) “Net proceeds”, the gross amount paid for tickets for a raffle or sweepstakes minus the payment of prizes and administrative expenses. Administrative expenses relating to the purchase or rental of supplies and equipment utilized in conducting the raffle or sweepstakes shall not be in excess of the reasonable market purchase price or reasonable market rental rate for such supplies and equipment, and in no case shall such administrative expenses be based on a percentage of proceeds;

(2) “Raffle” or “sweepstakes”, the award by chance of one or more prizes to one or more persons among a group of persons who have paid or promised something of value in exchange for a ticket that represents one or more equal chances to win a prize, and for which all tickets have been sold prior to the selection of a winner or winners;

(3) “Sponsor”, the offering of a raffle or sweepstakes by an organization recognized as charitable or religious pursuant to federal law in which the entire net proceeds of such raffle or sweepstakes shall be exclusively devoted to the lawful purposes of the organization permitted to conduct the raffle or sweepstakes.

572.100. The general assembly by enacting this chapter intends to preempt any other regulation of the area covered by this chapter. No governmental subdivision or agency may enact or enforce a law that regulates or makes any conduct in the area covered by this chapter an offense, or the subject of a criminal or civil penalty or sanction of any kind, **except for the revocation, suspension, or denial by the Missouri lottery commission, the Missouri gaming commission, or the division of alcohol and tobacco control of a license issued under chapter 311 or 313.** The term “gambling”, as used in this chapter, does not include licensed activities under sections 313.800 to 313.840.”; and

Further amend said bill, page 138, section 217.660, line 8, by inserting after all of said line the following:

“Section B. Because of the need to eliminate illegal gambling activity in this state, the repeal and reenactment of sections 311.660, 311.680, 311.710, 311.720, 313.004, 313.255, 572.010, 572.015, and 572.100 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 311.660, 311.680, 311.710, 311.720, 313.004, 313.255, 572.010, 572.015, and 572.100 of this act shall be in full force and effect upon its passage and approval.”; and”.

2. Any person who files a false report or application or makes a false entry in any record relating to the purchase and sale of cigarettes shall be guilty of a felony and, upon conviction, shall be punished by imprisonment by the state department of corrections [and human resources] for a term of not less than two years nor more than five years.

All moneys received by the division pursuant to sections 214.270 to 214.516 shall be collected by the director who shall transmit such moneys to the department of revenue for deposit in the state treasury to the credit of the endowed care cemetery audit fund created in section 193.265;

(b) Rules to administer the inspection and audit provisions of the endowed care cemetery law;

(c) Rules for the establishment and maintenance of the cemetery registry pursuant to section 214.283.

2. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

217.010. As used in this chapter and chapter 558, unless the context clearly indicates otherwise, the following terms shall mean:

(1) “Administrative segregation unit”, a cell for the segregation of offenders from the general population of a facility for relatively extensive periods of time;

(5) “Department”, the department of corrections of the state of Missouri;

(6) “Director”, the director of the department of corrections or his designee;

(9) “Division director”, the director of a division of the department or his designee;

(10) “Local volunteer community board”, a board of qualified local community volunteers selected by the court for the purpose of working in partnership with the court and the department of corrections in a reparative probation program;

217.030. The director shall appoint the directors of the divisions of the department[, except the chairman of the parole board who shall be appointed by the governor]. Division directors shall serve at the pleasure of the director[, except the chairman of the parole board who shall serve in the capacity of chairman at the pleasure of the governor]. The director of the department shall be the appointing authority under chapter 36 to employ such administrative, technical and other personnel who may be assigned to the department generally rather than to any of the department divisions or facilities and whose employment is necessary for the performance of the powers and duties of the department.

217.250. Whenever any offender is afflicted with a disease which is terminal, or is advanced in age to the extent that the offender is in need of long-term nursing home care, or when confinement will necessarily greatly endanger or shorten the offender’s life, the correctional center’s physician shall certify such facts to the chief medical administrator, stating the nature of the disease. The chief medical administrator with the approval of the director will then forward the certificate to the [board of probation and] parole **board** who in their discretion may grant a medical parole or at their discretion may recommend to the governor the granting or denial of a commutation.

217.270. All correctional employees shall:

(1) Grant to members of the state [board of probation and] parole **board** or its properly accredited representatives access at all reasonable times to any offender;

(2) Furnish to the board the reports that the board requires concerning the conduct and character of any offender in their custody; and

(3) Furnish any other facts deemed pertinent by the board in the determination of whether an offender shall be paroled.

217.362. 1. The department of corrections shall design and implement an intensive long-term program for the treatment of chronic nonviolent offenders with serious substance abuse addictions who have not pleaded guilty to or been convicted of a dangerous felony as defined in section 556.061.

2. Prior to sentencing, any judge considering an offender for this program shall notify the department.

The potential candidate for the program shall be screened by the department to determine eligibility. The department shall, by regulation, establish eligibility criteria and inform the court of such criteria. The department shall notify the court as to the offender's eligibility and the availability of space in the program. Notwithstanding any other provision of law to the contrary, except as provided for in section 558.019, if an offender is eligible and there is adequate space, the court may sentence a person to the program which shall consist of institutional drug or alcohol treatment for a period of at least twelve and no more than twenty-four months, as well as a term of incarceration. The department shall determine the nature, intensity, duration, and completion criteria of the education, treatment, and aftercare portions of any program services provided. Execution of the offender's term of incarceration shall be suspended pending completion of said program. Allocation of space in the program may be distributed by the department in proportion to drug arrest patterns in the state. If the court is advised that an offender is not eligible or that there is no space available, the court shall consider other authorized dispositions.

3. Upon successful completion of the program, the [board] **division** of probation and parole shall advise the sentencing court of an offender's probationary release date thirty days prior to release. If the court determines that probation is not appropriate the court may order the execution of the offender's sentence.

4. If it is determined by the department that the offender has not successfully completed the program, or that the offender is not cooperatively participating in the program, the offender shall be removed from the program and the court shall be advised. Failure of an offender to complete the program shall cause the offender to serve the sentence prescribed by the court and void the right to be considered for probation on this sentence.

5. An offender's first incarceration in a department of corrections program pursuant to this section prior to release on probation shall not be considered a previous prison commitment for the purpose of determining a minimum prison term pursuant to the provisions of section 558.019.

217.364. 1. The department of corrections shall establish by regulation the "Offenders Under Treatment Program". The program shall include institutional placement of certain offenders, as outlined in subsection 3 of this section, under the supervision and control of the department of corrections. The department shall establish rules determining how, when and where an offender shall be admitted into or removed from the program.

2. As used in this section, the term "offenders under treatment program" means a one-hundred-eighty-day institutional correctional program for the monitoring, control and treatment of certain substance abuse offenders and certain nonviolent offenders followed by placement on parole with continued supervision.

3. The following offenders may participate in the program as determined by the department:

(1) Any nonviolent offender who has not previously been remanded to the department and who has been found guilty of violating the provisions of chapter 195 or 579 or whose substance abuse was a precipitating or contributing factor in the commission of his offense; or

(2) Any nonviolent offender who has pled guilty or been found guilty of a crime which did not involve the use of a weapon, and who has not previously been remanded to the department.

4. This program shall be used as an intermediate sanction by the department. The program may include education, treatment and rehabilitation programs. If an offender successfully completes the institutional phase of the program, the department shall notify the [board of probation and] parole **board** within thirty days of completion. Upon notification from the department that the offender has successfully completed the

program, the [board of probation and] parole **board** may at its discretion release the offender on parole as authorized in subsection 1 of section 217.690.

5. The availability of space in the institutional program shall be determined by the department of corrections.

6. If the offender fails to complete the program, the offender shall be taken out of the program and shall serve the remainder of his sentence with the department.

7. Time spent in the program shall count as time served on the sentence.

217.455. The request provided for in section 217.450 shall be delivered to the director, who shall forthwith:

(1) Certify the term of commitment under which the offender is being held, the time already served, the time remaining to be served on the sentence, the time of parole eligibility of the offender, and any decisions of the state [board of probation and] parole **board** relating to the offender; and

(2) Send by registered or certified mail, return receipt requested, one copy of the request and certificate to the court and one copy to the prosecuting attorney to whom it is addressed.

217.541. 1. The department shall by rule establish a program of house arrest. The director or his designee may extend the limits of confinement of offenders serving sentences for class D or E felonies who have one year or less remaining prior to release on parole, conditional release, or discharge to participate in the house arrest program.

2. The offender referred to the house arrest program shall remain in the custody of the department and shall be subject to rules and regulations of the department pertaining to offenders of the department until released on parole or conditional release by the state [board of probation and] parole **board**.

3. The department shall require the offender to participate in work or educational or vocational programs and other activities that may be necessary to the supervision and treatment of the offender.

4. An offender released to house arrest shall be authorized to leave his place of residence only for the purpose and time necessary to participate in the program and activities authorized in subsection 3 of this section.

5. The [board] **division** of probation and parole shall supervise every offender released to the house arrest program and shall verify compliance with the requirements of this section and such other rules and regulations that the department shall promulgate and may do so by remote electronic surveillance. If any probation/parole officer has probable cause to believe that an offender under house arrest has violated a condition of the house arrest agreement, the probation/parole officer may issue a warrant for the arrest of the offender. The probation/parole officer may effect the arrest or may deputize any officer with the power of arrest to do so by giving the officer a copy of the warrant which shall outline the circumstances of the alleged violation. The warrant delivered with the offender by the arresting officer to the official in charge of any jail or other detention facility to which the offender is brought shall be sufficient legal authority for detaining the offender. An offender arrested under this section shall remain in custody or incarcerated without consideration of bail. The director or his designee, upon recommendation of the probation and parole officer, may direct the return of any offender from house arrest to a correctional facility of the department for reclassification.

6. Each offender who is released to house arrest shall pay a percentage of his wages, established by department rules, to a maximum of the per capita cost of the house arrest program. The money received from the offender shall be deposited in the inmate fund and shall be expended to support the house arrest program.

217.650. As used in sections 217.650 to 217.810, unless the context clearly indicates otherwise, the following terms mean:

(1) [“Board”, the state board of probation and parole;

(2) “Chairman”, chairman of the board of probation and] **“Chair”, the chair of the parole board, who shall be appointed by the governor;**

[(3)] **(2) “Diversionary program”, a program designed to utilize alternatives to incarceration undertaken under the supervision of the [board] division of probation and parole after commitment of an offense and prior to arraignment;**

[(4)] **(3) “Parole”, the release of an offender to the community by the court or the state [board of probation and] parole board prior to the expiration of his term, subject to conditions imposed by the court or the parole board and to its supervision by the division of probation and parole;**

(4) “Parole board”, the state board of parole;

(5) “Prerelease program”, a program relating to an offender’s preparation for, or orientation to, supervision by the [board] **division of probation and parole** immediately prior to or immediately after assignment of the offender to the [board] **division of probation and parole** for supervision;

(6) “Pretrial program”, a program relating to the investigation or supervision of persons referred or assigned to the [board] **division of probation and parole** prior to their conviction;

(8) “Recognizance program”, a program relating to the release of an individual from detention who is under arrest for an offense for which he may be released as provided in section 544.455.

217.655. 1. The parole board shall be responsible for determining whether a person confined in the department shall be paroled or released conditionally as provided by section 558.011. The **parole** board shall receive administrative support from the division of probation and parole. The division of probation and parole shall provide supervision to all persons referred by the circuit courts of the state as provided by sections 217.750 and 217.760. The **parole** board shall exercise independence in making decisions about individual cases, but operate cooperatively within the department and with other agencies, officials, courts, and stakeholders to achieve systemic improvement including the requirements of this section.

2. The **parole** board shall adopt parole guidelines to:

(1) Preserve finite prison capacity for the most serious and violent offenders;

(2) Release supervision-manageable cases consistent with section 217.690;

(3) Use finite resources guided by validated risk and needs assessments;

- (4) Support a seamless reentry process;
- (5) Set appropriate conditions of supervision; and
- (6) Develop effective strategies for responding to violation behaviors.

3. The **parole** board shall collect, analyze, and apply data in carrying out its responsibilities to achieve its mission and end goals. The **parole** board shall establish agency performance and outcome measures that are directly responsive to statutory responsibilities and consistent with agency goals for release decisions, supervision, revocation, recidivism, and caseloads.

4. The **parole** board shall publish parole data, including grant rates, revocation and recidivism rates, length of time served, and successful supervision completions, and other performance metrics.

5. The **chair of the board** shall **employ such employees as necessary to carry out the chair's responsibilities, shall serve as the appointing authority over such employees, and shall provide for appropriate training to members and staff, including communication skills.**

6. The division of probation and parole shall provide such programs as necessary to carry out its responsibilities consistent with its goals and statutory obligations.

217.665. 1. Beginning August 28, 1996, the parole board shall consist of seven members appointed by the governor by and with the advice and consent of the senate.

2. Beginning August 28, 1996, members of the board shall be persons of recognized integrity and honor, known to possess education and ability in decision making through career experience and other qualifications for the successful performance of their official duties. Not more than four members of the board shall be of the same political party.

3. At the expiration of the term of each member and of each succeeding member, the governor shall appoint a successor who shall hold office for a term of six years and until his successor has been appointed and qualified. Members may be appointed to succeed themselves.

4. Vacancies occurring in the office of any member shall be filled by appointment by the governor for the unexpired term.

5. The governor shall designate one member of the board as [chairman] **chair** and one member as vice [chairman] **chair**. The [chairman] **chair** shall establish the duties and responsibilities of the members of the board and supervise their performance and may require reports from any member as to his or her conduct and exercise of duties. In the event of the [chairman's] **chair's** removal, death, resignation, or inability to serve, the vice [chairman] **chair** shall act as [chairman] **chair** upon written order of the governor or [chairman] **chair**.

6. Members of the board shall devote full time to the duties of their office and before taking office shall subscribe to an oath or affirmation to support the Constitution of the United States and the Constitution of the State of Missouri. The oath shall be signed in the office of the secretary of state.

7. The annual compensation for each member of the board whose term commenced before August 28, 1999, shall be forty-five thousand dollars plus any salary adjustment, including prior salary adjustments, provided pursuant to section 105.005. Salaries for board members whose terms commence after August 27, 1999, shall be set as provided in section 105.950; provided, however, that the compensation of a board member shall not be increased during the member's term of office, except as provided in section 105.005.

In addition to compensation provided by law, the members shall be entitled to reimbursement for necessary travel and other expenses incurred pursuant to section 33.090.

8. Any person who served as a member of the board of probation and parole prior to July 1, 2000, shall be made, constituted, appointed and employed by the board of trustees of the state employees' retirement system as a special consultant on the problems of retirement, aging and other state matters. As compensation for such services, such consultant shall not be denied use of any unused sick leave, or the ability to receive credit for unused sick leave pursuant to chapter 104, provided such sick leave was maintained by the board of probation and parole in the regular course of business prior to July 1, 2000, but only to the extent of such sick leave records are consistent with the rules promulgated pursuant to section 36.350. Nothing in this section shall authorize the use of any other form of leave that may have been maintained by the board prior to July 1, 2000.

217.690. 1. All releases or paroles shall issue upon order of the **parole** board, duly adopted.

2. Before ordering the parole of any offender, the **parole** board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the **parole** board. The **parole** board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the **parole** board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the **parole** board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The [board] **division of probation and parole** shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The **parole** board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole

eligibility for an ordinary life sentence.

6. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

7. A victim who has requested an opportunity to be heard shall receive notice that the **parole** board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

8. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a **parole** board member at the **parole** board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The **parole** board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

9. The **parole** board shall notify any person of the results of a parole eligibility hearing if the person indicates to the **parole** board a desire to be notified.

10. The **parole** board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

11. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The **parole** board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. **Parole** board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

12. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

13. Beginning January 1, 2001, the **parole** board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the **parole** board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the **parole** board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

14. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

217.692. 1. Notwithstanding any other provision of law to the contrary, any offender incarcerated in a correctional institution serving any sentence of life with no parole for fifty years or life without parole, whose plea of guilt was entered or whose trial commenced prior to December 31, 1990, and who:

- (1) Pleaded guilty to or was found guilty of a homicide of a spouse or domestic partner;
- (2) Has no prior violent felony convictions;
- (3) No longer has a cognizable legal claim or legal recourse; and

(4) Has a history of being a victim of continual and substantial physical or sexual domestic violence that was not presented as an affirmative defense at trial or sentencing and such history can be corroborated with evidence of facts or circumstances which existed at the time of the alleged physical or sexual domestic violence of the offender, including but not limited to witness statements, hospital records, social services records, and law enforcement records;

shall be eligible for parole after having served fifteen years of such sentence when the **parole** board determines by using the guidelines established by this section that there is a strong and reasonable probability that the person will not thereafter violate the law.

2. The [board of probation and] **parole board** shall give a thorough review of the case history and prison record of any offender described in subsection 1 of this section. At the end of the **parole** board's review, the **parole** board shall provide the offender with a copy of a statement of reasons for its parole decision.

3. Any offender released under the provisions of this section shall be under the supervision of the [parole board] **division of probation and parole** for an amount of time to be determined by the **parole** board.

4. The parole board shall consider, but not be limited to the following criteria when making its parole decision:

- (1) Length of time served;
- (2) Prison record and self-rehabilitation efforts;

(3) Whether the history of the case included corroborative material of physical, sexual, mental, or emotional abuse of the offender, including but not limited to witness statements, hospital records, social service records, and law enforcement records;

- (4) If an offer of a plea bargain was made and if so, why the offender rejected or accepted the offer;
- (5) Any victim information outlined in subsection 8 of section 217.690 and section 595.209;
- (6) The offender's continued claim of innocence;
- (7) The age and maturity of the offender at the time of the **parole** board's decision;
- (8) The age and maturity of the offender at the time of the crime and any contributing influence affecting the offender's judgment;
- (9) The presence of a workable parole plan; and
- (10) Community and family support.

5. Nothing in this section shall limit the review of any offender's case who is eligible for parole prior to fifteen years, nor shall it limit in any way the parole board's power to grant parole prior to fifteen years.

6. Nothing in this section shall limit the review of any offender's case who has applied for executive clemency, nor shall it limit in any way the governor's power to grant clemency.

7. It shall be the responsibility of the offender to petition the **parole** board for a hearing under this section.

8. A person commits the crime of perjury if he or she, with the purpose to deceive, knowingly makes a false witness statement to the **parole** board. Perjury under this section shall be a class D felony.

9. In cases where witness statements alleging physical or sexual domestic violence are in conflict as to whether such violence occurred or was continual and substantial in nature, the history of such alleged violence shall be established by other corroborative evidence in addition to witness statements, as provided by subsection 1 of this section. A contradictory statement of the victim shall not be deemed a conflicting statement for purposes of this section.

217.695. 1. As used in this section, the following terms mean:

(1) "Chief law enforcement official", the county sheriff, chief of police or other public official responsible for enforcement of criminal laws within a county or city not within a county;

(2) "County" includes a city not within a county;

(3) "Offender", a person in the custody of the department or under the supervision of the [board] **division of probation and parole**.

2. Each offender to be released from custody of the department who will be under the supervision of the [board] **division of probation and parole**, except an offender transferred to another state pursuant to the interstate corrections compact, shall shortly before release be required to: complete a registration form indicating his intended address upon release, employer, parent's address, and such other information as may be required; submit to photographs; submit to fingerprints; or undergo other identification procedures including but not limited to hair samples or other identification indicia. All data and indicia of identification shall be compiled in duplicate, with one set to be retained by the department, and one set for the chief law enforcement official of the county of intended residence.

3. Any offender subject to the provisions of this section who changes his county of residence shall, in addition to notifying the [board] **division** of probation and parole, notify and register with the chief law

enforcement official of the county of residence within seven days after he changes his residence to that county.

4. Failure by an offender to register with the chief law enforcement official upon a change in the county of his residence shall be cause for revocation of the parole of the person except for good cause shown.

5. The department, the [board] **division of probation and parole**, and the chief law enforcement official shall cause the information collected on the initial registration and any subsequent changes in residence or registration to be recorded with the highway patrol criminal information system.

6. The director of the department of public safety shall design and distribute the registration forms required by this section and shall provide any administrative assistance needed to facilitate the provisions of this section.

217.710. 1. Probation and parole officers, supervisors and members of the [board of probation and] parole **board**, who are certified pursuant to the requirements of subsection 2 of this section shall have the authority to carry their firearms at all times. The department of corrections shall promulgate policies and operating regulations which govern the use of firearms by probation and parole officers, supervisors and members of the **parole board** when carrying out the provisions of sections 217.650 to 217.810. Mere possession of a firearm shall not constitute an employment activity for the purpose of calculating compensatory time or overtime.

2. The department shall determine the content of the required firearms safety training and provide firearms certification and recertification training for probation and parole officers, supervisors and members of the [board of probation and] parole **board**. A minimum of sixteen hours of firearms safety training shall be required. In no event shall firearms certification or recertification training for probation and parole officers and supervisors exceed the training required for officers of the state highway patrol.

3. The department shall determine the type of firearm to be carried by the officers, supervisors and members of the [board of probation and] parole **board**.

4. Any officer, supervisor or member of the [board of probation and] parole **board** that chooses to carry a firearm in the performance of such officer's, supervisor's or member's duties shall purchase the firearm and holster.

5. The department shall furnish such ammunition as is necessary for the performance of the officer's, supervisor's and member's duties.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority of this chapter, shall become effective only if the agency has fully complied with all of the requirements of chapter 536 including but not limited to, section 536.028, if applicable, after August 28, 1998. All rulemaking authority delegated prior to August 28, 1998, is of no force and effect and repealed as of August 28, 1998, however nothing in section 571.030 or this section shall be interpreted to repeal or affect the validity of any rule adopted and promulgated prior to August 28, 1998. If the provisions of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in section 571.030 or this section shall affect the validity of any rule adopted and promulgated prior to August 28, 1998.

217.735. 1. Notwithstanding any other provision of law to the contrary, the division of probation and parole shall supervise an offender for the duration of his or her natural life when the offender has been found guilty of an offense under:

(1) Section 566.030, 566.032, 566.060, 566.062, 566.067, 566.083, 566.100, 566.151, 566.212, 566.213, 568.020, 568.080, or 568.090 based on an act committed on or after August 28, 2006; or

(2) Section 566.068, 566.069, 566.210, 566.211, 573.200, or 573.205 based on an act committed on or after January 1, 2017, against a victim who was less than fourteen years old and the offender is a prior sex offender as defined in subsection 2 of this section.

2. For the purpose of this section, a prior sex offender is a person who has previously pleaded guilty to or been found guilty of an offense contained in chapter 566 or violating section 568.020 when the person had sexual intercourse or deviate sexual intercourse with the victim, or violating subdivision (2) of subsection 1 of section 568.045.

3. Subsection 1 of this section applies to offenders who have been granted probation, and to offenders who have been released on parole, conditional release, or upon serving their full sentence without early release. Supervision of an offender who was released after serving his or her full sentence will be considered as supervision on parole.

4. A mandatory condition of lifetime supervision of an offender under this section is that the offender be electronically monitored. Electronic monitoring shall be based on a global positioning system or other technology that identifies and records the offender's location at all times.

5. In appropriate cases as determined by a risk assessment, the **parole** board may terminate the supervision of an offender who is being supervised under this section when the offender is sixty-five years of age or older.

6. In accordance with section 217.040, the [board] **division of probation and parole** may adopt rules relating to supervision and electronic monitoring of offenders under this section.

217.829. 1. The department shall develop a form which shall be used by the department to obtain information from all offenders regarding their assets.

2. The form shall be submitted to each offender as of the date the form is developed and to every offender who thereafter is sentenced to imprisonment under the jurisdiction of the department. The form may be resubmitted to an offender by the department for purposes of obtaining current information regarding assets of the offender.

3. Every offender shall complete the form or provide for completion of the form and the offender shall swear or affirm under oath that to the best of his or her knowledge the information provided is complete and accurate. Any person who shall knowingly provide false information on said form to state officials or employees shall be guilty of the crime of making a false affidavit as provided by section 575.050.

4. Failure by an offender to fully, adequately and correctly complete the form may be considered by the [board of probation and] parole **board** for purposes of a parole determination, and in determining an offender's parole release date or eligibility and shall constitute sufficient grounds for denial of parole.

5. Prior to release of any offender from imprisonment, and again prior to release from the jurisdiction of the department, the department shall request from the offender an assignment of ten percent of any

wages, salary, benefits or payments from any source. Such an assignment shall be valid for the longer period of five years from the date of its execution, or five years from the date that the offender is released from the jurisdiction of the department or any of its divisions or agencies. The assignment shall secure payment of the total cost of care of the offender executing the assignment. The restrictions on the maximum amount of earnings subject to garnishment contained in section 525.030 shall apply to earnings subject to assignments executed pursuant to this subsection.

549.500. All documents prepared or obtained in the discharge of official duties by any member or employee of the [board of probation and] parole **board or employee of the division of probation and parole** shall be privileged and shall not be disclosed directly or indirectly to anyone other than members of the **parole** board and other authorized employees of the department pursuant to section 217.075. The **parole** board may at its discretion permit the inspection of the report or parts thereof by the offender or his attorney or other persons having a proper interest therein.”; and

Further amend said bill, Page 2, Section 557.045, Line 15, by inserting after all of said section and line the following:

“557.051. 1. A person who has been found guilty of an offense under chapter 566, or any sex offense involving a child under chapter 568 or 573, and who is granted a suspended imposition or execution of sentence or placed under the supervision of the [board] **division** of probation and parole shall be required to participate in and successfully complete a program of treatment, education and rehabilitation designed for perpetrators of sexual offenses. Persons required to attend a program under this section shall be required to follow all directives of the treatment program provider, and may be charged a reasonable fee to cover the costs of such program.

2. A person who provides assessment services or who makes a report, finding, or recommendation for any offender to attend any counseling or program of treatment, education or rehabilitation as a condition or requirement of probation following a finding of guilt for an offense under chapter 566, or any sex offense involving a child under chapter 568 or 573, shall not be related within the third degree of consanguinity or affinity to any person who has a financial interest, whether direct or indirect, in the counseling or program of treatment, education or rehabilitation or any financial interest, whether direct or indirect, in any private entity which provides the counseling or program of treatment, education or rehabilitation. A person who violates this subsection shall thereafter:

(1) Immediately remit to the state of Missouri any financial income gained as a direct or indirect result of the action constituting the violation;

(2) Be prohibited from providing assessment or counseling services or any program of treatment, education or rehabilitation to, for, on behalf of, at the direction of, or in contract with the state [board] **division** of probation and parole or any office thereof; and

(3) Be prohibited from having any financial interest, whether direct or indirect, in any private entity which provides assessment or counseling services or any program of treatment, education or rehabilitation to, for, on behalf of, at the direction of, or in contract with the [state board] **division** of probation and parole or any office thereof.

3. The provisions of subsection 2 of this section shall not apply when the department of corrections has identified only one qualified service provider within reasonably accessible distance from the offender or when the only providers available within a reasonable distance are related within the third degree of

consanguinity or affinity to any person who has a financial interest in the service provider.

558.011. 1. The authorized terms of imprisonment, including both prison and conditional release terms, are:

(1) For a class A felony, a term of years not less than ten years and not to exceed thirty years, or life imprisonment;

(2) For a class B felony, a term of years not less than five years and not to exceed fifteen years;

(3) For a class C felony, a term of years not less than three years and not to exceed ten years;

(4) For a class D felony, a term of years not to exceed seven years;

(5) For a class E felony, a term of years not to exceed four years;

(6) For a class A misdemeanor, a term not to exceed one year;

(7) For a class B misdemeanor, a term not to exceed six months;

(8) For a class C misdemeanor, a term not to exceed fifteen days.

2. In cases of class D and E felonies, the court shall have discretion to imprison for a special term not to exceed one year in the county jail or other authorized penal institution, and the place of confinement shall be fixed by the court. If the court imposes a sentence of imprisonment for a term longer than one year upon a person convicted of a class D or E felony, it shall commit the person to the custody of the department of corrections.

3. (1) When a regular sentence of imprisonment for a felony is imposed, the court shall commit the person to the custody of the department of corrections for the term imposed under section 557.036, or until released under procedures established elsewhere by law.

(2) A sentence of imprisonment for a misdemeanor shall be for a definite term and the court shall commit the person to the county jail or other authorized penal institution for the term of his or her sentence or until released under procedure established elsewhere by law.

4. (1) Except as otherwise provided, a sentence of imprisonment for a term of years for felonies other than dangerous felonies as defined in section 556.061, and other than sentences of imprisonment which involve the individual's fourth or subsequent remand to the department of corrections shall consist of a prison term and a conditional release term. The conditional release term of any term imposed under section 557.036 shall be:

(a) One-third for terms of nine years or less;

(b) Three years for terms between nine and fifteen years;

(c) Five years for terms more than fifteen years; and the prison term shall be the remainder of such term. The prison term may be extended by the [board of probation and] parole **board** pursuant to subsection 5 of this section.

(2) "Conditional release" means the conditional discharge of an offender by the [board of probation and] parole **board**, subject to conditions of release that the **parole board** deems reasonable to assist the offender to lead a law-abiding life, and subject to the supervision under the [state board] **division** of probation and parole. The conditions of release shall include avoidance by the offender of any other offense, federal or

state, and other conditions that the **parole** board in its discretion deems reasonably necessary to assist the releasee in avoiding further violation of the law.

5. The date of conditional release from the prison term may be extended up to a maximum of the entire sentence of imprisonment by the [board of probation and] parole **board**. The director of any division of the department of corrections except the [board] **division** of probation and parole may file with the [board of probation and] parole **board** a petition to extend the conditional release date when an offender fails to follow the rules and regulations of the division or commits an act in violation of such rules. Within ten working days of receipt of the petition to extend the conditional release date, the [board of probation and] parole **board** shall convene a hearing on the petition. The offender shall be present and may call witnesses in his or her behalf and cross-examine witnesses appearing against the offender. The hearing shall be conducted as provided in section 217.670. If the violation occurs in close proximity to the conditional release date, the conditional release may be held for a maximum of fifteen working days to permit necessary time for the division director to file a petition for an extension with the **parole** board and for the **parole** board to conduct a hearing, provided some affirmative manifestation of an intent to extend the conditional release has occurred prior to the conditional release date. If at the end of a fifteen-working-day period a **parole** board decision has not been reached, the offender shall be released conditionally. The decision of the **parole** board shall be final.

558.026. 1. Multiple sentences of imprisonment shall run concurrently unless the court specifies that they shall run consecutively; except in the case of multiple sentences of imprisonment imposed for any offense committed during or at the same time as, or multiple offenses of, the following felonies:

- (1) Rape in the first degree, forcible rape, or rape;
- (2) Statutory rape in the first degree;
- (3) Sodomy in the first degree, forcible sodomy, or sodomy;
- (4) Statutory sodomy in the first degree; or

(5) An attempt to commit any of the felonies listed in this subsection. In such case, the sentence of imprisonment imposed for any felony listed in this subsection or an attempt to commit any of the aforesaid shall run consecutively to the other sentences. The sentences imposed for any other offense may run concurrently.

2. If a person who is on probation, parole or conditional release is sentenced to a term of imprisonment for an offense committed after the granting of probation or parole or after the start of his conditional release term, the court shall direct the manner in which the sentence or sentences imposed by the court shall run with respect to any resulting probation, parole or conditional release revocation term or terms. If the subsequent sentence to imprisonment is in another jurisdiction, the court shall specify how any resulting probation, parole or conditional release revocation term or terms shall run with respect to the foreign sentence of imprisonment.

3. A court may cause any sentence it imposes to run concurrently with a sentence an individual is serving or is to serve in another state or in a federal correctional center. If the Missouri sentence is served in another state or in a federal correctional center, subsection 4 of section 558.011 and section 217.690 shall apply as if the individual were serving his sentence within the department of corrections of the state of Missouri, except that a personal hearing before the [board of probation and] parole **board** shall not be required for parole consideration.

558.031. 1. A sentence of imprisonment shall commence when a person convicted of an offense in this state is received into the custody of the department of corrections or other place of confinement where the offender is sentenced. Such person shall receive credit toward the service of a sentence of imprisonment for all time in prison, jail or custody after the offense occurred and before the commencement of the sentence, when the time in custody was related to that offense, except:

(1) Such credit shall only be applied once when sentences are consecutive;

(2) Such credit shall only be applied if the person convicted was in custody in the state of Missouri, unless such custody was compelled exclusively by the state of Missouri's action; and

(3) As provided in section 559.100.

2. The officer required by law to deliver a person convicted of an offense in this state to the department of corrections shall endorse upon the papers required by section 217.305 both the dates the offender was in custody and the period of time to be credited toward the service of the sentence of imprisonment, except as endorsed by such officer.

3. If a person convicted of an offense escapes from custody, such escape shall interrupt the sentence. The interruption shall continue until such person is returned to the correctional center where the sentence was being served, or in the case of a person committed to the custody of the department of corrections, to any correctional center operated by the department of corrections. An escape shall also interrupt the jail time credit to be applied to a sentence which had not commenced when the escape occurred.

4. If a sentence of imprisonment is vacated and a new sentence imposed upon the offender for that offense, all time served under the vacated sentence shall be credited against the new sentence, unless the time has already been credited to another sentence as provided in subsection 1 of this section.

5. If a person released from imprisonment on parole or serving a conditional release term violates any of the conditions of his or her parole or release, he or she may be treated as a parole violator. If the [board of probation and] parole **board** revokes the parole or conditional release, the paroled person shall serve the remainder of the prison term and conditional release term, as an additional prison term, and the conditionally released person shall serve the remainder of the conditional release term as a prison term, unless released on parole.

558.046. The sentencing court may, upon petition, reduce any term of sentence or probation pronounced by the court or a term of conditional release or parole pronounced by the [state board of probation and] parole **board** if the court determines that:

(1) The convicted person was:

(a) Convicted of an offense that did not involve violence or the threat of violence; and

(b) Convicted of an offense that involved alcohol or illegal drugs; and

(2) Since the commission of such offense, the convicted person has successfully completed a detoxification and rehabilitation program; and

(3) The convicted person is not:

(a) A prior offender, a persistent offender, a dangerous offender or a persistent misdemeanor offender as defined by section 558.016; or

(b) A persistent sexual offender as defined in section 566.125; or

(c) A prior offender, a persistent offender or a class X offender as defined in section 558.019.

559.026. Except in infraction cases, when probation is granted, the court, in addition to conditions imposed pursuant to section 559.021, may require as a condition of probation that the offender submit to a period of detention up to forty-eight hours after the determination by a probation or parole officer that the offender violated a condition of continued probation or parole in an appropriate institution at whatever time or intervals within the period of probation, consecutive or nonconsecutive, the court shall designate, or the [board] **division** of probation and parole shall direct. Any person placed on probation in a county of the first class or second class or in any city with a population of five hundred thousand or more and detained as herein provided shall be subject to all provisions of section 221.170, even though he was not convicted and sentenced to a jail or workhouse.

(1) In misdemeanor cases, the period of detention under this section shall not exceed the shorter of thirty days or the maximum term of imprisonment authorized for the misdemeanor by chapter 558.

(2) In felony cases, the period of detention under this section shall not exceed one hundred twenty days.

(3) If probation is revoked and a term of imprisonment is served by reason thereof, the time spent in a jail, half-way house, honor center, workhouse or other institution as a detention condition of probation shall be credited against the prison or jail term served for the offense in connection with which the detention condition was imposed.

559.105. 1. Any person who has been found guilty of or has pled guilty to an offense may be ordered by the court to make restitution to the victim for the victim's losses due to such offense. Restitution pursuant to this section shall include, but not be limited to a victim's reasonable expenses to participate in the prosecution of the crime.

2. No person ordered by the court to pay restitution pursuant to this section shall be released from probation until such restitution is complete. If full restitution is not made within the original term of probation, the court shall order the maximum term of probation allowed for such offense.

3. Any person eligible to be released on parole shall be required, as a condition of parole, to make restitution pursuant to this section. The [board of probation and] parole **board** shall not release any person from any term of parole for such offense until the person has completed such restitution, or until the maximum term of parole for such offense has been served.

4. The court may set an amount of restitution to be paid by the defendant. Said amount may be taken from the inmate's account at the department of corrections while the defendant is incarcerated. Upon conditional release or parole, if any amount of such court-ordered restitution is unpaid, the payment of the unpaid balance may be collected as a condition of conditional release or parole by the prosecuting attorney or circuit attorney under section 559.100. The prosecuting attorney or circuit attorney may refer any failure to make such restitution as a condition of conditional release or parole to the parole board for enforcement.

559.106. 1. Notwithstanding any statutory provision to the contrary, when a court grants probation to an offender who has been found guilty of an offense in:

(1) Section 566.030, 566.032, 566.060, 566.062, 566.067, 566.083, 566.100, 566.151, [566.212, 566.213] **566.210, 566.211**, 568.020, [568.080, or 568.090] **573.200, or 573.205**, based on an act committed on or after August 28, 2006; or

(2) Section 566.068, 566.069, 566.210, 566.211, 573.200, or 573.205 based on an act committed on or after January 1, 2017, against a victim who was less than fourteen years of age and the offender is a prior sex offender as defined in subsection 2 of this section;

the court shall order that the offender be supervised by the [board] **division** of probation and parole for the duration of his or her natural life.

2. For the purpose of this section, a prior sex offender is a person who has previously been found guilty of an offense contained in chapter 566, or violating section 568.020, when the person had sexual intercourse or deviate sexual intercourse with the victim, or of violating subdivision (2) of subsection 1 of section 568.045.

3. When probation for the duration of the offender's natural life has been ordered, a mandatory condition of such probation is that the offender be electronically monitored. Electronic monitoring shall be based on a global positioning system or other technology that identifies and records the offender's location at all times.

4. In appropriate cases as determined by a risk assessment, the court may terminate the probation of an offender who is being supervised under this section when the offender is sixty-five years of age or older.

559.115. 1. Neither probation nor parole shall be granted by the circuit court between the time the transcript on appeal from the offender's conviction has been filed in appellate court and the disposition of the appeal by such court.

2. Unless otherwise prohibited by subsection 8 of this section, a circuit court only upon its own motion and not that of the state or the offender shall have the power to grant probation to an offender anytime up to one hundred twenty days after such offender has been delivered to the department of corrections but not thereafter. The court may request information and a recommendation from the department concerning the offender and such offender's behavior during the period of incarceration. Except as provided in this section, the court may place the offender on probation in a program created pursuant to section 217.777, or may place the offender on probation with any other conditions authorized by law.

3. The court may recommend placement of an offender in a department of corrections one hundred twenty-day program under this subsection or order such placement under subsection 4 of section 559.036. Upon the recommendation or order of the court, the department of corrections shall assess each offender to determine the appropriate one hundred twenty-day program in which to place the offender, which may include placement in the shock incarceration program or institutional treatment program. When the court recommends and receives placement of an offender in a department of corrections one hundred twenty-day program, the offender shall be released on probation if the department of corrections determines that the offender has successfully completed the program except as follows. Upon successful completion of a program under this subsection, the [board] **division** of probation and parole shall advise the sentencing court of an offender's probationary release date thirty days prior to release. The court shall follow the recommendation of the department unless the court determines that probation is not appropriate. If the court determines that probation is not appropriate, the court may order the execution of the offender's sentence only after conducting a hearing on the matter within ninety to one hundred twenty days from the date the offender was delivered to the department of corrections. If the department determines the offender has not successfully completed a one hundred twenty-day program under this subsection, the offender shall be removed from the program and the court shall be advised of the removal. The department shall report on

the offender's participation in the program and may provide recommendations for terms and conditions of an offender's probation. The court shall then have the power to grant probation or order the execution of the offender's sentence.

4. If the court is advised that an offender is not eligible for placement in a one hundred twenty-day program under subsection 3 of this section, the court shall consider other authorized dispositions. If the department of corrections one hundred twenty-day program under subsection 3 of this section is full, the court may place the offender in a private program approved by the department of corrections or the court, the expenses of such program to be paid by the offender, or in an available program offered by another organization. If the offender is convicted of a class C, class D, or class E nonviolent felony, the court may order probation while awaiting appointment to treatment.

5. Except when the offender has been found to be a predatory sexual offender pursuant to section 566.125, the court shall request the department of corrections to conduct a sexual offender assessment if the defendant has been found guilty of sexual abuse when classified as a class B felony. Upon completion of the assessment, the department shall provide to the court a report on the offender and may provide recommendations for terms and conditions of an offender's probation. The assessment shall not be considered a one hundred twenty-day program as provided under subsection 3 of this section. The process for granting probation to an offender who has completed the assessment shall be as provided under subsections 2 and 6 of this section.

6. Unless the offender is being granted probation pursuant to successful completion of a one hundred twenty-day program the circuit court shall notify the state in writing when the court intends to grant probation to the offender pursuant to the provisions of this section. The state may, in writing, request a hearing within ten days of receipt of the court's notification that the court intends to grant probation. Upon the state's request for a hearing, the court shall grant a hearing as soon as reasonably possible. If the state does not respond to the court's notice in writing within ten days, the court may proceed upon its own motion to grant probation.

7. An offender's first incarceration under this section prior to release on probation shall not be considered a previous prison commitment for the purpose of determining a minimum prison term under the provisions of section 558.019.

8. Notwithstanding any other provision of law, probation may not be granted pursuant to this section to offenders who have been convicted of murder in the second degree pursuant to section 565.021; forcible rape pursuant to section 566.030 as it existed prior to August 28, 2013; rape in the first degree under section 566.030; forcible sodomy pursuant to section 566.060 as it existed prior to August 28, 2013; sodomy in the first degree under section 566.060; statutory rape in the first degree pursuant to section 566.032; statutory sodomy in the first degree pursuant to section 566.062; child molestation in the first degree pursuant to section 566.067 when classified as a class A felony; abuse of a child pursuant to section 568.060 when classified as a class A felony; or an offender who has been found to be a predatory sexual offender pursuant to section 566.125; or any offense in which there exists a statutory prohibition against either probation or parole.

559.125. 1. The clerk of the court shall keep in a permanent file all applications for probation or parole by the court, and shall keep in such manner as may be prescribed by the court complete and full records of all presentence investigations requested, probations or paroles granted, revoked or terminated and all discharges from probations or paroles. All court orders relating to any presentence investigation requested

and probation or parole granted under the provisions of this chapter and sections 558.011 and 558.026 shall be kept in a like manner, and, if the defendant subject to any such order is subject to an investigation or is under the supervision of the [state board] **division** of probation and parole, a copy of the order shall be sent to the [board] **division of probation and parole**. In any county where a parole board ceases to exist, the clerk of the court shall preserve the records of that **parole** board.

2. Information and data obtained by a probation or parole officer shall be privileged information and shall not be receivable in any court. Such information shall not be disclosed directly or indirectly to anyone other than the members of a parole board and the judge entitled to receive reports, except the court, **the division of probation and parole**, or the **parole** board may in its discretion permit the inspection of the report, or parts of such report, by the defendant, or offender or his or her attorney, or other person having a proper interest therein.

3. The provisions of subsection 2 of this section notwithstanding, the presentence investigation report shall be made available to the state and all information and data obtained in connection with preparation of the presentence investigation report may be made available to the state at the discretion of the court upon a showing that the receipt of the information and data is in the best interest of the state.

559.600. 1. In cases where the [board] **division** of probation and parole is not required under section 217.750 to provide probation supervision and rehabilitation services for misdemeanor offenders, the circuit and associate circuit judges in a circuit may contract with one or more private entities or other court-approved entity to provide such services. The court-approved entity, including private or other entities, shall act as a misdemeanor probation office in that circuit and shall, pursuant to the terms of the contract, supervise persons placed on probation by the judges for class A, B, C, and D misdemeanor offenses, specifically including persons placed on probation for violations of section 577.023. Nothing in sections 559.600 to 559.615 shall be construed to prohibit the [board] **division** of probation and parole, or the court, from supervising misdemeanor offenders in a circuit where the judges have entered into a contract with a probation entity.

2. In all cases, the entity providing such private probation service shall utilize the cutoff concentrations utilized by the department of corrections with regard to drug and alcohol screening for clients assigned to such entity. A drug test is positive if drug presence is at or above the cutoff concentration or negative if no drug is detected or if drug presence is below the cutoff concentration.

3. In all cases, the entity providing such private probation service shall not require the clients assigned to such entity to travel in excess of fifty miles in order to attend their regular probation meetings.

559.602. A private entity seeking to provide probation supervision and rehabilitation services to misdemeanor offenders shall make timely written application to the judges in a circuit. When approved by the judges of a circuit, the application, the judicial order of approval and the contract shall be forwarded to the [board] **division** of probation and parole. The contract shall contain the responsibilities of the private entity, including the offenses for which persons will be supervised. The [board] **division** may then withdraw supervision of misdemeanor offenders which are to be supervised by the court-approved private entity in that circuit.

559.607. 1. Judges of the municipal division in any circuit, acting through a chief or presiding judge, either may contract with a private or public entity or may employ any qualified person to serve as the city's probation officer to provide probation and rehabilitation services for persons placed on probation for violation of any ordinance of the city, specifically including the offense of operating or being in physical

control of a motor vehicle while under the influence of intoxicating liquor or narcotic drugs. The contracting city shall not be required to pay for any part of the cost of probation and rehabilitation services authorized under sections 559.600 to 559.615. Persons found guilty or pleading guilty to ordinance violations and placed on probation by municipal or city court judges shall contribute a service fee to the court in the amount set forth in section 559.604 to pay the cost of their probation supervision provided by a probation officer employed by the court or by a contract probation officer as provided for in section 559.604.

2. When approved by municipal court judges in the municipal division, the application, judicial order of approval, and the contract shall be forwarded to and filed with the [board] **division** of probation and parole. The court-approved private or public entity or probation officer employed by the court shall then function as the probation office for the city, pursuant to the terms of the contract or conditions of employment and the terms of probation ordered by the judge. Any city in this state which presently does not have probation services available for persons convicted of its ordinance violations, or that contracts out those services with a private entity, may, under the procedures authorized in sections 559.600 to 559.615, contract with and continue to contract with a private entity or employ any qualified person and contract with the municipal division to provide such probation supervision and rehabilitation services.

650.055. 1. Every individual who:

(1) Is found guilty of a felony or any offense under chapter 566; or

(2) Is seventeen years of age or older and arrested for burglary in the first degree under section 569.160, or burglary in the second degree under section 569.170, or a felony offense under chapter 565, 566, 567, 568, or 573; or

(3) Has been determined to be a sexually violent predator pursuant to sections 632.480 to 632.513; or

(4) Is an individual required to register as a sexual offender under sections 589.400 to 589.425;

shall have a fingerprint and blood or scientifically accepted biological sample collected for purposes of DNA profiling analysis.

2. Any individual subject to DNA collection and profiling analysis under this section shall provide a DNA sample:

(1) Upon booking at a county jail or detention facility; or

(2) Upon entering or before release from the department of corrections reception and diagnostic centers;
or

(3) Upon entering or before release from a county jail or detention facility, state correctional facility, or any other detention facility or institution, whether operated by a private, local, or state agency, or any mental health facility if committed as a sexually violent predator pursuant to sections 632.480 to 632.513;
or

(4) When the state accepts a person from another state under any interstate compact, or under any other

reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

(5) If such individual is under the jurisdiction of the department of corrections. Such jurisdiction includes persons currently incarcerated, persons on probation, as defined in section 217.650, and on parole, as also defined in section 217.650; or

(6) At the time of registering as a sex offender under sections 589.400 to 589.425.

3. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over individuals included in subsection 1 of this section which shall not be set aside or reversed is hereby made mandatory. The [board] **division** of probation or parole shall recommend that an individual on probation or parole who refuses to provide a DNA sample have his or her probation or parole revoked. In the event that a person's DNA sample is not adequate for any reason, the person shall provide another sample for analysis.

4. The procedure and rules for the collection, analysis, storage, expungement, use of DNA database records and privacy concerns shall not conflict with procedures and rules applicable to the Missouri DNA profiling system and the Federal Bureau of Investigation's DNA databank system.

5. Unauthorized use or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(1) Peace officers, as defined in section 590.010, and other employees of law enforcement agencies who need to obtain such records to perform their public duties;

(2) The attorney general or any assistant attorneys general acting on his or her behalf, as defined in chapter 27;

(3) Prosecuting attorneys or circuit attorneys as defined in chapter 56, and their employees who need to obtain such records to perform their public duties;

(4) The individual whose DNA sample has been collected, or his or her attorney; or

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and their employees who need to obtain such records to perform their public duties.

8. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. (1) An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal, or through the court granting an expungement of all official records under section 568.040. A certified copy of the court order establishing that such conviction has been reversed, guilty plea has been set aside, or expungement has been granted under section 568.040 shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(2) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on the grounds that the conviction has been reversed, the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, or an expungement of all official records has been granted by the court under section 568.040.

(3) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction, setting aside the plea, or granting an expungement of all official records under section 568.040, and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(4) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(5) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

- (1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;
- (2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;
- (3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;
- (4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample.

650.058. 1. Notwithstanding the sovereign immunity of the state, any individual who was found guilty of a felony in a Missouri court and was later determined to be actually innocent of such crime solely as a result of DNA profiling analysis may be paid restitution. The individual may receive an amount of one hundred dollars per day for each day of postconviction incarceration for the crime for which the individual is determined to be actually innocent. The petition for the payment of said restitution shall be filed with the sentencing court. For the purposes of this section, the term "actually innocent" shall mean:

- (1) The individual was convicted of a felony for which a final order of release was entered by the court;
- (2) All appeals of the order of release have been exhausted;
- (3) The individual was not serving any term of a sentence for any other crime concurrently with the sentence for which he or she is determined to be actually innocent, unless such individual was serving another concurrent sentence because his or her parole was revoked by a court or the [board of probation and] parole **board** in connection with the crime for which the person has been exonerated. Regardless of whether any other basis may exist for the revocation of the person's probation or parole at the time of conviction for the crime for which the person is later determined to be actually innocent, when the court's or the [board of probation and parole's] **parole board's** sole stated reason for the revocation in its order is the conviction for the crime for which the person is later determined to be actually innocent, such order shall, for purposes of this section only, be conclusive evidence that their probation or parole was revoked in connection with the crime for which the person has been exonerated; and
- (4) Testing ordered under section 547.035, or testing by the order of any state or federal court, if such person was exonerated on or before August 28, 2004, or testing ordered under section 650.055, if such person was or is exonerated after August 28, 2004, demonstrates a person's innocence of the crime for which the person is in custody.

Any individual who receives restitution under this section shall be prohibited from seeking any civil redress from the state, its departments and agencies, or any employee thereof, or any political subdivision or its employees. This section shall not be construed as a waiver of sovereign immunity for any purposes other than the restitution provided for herein. The department of corrections shall determine the aggregate amount of restitution owed during a fiscal year. If insufficient moneys are appropriated each fiscal year to pay

restitution to such persons, the department shall pay each individual who has received an order awarding restitution a pro rata share of the amount appropriated. Provided sufficient moneys are appropriated to the department, the amounts owed to such individual shall be paid on June thirtieth of each subsequent fiscal year, until such time as the restitution to the individual has been paid in full. However, no individual awarded restitution under this subsection shall receive more than thirty-six thousand five hundred dollars during each fiscal year. No interest on unpaid restitution shall be awarded to the individual. No individual who has been determined by the court to be actually innocent shall be responsible for the costs of care under section 217.831.

2. If the results of the DNA testing confirm the person's guilt, then the person filing for DNA testing under section 547.035, shall:

(1) Be liable for any reasonable costs incurred when conducting the DNA test, including but not limited to the cost of the test. Such costs shall be determined by the court and shall be included in the findings of fact and conclusions of law made by the court; and

(2) Be sanctioned under the provisions of section 217.262.

3. A petition for payment of restitution under this section may only be filed by the individual determined to be actually innocent or the individual's legal guardian. No claim or petition for restitution under this section may be filed by the individual's heirs or assigns. An individual's right to receive restitution under this section is not assignable or otherwise transferrable. The state's obligation to pay restitution under this section shall cease upon the individual's death. Any beneficiary designation that purports to bequeath, assign, or otherwise convey the right to receive such restitution shall be void and unenforceable.

4. An individual who is determined to be actually innocent of a crime under this chapter shall automatically be granted an order of expungement from the court in which he or she pled guilty or was sentenced to expunge from all official records all recordations of his or her arrest, plea, trial or conviction. Upon granting of the order of expungement, the records and files maintained in any administrative or court proceeding in an associate or circuit division of the court shall be confidential and only available to the parties or by order of the court for good cause shown. The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction and as if such event had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.

Amend House Committee Substitute for Senate Substitute No. 2 for Senate Bill No. 26, Page 2, Section 84.400, Line 14, by inserting after said section and line the following:

“217.690. 1. All releases or paroles shall issue upon order of the board, duly adopted.

2. Before ordering the parole of any offender, the board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the board. The board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of

appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated by the parole board.

7. The provisions of subsection 6 shall not apply to an offender found guilty of murder in the first degree or capital murder who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

[7.] **9. A victim who has requested an opportunity to be heard shall receive notice that the **parole** board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.**

[8.] **10. Parole hearings shall, at a minimum, contain the following procedures:**

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a **parole** board member at the **parole** board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The **parole** board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

[9.] **11. The **parole** board shall notify any person of the results of a parole eligibility hearing if the person indicates to the **parole** board a desire to be notified.**

[10.] **12. The **parole** board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.**

[11.] **13. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The **parole** board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community.**

Parole board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

[12.] **14.** Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

[13.] **15.** Beginning January 1, 2001, the **parole** board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the **parole** board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the **parole** board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

[14.] **16.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

217.692. 1. Notwithstanding any other provision of law to the contrary, any offender incarcerated in a correctional institution serving any sentence of life with no parole for fifty years or life without parole, whose plea of guilt was entered or whose trial commenced prior to December 31, 1990, and who:

- (1) Pleaded guilty to or was found guilty of a homicide of a spouse or domestic partner;
- (2) Has no prior violent felony convictions;
- (3) No longer has a cognizable legal claim or legal recourse; and

(4) Has a history of being a victim of continual and substantial physical or sexual domestic violence that was not presented as an affirmative defense at trial or sentencing and such history can be corroborated with evidence of facts or circumstances which existed at the time of the alleged physical or sexual domestic violence of the offender, including but not limited to witness statements, hospital records, social services records, and law enforcement records;

shall be eligible for parole after having served fifteen years of such sentence when the board determines by using the guidelines established by this section that there is a strong and reasonable probability that the person will not thereafter violate the law.

2. The board of probation and parole shall give a thorough review of the case history and prison record of any offender described in subsection 1 of this section. At the end of the board's review, the board shall provide the offender with a copy of a statement of reasons for its parole decision.

3. Any offender released under the provisions of this section shall be under the supervision of the parole board for an amount of time to be determined by the board.

4. The parole board shall consider, but not be limited to the following criteria when making its parole decision:

- (1) Length of time served;
- (2) Prison record and self-rehabilitation efforts;
- (3) Whether the history of the case included corroborative material of physical, sexual, mental, or emotional abuse of the offender, including but not limited to witness statements, hospital records, social service records, and law enforcement records;
- (4) If an offer of a plea bargain was made and if so, why the offender rejected or accepted the offer;
- (5) Any victim information outlined in subsection [8] **10.** of section 217.690 and section 595.209;
- (6) The offender's continued claim of innocence;
- (7) The age and maturity of the offender at the time of the board's decision;
- (8) The age and maturity of the offender at the time of the crime and any contributing influence affecting the offender's judgment;
- (9) The presence of a workable parole plan; and
- (10) Community and family support.

5. Nothing in this section shall limit the review of any offender's case who is eligible for parole prior to fifteen years, nor shall it limit in any way the parole board's power to grant parole prior to fifteen years.

6. Nothing in this section shall limit the review of any offender's case who has applied for executive clemency, nor shall it limit in any way the governor's power to grant clemency.

7. It shall be the responsibility of the offender to petition the board for a hearing under this section.

8. A person commits the crime of perjury if he or she, with the purpose to deceive, knowingly makes a false witness statement to the board. Perjury under this section shall be a class D felony.

9. In cases where witness statements alleging physical or sexual domestic violence are in conflict as to whether such violence occurred or was continual and substantial in nature, the history of such alleged violence shall be established by other corroborative evidence in addition to witness statements, as provided by subsection 1 of this section. A contradictory statement of the victim shall not be deemed a conflicting statement for purposes of this section.”; and

Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. (3) There is no other temporary, suitable placement for the child.

If the parent or legal guardian of the child does not make suitable arrangements for the custody and disposition of the child within five days of placement within the children's division, the child shall fall under the original and exclusive jurisdiction of the juvenile court under subdivision (1) or (2) of subsection 1 of section 211.031 and the juvenile officer shall file a petition with the juvenile court for further proceedings. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of sections 210.1250 to 210.1286 shall be invalid and void.”; and

The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

(2) Any license issued under chapter 313 or permit issued under chapter 571;

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;

(4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;

(5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or

(6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

(1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and

(2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law."; and"; and

"287.067. 1. In this chapter the term "occupational disease" is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The “prevailing factor” is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. “Loss of hearing due to industrial noise” is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. “Harmful noise” means sound capable of producing occupational deafness.

5. “Radiation disability” is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department or paid peace officers of a police department who are certified under chapter 590 if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

9. Posttraumatic stress disorder (PTSD) is recognized as an occupational disease for purposes of this chapter when diagnosed in a first responder, as that term is defined under section 67.145.”; and

The commission may set the matter for hearing by serving the applicant or licensee with written notice of the time and place of the hearing not less than five days prior to the date of the hearing and posting a public notice at each commission office. The commission shall require the applicant or licensee to pay the cost of placing a notice in a newspaper of general circulation in the applicant’s or licensee’s home dock city or county. The burden of proof that the gambling game is a game of skill is at all times on the petitioner. The petitioner shall have the affirmative responsibility of establishing [his or her] **the petitioner’s** case by a preponderance of evidence including:

(2) To license the operators of excursion gambling boats and operators of gambling games within such boats, to identify occupations within the excursion gambling boat operations which require licensing, and adopt standards for licensing the occupations including establishing fees for the occupational licenses and to license suppliers;

(3) To adopt standards under which all excursion gambling boat operations shall be held and standards for the facilities within which the gambling operations are to be held. Notwithstanding the provisions of chapter 311 to the contrary, the commission may authorize the operation of gambling games on an excursion gambling boat which is also licensed to sell or serve alcoholic beverages, wine, or beer. The commission shall regulate the wagering structure for gambling excursions, provided that the commission shall not establish any regulations or policies that limit the amount of wagers, losses, or buy-in amounts;

(4) To enter the premises of excursion gambling boats, facilities, or other places of business of a licensee within this state to determine compliance with sections 313.800 to 313.850;

(6) To assess any appropriate administrative penalty against a licensee, including, but not limited to, suspension, revocation, and penalties of an amount as determined by the commission up to three times the highest daily amount of gross receipts derived from wagering on the gambling games, whether unauthorized or authorized, conducted during the previous twelve months as well as confiscation and forfeiture of all gambling game equipment used in the conduct of unauthorized gambling games. (9) To require all licensees to file all financial reports required by rules and regulations of the commission;

(10) To issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, records, and other pertinent documents, and to administer oaths and affirmations to the witnesses,

(11) To keep accurate and complete records of its proceedings and to certify the records as may be appropriate;

(12) To ensure that the gambling games are conducted fairly. No gambling device shall be set to pay out less than eighty percent of all wagers;

(13) To require all licensees of gambling game operations to use a cashless wagering system whereby all players' money is converted to physical or electronic tokens, electronic cards, or chips which only can be used on the excursion gambling boat;

(14) To require excursion gambling boat licensees to develop a system, approved by the commission, that allows patrons the option to prohibit the excursion gambling boat licensee from using identifying information for marketing purposes. The provisions of this subdivision shall apply only to patrons giving identifying information for the first time. Such system shall be submitted to the commission by October 1, 2000, and approved by the commission by January 1, 2001. The excursion gambling boat licensee shall use identifying information obtained from patrons who have elected to have marketing blocked under the provisions of this section only for the purposes of enforcing the requirements contained in sections 313.800 to 313.850. This section shall not prohibit the commission from accessing identifying information for the purposes of enforcing section 313.004 and sections 313.800 to 313.850;

(15) To determine which of the authorized gambling games will be permitted on any licensed excursion gambling boat;

(16) [Excursion gambling boats shall cruise, unless the commission finds that the best interest of Missouri and the safety of the public indicate the need for continuous docking of the excursion gambling boat in any city or county authorized pursuant to subsection 10 of section 313.812.] The commission shall base its decision to [allow continuously docked] **license** excursion gambling boats on any of the following criteria: the docking location or the excursion cruise could cause danger to the boat's passengers, violate federal law or the law of another state, or cause disruption of interstate commerce or possible interference with railway or barge transportation. [In addition,] The commission shall consider economic feasibility or impact that would benefit land-based development and permanent job creation. The commission shall not discriminate among applicants for [continuous-docking] excursion gambling **boats** that are similarly situated with respect to the criteria set forth in this section;

(17) The commission shall render a finding concerning [the possibility of continuous docking, as described in subdivision (15) of this section,] **the transition from a boat, barge, or floating facility to a nonfloating facility** within thirty days after a hearing on any request from an applicant or licensee. Such hearing may be held prior to any final action on licensing to assist an applicant and any city or county in the finalizing of their economic development plan;

(18) To require any applicant for a license or renewal of a license to operate an excursion gambling boat to provide an affirmative action plan which has as its goal the use of best efforts to achieve maximum employment of African-Americans and other minorities and maximum participation in the procurement of contractual purchases of goods and services. This provision shall be administered in accordance with all federal and state employment laws, including Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991. At license renewal, the licensee will report on the effectiveness of the plan. The

commission shall include the licensee's reported information in its annual report to the joint committee on gaming and wagering;

(19) To take any other action as may be reasonable or appropriate to enforce sections 313.800 to 313.850 and the commission rules.

313.812. 1. **(1)** The commission may issue licenses pursuant to subsection 1 of section 313.807 when it is satisfied that the applicant has complied with all rules and regulations, including an update of all information provided to the commission in the licensee's initial application. The commission shall decide the number, location and type of excursion gambling boat in a city or county under subsection 10 of this section. The license shall set forth the name of the licensee, the type of license granted, the place where the excursion gambling boat will operate [and] **or** dock, including the docking of an excursion gambling boat which is continuously docked, and other information the commission deems appropriate. The commission shall have the ultimate responsibility of deciding the number, location, and type of excursion gambling boats licensed in a city or county; however, any city or county which has complied with the provisions of subsection 10 of this section shall submit to the commission a plan outlining the following:

[(1)] **(a)** The recommended number of licensed excursion gambling boats operating in such city or county;

[(2)] **(b)** The recommended licensee or licensees operating in such city or county;

[(3)] **(c)** The community's economic development or impact and affirmative action plan concerning minorities' and women's ownership, contracting and employment for the waterfront development;

[(4)] **(d)** The city or county proposed sharing of revenue with any other municipality;

[(5)] **(e)** Any other information such city or county deems necessary; and

[(6)] **(f)** Any other information the commission may determine is necessary.

(2) The commission shall provide for due dates for receiving such plan from the city or county.

2. A license to operate an excursion gambling boat shall only be granted to an applicant upon the express conditions that:

(1) The applicant shall not, by a lease, contract, understanding, or arrangement of any kind, grant, assign, or turn over to a person the operation of an excursion gambling boat licensed under this section or of the system of wagering described in section 313.817. This section does not prohibit a management contract with a person licensed by the commission; and

(2) The applicant shall not in any manner permit a person other than the licensee and the management licensee to have a share, percentage, or proportion of the money received for admissions to the excursion gambling boat.

3. The commission shall require, as a condition of granting a license, that an applicant operate an excursion gambling boat which, as nearly as practicable, resembles or is a part of Missouri's or the home dock city's or county's riverboat history.

4. The commission shall encourage through its rules and regulations the use of Missouri resources, goods and services in the operation of any excursion gambling boat.

5. The excursion gambling boat shall provide for nongaming areas, food service and a Missouri theme

gift shop. The amount of space used for gaming shall be determined in accordance with all rules and regulations of the commission and, **if applicable**, the United States Coast Guard safety regulations.

6. A license to operate gambling games or to operate an excursion gambling boat shall not be granted unless the applicant has, through clear and convincing evidence, demonstrated financial responsibility sufficient to meet adequately the requirements of the proposed enterprise.

7. Each applicant shall establish by clear and convincing evidence its fitness to be licensed. Without limitation, the commission may deny a license based solely on the fact that there is evidence that any of the following apply:

(1) The applicant has been suspended from operating an excursion gambling boat or a game of chance or gambling operation in another jurisdiction by a board or commission of that jurisdiction;

(2) The applicant is not the true owner of the enterprise proposed;

(3) The applicant is not the sole owner, and other persons have ownership in the enterprise, which fact has not been disclosed;

(4) The applicant is a corporation that is not publicly traded and ten percent or more of the stock of the corporation is subject to a contract or option to purchase at any time during the period for which the license is to be issued unless the contract or option was disclosed to the commission and the commission approved the sale or transfer during the period of the license;

(5) The applicant has knowingly made a false statement of a material fact to the commission; or

(6) The applicant has failed to meet a valid, bona fide monetary obligation in connection with an excursion gambling boat.

8. A license shall not be granted if the applicant has not established the applicant's good reputation and moral character or if the applicant has pled guilty to, or has been convicted of, a felony. No licensee shall employ or contract with any person who has pled guilty to, or has been convicted of, a felony to perform any duties directly connected with the licensee's privileges under a license granted pursuant to this section, except that employees performing nongaming related occupations as determined by the commission shall be exempt from the requirements of this subsection.

9. Except as provided in section 313.817, a licensee shall not lend to any person money or any other thing of value for the purpose of permitting that person to wager on any gambling game authorized by law. This does not prohibit credit card or debit card transactions or cashing of checks. Any check cashed, other than a credit instrument, [must] **shall** be deposited within twenty-four hours. Except for any credit instrument, the commission may require licensees to verify a sufficient account balance exists before cashing any check. Any licensee who violates the provisions of this subsection shall be subject to an administrative penalty of five thousand dollars for each violation. Such administrative penalties shall be assessed and collected by the commission.

10. (1) Gambling excursions including the operation of gambling games on an excursion gambling boat which is not continuously docked shall be allowed only on the Mississippi River and the Missouri River. No license to conduct gambling games on an excursion gambling boat in a city or county shall be issued unless and until the qualified voters of the city or county approve such activities pursuant to this subsection. The question shall be submitted to the qualified voters of the city or county at a general, primary or special election upon the motion of the governing body of the city or county or upon the petition of fifteen percent

of the qualified voters of the city or county determined on the basis of the number of votes cast for governor in the city or county at the last election held prior to the filing of the petition.

(2) The question shall be submitted in substantially the following form:

Shall the City (County) of _____ allow the licensing of excursion gambling boats or floating facilities as now or hereafter provided by Missouri gaming law in the city (county)?

☐ YES

☐ NO

(3) If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the commission may license excursion gambling boats in that city or county and such boats may operate on the Mississippi River and the Missouri River. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the commission shall not license such excursion gambling boats in such city or county unless and until the question is again submitted to and approved by a majority of the qualified voters of the city or county at a later election. Excursion gambling boats may only dock in a city or unincorporated area of a county which approves licensing of such excursion gambling boats pursuant to this subsection, but gambling operations may be conducted at any point on the Mississippi River or the Missouri River during an excursion. Those cities and counties which have approved by election pursuant to this subsection, except those cities or counties which have subsequently rejected by election, the licensing of any type of excursion gambling boats in the city or county prior to April 6, 1994, are exempt from any local election requirement of this section as such previous election shall have the same effect as if held after May 20, 1994.

11. If a docking fee is charged by a city or a county, a licensee operating an excursion gambling boat shall pay the docking fee prior to the start of the excursion season.

12. Any licensee shall not be delinquent in the payment of property taxes or other taxes or fees or in the payment of any other contractual obligation or debt due or owed to the state or a political subdivision of the state.

13. An excursion gambling boat licensed by the state shall meet all of the requirements of chapter 306 and is subject to an inspection of its sanitary facilities to protect the environment and water quality by the commission or its designee before a license to operate an excursion gambling boat is issued by the commission. Licensed excursion gambling boats shall also be subject to such inspections during the period of the license as may be deemed necessary by the commission. The cost of such inspections shall be paid by the licensee.

14. A holder of any license shall be subject to imposition of penalties, suspension or revocation of such license, or if the person is an applicant for licensure, the denial of the application, for any act or failure to act by [himself] **such person** or [his] **such person's** agents or employees, that is injurious to the public health, safety, morals, good order and general welfare of the people of the state of Missouri, or that would discredit or tend to discredit the Missouri gaming industry or the state of Missouri unless the licensee proves by clear and convincing evidence that it is not guilty of such action. The commission shall take appropriate action against any licensee who violates the law or the rules and regulations of the commission. Without limiting other provisions of this subsection, the following acts or omissions may be grounds for such discipline:

(1) Failing to comply with or make provision for compliance with sections 313.800 to 313.850, the rules and regulations of the commission or any federal, state or local law or regulation;

- (2) Failing to comply with any rule, order or ruling of the commission or its agents pertaining to gaming;
 - (3) Receiving goods or services from a person or business entity who does not hold a supplier's license but who is required to hold such license by the provisions of sections 313.800 to 313.850 or the rules and regulations of the commission;
 - (4) Being suspended or ruled ineligible or having a license revoked or suspended in any state of gaming jurisdiction;
 - (5) Associating with, either socially or in business affairs, or employing persons of notorious or unsavory reputation or who have extensive police records, or who have failed to cooperate with any officially constituted investigatory or administrative body and would adversely affect public confidence and trust in gaming;
 - (6) Employing in any gambling games' operation or any excursion gambling boat operation, any person known to have been found guilty of cheating or using any improper device in connection with any gambling game;
 - (7) Use of fraud, deception, misrepresentation or bribery in securing any permit or license issued pursuant to sections 313.800 to 313.850;
 - (8) Obtaining or attempting to obtain any fee, charge, or other compensation by fraud, deception, or misrepresentation;
 - (9) Incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties regulated by sections 313.800 to 313.850.”; and”; and
- Further amend said amendment and page, Line 30, by deleting the word “July” and inserting in lieu thereof the word “January”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

12. The board may, at its discretion, audit the expenditure of any loan, grant, or expenditure made or the computation of any payments made.

13. The board shall not approve any application made under this section if the applicant has failed to return the board's annual survey of public safety answering points as required by the board under section

650.330.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 21

Amend House Committee Substitute for Senate Substitute No. 2 for Senate Bill No. 26, Page 2, Section 84.400, Line 14, by inserting after all of said section and line the following:

“217.689. Notwithstanding any law to the contrary, any offender sentenced prior to January 1, 2017, under subsection 2 or 3 of section 195.295 or under section 195.296 shall be eligible for parole after having served ten years of such sentence if the board determines that there is a strong and reasonable probability that the offender will not thereafter violate the law. This section shall not apply to any offender who is also serving a sentence for an offense under a section other than section 195.295 or 195.296.

311.060. 1. No person shall be granted a license hereunder unless such person is of good moral character and a qualified legal voter and a taxpaying citizen of the county, town, city or village, nor shall any corporation be granted a license hereunder unless the managing officer of such corporation is of good moral character and a qualified legal voter and taxpaying citizen of the county, town, city or village; and, except as otherwise provided under subsection 7 of this section, no person shall be granted a license or permit hereunder whose license as such dealer has been revoked, or who has been convicted, since the ratification of the twenty-first amendment to the Constitution of the United States, of a violation of the provisions of any law applicable to the manufacture or sale of intoxicating liquor, or who employs in his or her business as such dealer any person whose license has been revoked unless five years have passed since the revocation as provided under subsection 6 of this section, or who has been convicted of violating such law since the date aforesaid; provided, that nothing in this section contained shall prevent the issuance of licenses to nonresidents of Missouri or foreign corporations for the privilege of selling to duly licensed wholesalers and soliciting orders for the sale of intoxicating liquors to, by or through a duly licensed wholesaler, within this state.

2. (1) No person, partnership or corporation shall be qualified for a license under this law if such person, any member of such partnership, or such corporation, or any officer, director, or any stockholder owning, legally or beneficially, directly or indirectly, ten percent or more of the stock of such corporation, or other financial interest therein, or ten percent or more of the interest in the business for which the person, partnership or corporation is licensed, or any person employed in the business licensed under this law shall have had a license revoked under this law except as otherwise provided under subsections 6 and 7 of this section, or shall have been convicted of violating the provisions of any law applicable to the manufacture or sale of intoxicating liquor since the ratification of the twenty-first amendment to the Constitution of the United States, or shall not be a person of good moral character.

(2) No license issued under this chapter shall be denied, suspended, revoked or otherwise affected based solely on the fact that an employee of the licensee has been convicted of a felony unrelated to the manufacture or sale of intoxicating liquor. [Each employer shall report the identity of any employee convicted of a felony to the division of liquor control.] The division of liquor control shall promulgate rules to enforce the provisions of this subdivision.

(3) No wholesaler license shall be issued to a corporation for the sale of intoxicating liquor containing alcohol in excess of five percent by weight, except to a resident corporation as defined in this section.

3. A “resident corporation” is defined to be a corporation incorporated under the laws of this state, all the officers and directors of which, and all the stockholders, who legally and beneficially own or control sixty percent or more of the stock in amount and in voting rights, shall be qualified legal voters and taxpaying citizens of the county and municipality in which they reside and who shall have been bona fide residents of the state for a period of three years continuously immediately prior to the date of filing of application for a license, provided that a stockholder need not be a voter or a taxpayer, and all the resident stockholders of which shall own, legally and beneficially, at least sixty percent of all the financial interest in the business to be licensed under this law; provided, that no corporation, licensed under the provisions of this law on January 1, 1947, nor any corporation succeeding to the business of a corporation licensed on January 1, 1947, as a result of a tax-free reorganization coming within the provisions of Section 112, United States Internal Revenue Code, shall be disqualified by reason of the new requirements herein, except corporations engaged in the manufacture of alcoholic beverages containing alcohol in excess of five percent by weight, or owned or controlled, directly or indirectly, by nonresident persons, partnerships or corporations engaged in the manufacture of alcoholic beverages containing alcohol in excess of five percent by weight.

4. The term “financial interest” as used in this chapter is defined to mean all interest, legal or beneficial, direct or indirect, in the capital devoted to the licensed enterprise and all such interest in the net profits of the enterprise, after the payment of reasonable and necessary operating business expenses and taxes, including interest in dividends, preferred dividends, interest and profits, directly or indirectly paid as compensation for, or in consideration of interest in, or for use of, the capital devoted to the enterprise, or for property or money advanced, loaned or otherwise made available to the enterprise, except by way of ordinary commercial credit or bona fide bank credit not in excess of credit customarily granted by banking institutions, whether paid as dividends, interest or profits, or in the guise of royalties, commissions, salaries, or any other form whatsoever.

5. The supervisor shall by regulation require all applicants for licenses to file written statements, under oath, containing the information reasonably required to administer this section. Statements by applicants for licenses as wholesalers and retailers shall set out, with other information required, full information concerning the residence of all persons financially interested in the business to be licensed as required by regulation. All material changes in the information filed shall be promptly reported to the supervisor.

6. Any person whose license or permit issued under this chapter has been revoked shall be automatically eligible to work as an employee of an establishment holding a license or permit under this chapter five years after the date of the revocation.

7. Any person whose license or permit issued under this chapter has been revoked shall be eligible to apply and be qualified for a new license or permit five years after the date of the revocation. The person may be issued a new license or permit at the discretion of the division of alcohol and tobacco control. If the division denies the request for a new permit or license, the person may not submit a new application for five years from the date of the denial. If the application is approved, the person shall pay all fees required by law for the license or permit. Any person whose request for a new license or permit is denied may seek a determination by the administrative hearing commission as provided under section 311.691.

311.660. 1. The supervisor of liquor control shall have the authority to suspend or revoke for cause all such licenses; and to make the following regulations, without limiting the generality of provisions empowering the supervisor of liquor control as in this chapter set forth as to the following matters, acts and things:

(1) Fix and determine the nature, form and capacity of all packages used for containing intoxicating liquor of any kind, to be kept or sold under this law;

(2) Prescribe an official seal and label and determine the manner in which such seal or label shall be attached to every package of intoxicating liquor so sold under this law; this includes prescribing different official seals or different labels for the different classes, varieties or brands of intoxicating liquor;

(3) Prescribe all forms, applications and licenses and such other forms as are necessary to carry out the provisions of this chapter, except that when a licensee substantially complies with all requirements for the renewal of a license by the date on which the application for renewal is due, such licensee shall be permitted at least an additional ten days from the date notice is sent that the application is deficient, in which to complete the application;

(4) Prescribe the terms and conditions of the licenses issued and granted under this law;

(5) Prescribe the nature of the proof to be furnished and conditions to be observed in the issuance of duplicate licenses, in lieu of those lost or destroyed;

(6) Establish rules and regulations for the conduct of the business carried on by each specific licensee under the license, and such rules and regulations if not obeyed by every licensee shall be grounds for the revocation or suspension of the license;

(7) The right to examine books, records and papers of each licensee and to hear and determine complaints against any licensee;

(8) To issue subpoenas and all necessary processes and require the production of papers, to administer oaths and to take testimony;

(9) Prescribe all forms of labels to be affixed to all packages containing intoxicating liquor of any kind; and

(10) To make such other rules and regulations as are necessary and feasible for carrying out the provisions of this chapter, as are not inconsistent with this law.

2. Notwithstanding subsection 1 of this section, the supervisor of liquor control shall not prohibit persons from participating in the sale of intoxicating liquor within the scope of their employment solely on the basis of being found guilty of any felony offense, except for prohibitions set forth in sections 311.191 and 311.193.

313.220. 1. The commission shall promulgate such rules and regulations governing the establishment and operation of a state lottery as it deems necessary and desirable to fully implement the mandate of the people expressed in the approval of the lottery amendment to Article III of the Missouri Constitution. Such rules and regulations shall be designed so that a lottery may be initiated at the earliest feasible and practicable time. No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

2. The commission shall have the authority to require a fingerprint background check on any person seeking employment or employed by the commission, any person seeking contract with or contracted to the commission and any person seeking license from or licensed by the commission. The background check shall include a check of the Missouri criminal records repository and when the commission deems it necessary to perform a nationwide criminal history check, a check of the Federal Bureau of Investigation's

criminal records file. Fingerprints shall be submitted to the Missouri criminal records repository as required. Notwithstanding the provisions of section 610.120, the commission shall have access to closed criminal history information when fingerprints are submitted. **The commission shall not prohibit a person from participating in the sale of lottery tickets solely on the basis of the person being found guilty of any criminal offense; except that, the person shall not be eligible to be a licensed lottery game retailer under subsection 2 of section 313.260.”**; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Emergency Clause Adopted.

In which the concurrence of the Senate is respectfully requested.

The Senate met pursuant to adjournment.

Dear God, we thank You for the life that we have, we thank You that we are Your creation, we thank You for the breathe that you breath into mankind. You give each and everyone of us some purpose and we thank You for that. Be with this body as we continue these last few days, help us to be mindful of the people that we serve and help us to do so humbly in knowing that while we are flawed individuals, that we have something greater to aspire to, to look forward to, Your Son Jesus name. Amend House Committee Substitute for Senate Bill No. 226, Page 1, In the Title, Line 2-3, by deleting the words “sales tax” and inserting in lieu thereof the word “taxation”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 226, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

“143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer’s federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer’s federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer’s federal tax liability pursuant to Public

Law 116-136, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations

of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Such person shall not send any of [his] **such person's** children to the public schools of any district other than the one to which [he] **such person** has sent notice pursuant to this [subsection] **subdivision** in that school year or in which the majority of [his] **such person's** property lies without paying tuition to such school district.

(2) For all school years beginning on or after July 1, 2022, any owner of real property who elects to exercise the option provided in subdivision (2) of subsection 3 of this section shall exercise such option as provided in this subdivision. Such person shall send written notice to all school districts involved specifying which school district each child will attend thirty days prior to enrollment. When providing such notice, the person shall present proof of the person's payment of at least three thousand dollars of school taxes levied on the real property within such school district and ownership of the real property for no less than three years. Such proof may be determined by taking the school taxes paid on the most recent property tax receipt multiplied by the years of property ownership. If a school district to which the person wishes to send a child does not receive the notification required under this subdivision, the child shall attend school in the district in which the person resides. Such person shall not send a child to the public schools of any district in which the person does not reside other than the district to which such person has sent notice under this subdivision relating to the particular child for that school year.

5. If a pupil is attending school in a district other than the district of residence and the pupil's parent is teaching in the school district or is a regular employee of the school district which the pupil is attending, then the district in which the pupil attends school shall allow the pupil to attend school upon payment of tuition in the same manner in which the district allows other pupils not entitled to free instruction to attend school in the district. The provisions of this subsection shall apply only to pupils attending school in a district which has an enrollment in excess of thirteen thousand pupils and not in excess of fifteen thousand pupils and which district is located in a county [of the first classification] with a charter form of government which has a population in excess of six hundred thousand persons and not in excess of nine hundred thousand persons.”; and

HOUSE AMENDMENT NO. 7

Amend House Committee Substitute for Senate Bill No. 226, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

“143.081. 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. For purposes of this subsection, the phrase “income tax imposed” shall be that amount of tax before any income tax credit allowed by such other state or the District of Columbia if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer’s Missouri adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer’s Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other taxing jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction.

3. (1) For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder’s pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation.

(2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the shareholder’s pro rata share of any income tax imposed pursuant to chapter 143 on income derived from sources in another state of the United States, or a political subdivision thereof, or the District of Columbia, and which is subject to tax pursuant to chapter 143 but is not subject to tax in such other jurisdiction.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder’s pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid.”; and

HOUSE AMENDMENT NO. 2 TO HOUSE AMENDMENT NO. 8

Amend House Amendment No. 8 to House Committee Substitute for Senate Bill No. 226, Page 1, Line 4, by inserting immediately before the phrase “139.305” on said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor’s deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor’s city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor’s books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor’s plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location

thereof. As used in this subdivision, the word “comparable” means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than [fifty] **two hundred** hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon

the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or

readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444.”; and

5. Any costs incurred by a gas corporation for a qualified investment that are prudent, just, and reasonable may be recovered by means of an automatic rate adjustment clause.

6. When a gas corporation makes a qualified investment in the production of renewable natural gas, the costs associated with such qualified investment shall include the cost of capital established by the commission in the gas corporation's most recent general rate case.

7. On or before January 1, 2023, the division of energy within the department of natural resources shall provide to the chair of the public service commission, the speaker of the house of representatives, the president pro tempore of the senate, the chair of the senate committee on commerce, consumer protection, energy, and the environment, and the chair of the house of representatives utility committee, a report on the renewable natural gas program established under this section. HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 141, Page 1, Section 67.309, Line 6, by inserting after all of said section and line the following:

“91.025. 1. As used in this section, the following terms mean:

(1) “Municipally owned or operated electric power system”, a system for the distribution of electrical power and energy to the inhabitants of a municipality which is owned and operated by the municipality itself, whether operated under authority pursuant to this chapter or under a charter form of government;

(2) “Permanent service”, electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure’s anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(3) “Structure” or “structures”, an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical corporation, rural electric cooperative, municipally owned or operated electric power system, or joint municipal utility commission. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a municipally owned or operated electrical system, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by a customer, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over municipally owned or operated electric systems to accomplish the purpose of this section. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such municipally owned or operated electrical system, and nothing in this section, section 393.106, and section 394.315 shall affect the rights, privileges or duties of any municipality to form or operate municipally owned or operated electrical systems. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred.

3. Notwithstanding the provisions of this section and sections 393.106, 394.080, and 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

386.800. 1. No municipally owned electric utility may provide electric energy at retail to any structure located outside the municipality's corporate boundaries after July 11, 1991, unless:

(1) The structure was lawfully receiving permanent service from the municipally owned electric utility prior to July 11, 1991; [or]

(2) The service is provided pursuant to an approved territorial agreement under section 394.312;

(3) The service is provided pursuant to lawful municipal annexation and subject to the provisions of this section; or

(4) The structure is located in an area which was previously served by an electrical corporation regulated under chapter 386, and chapter 393, and the electrical corporation's authorized service territory was contiguous to or inclusive of the municipality's previous corporate boundaries, and the electrical corporation's ownership or operating rights within the area were acquired in total by the municipally owned electrical system prior to July 11, 1991. In the event that a municipally owned electric utility in a city with a population of more than one hundred twenty-five thousand located in a county of the first class not having a charter form of government and not adjacent to any other county of the first class desires to serve customers beyond the authorized service territory in an area which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as provided in this subdivision, **in the absence of an approved territorial agreement under section 394.312**, the municipally owned utility shall apply to the public service commission for an order assigning nonexclusive service territories

and concurrently shall provide written notice of the application to other electric service suppliers with electric facilities located in or within one mile outside of the boundaries of the proposed expanded service territory. The proposed service area shall be contiguous to the authorized service territory which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as a condition precedent to the granting of the application. The commission shall have one hundred twenty days from the date of application to grant or deny the requested order. The commission, **after a hearing**, may grant the order upon a finding that granting of the applicant's request is not detrimental to the public interest. In granting the applicant's request the commission shall give due regard to territories previously granted to **or served by** other electric service suppliers **and the wasteful duplication of electric service facilities.**

2. Any municipally owned electric utility may extend, pursuant to lawful annexation, its **electric** service territory to include [any structure located within a newly annexed area which has not received permanent service from another supplier within ninety days prior to the effective date of the annexation] **areas where another electric supplier currently is not providing permanent service to a structure. If a rural electric cooperative has existing electric service facilities with adequate and necessary service capability located in or within one mile outside the boundaries of the area proposed to be annexed, a majority of the existing developers, landowners, or prospective electric customers in the area proposed to be annexed may, anytime within forty five days prior to the effective date of the annexation, submit a written request to the governing body of the annexing municipality to invoke mandatory good faith negotiations under section 394.312 to determine which electric service supplier is best suited to serve all or portions of the newly annexed area. In such negotiations the following factors shall be considered, at a minimum:**

- (1) The preference of landowners and prospective electric customers;**
- (2) The rates, terms and conditions of service of the electric service suppliers;**
- (3) The economic impact on the electric service suppliers;**
- (4) Each electric service supplier's operational ability to serve all or portions of the annexed area within three years of the date the annexation becomes effective;**
- (5) Avoiding the wasteful duplication of electric facilities;**
- (6) Minimizing unnecessary encumbrances on the property and landscape within the area to be annexed; and**
- (7) Preventing the waste of materials and natural resources.**

If the municipally owned electric utility and rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty five days, then they may submit proposals to those submitting the original written request, whose preference shall control, section 394.080 to the contrary notwithstanding, and the governing body of the annexing municipality shall not reject the petition requesting annexation based on such preference. This subsection shall not apply to municipally-owned property in any newly annexed area.

3. In the event an electrical corporation rather than a municipally owned electric utility lawfully is providing electric service in the municipality, all the provisions of subsection 2 shall apply equally as if the electrical corporation were a municipally owned electric utility, except that if the electrical

corporation and the rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty five days, then either electric supplier may file an application with the commission for an order determining which electric supplier should serve, in whole or in part, the area to be annexed. The application shall be made pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. The commission after the opportunity for hearing shall make its determination after consideration of the factors set forth in subdivisions (1) through (7) of subsection 2 of this section, and section 394.080 to the contrary notwithstanding, may grant its order upon a finding that granting of the applicant's request is not detrimental to the public interest. The commission shall issue its decision by report and order no later than one hundred twenty days from the date of the application unless otherwise ordered by the commission for good cause shown. Review of such commission decisions shall be governed by sections 386.500 to 386.550. If the applicant is a rural electric cooperative, the commission shall charge to the rural electric cooperative the appropriate fees as set forth in subsection 9 of this section.

[3.] 4. When a municipally owned electric utility desires to extend its service territory to include any structure located within a newly annexed area which has received permanent service from another **electric service** supplier within ninety days prior to the effective date of the annexation, it shall:

(1) Notify by publication in a newspaper of general circulation the record owner of said structure, and notify in writing any affected electric **service** supplier and the public service commission, within sixty days after the effective date of the annexation its desire to extend its service territory to include said structure; and

(2) Within six months after the effective date of the annexation receive the approval of the municipality's governing body to begin negotiations pursuant to section 394.312 with [any] **the** affected electric **service** supplier.

[4.] 5. Upon receiving approval from the municipality's governing body pursuant to subsection 3 of this section, the municipally owned electric utility and the affected electric **service** supplier shall meet and negotiate in good faith the terms of the territorial agreement and any transfers or acquisitions, including, as an alternative, granting the affected electric **service** supplier a franchise or authority to continue providing service in the annexed area. In the event that the affected electric **service** supplier does not provide wholesale electric power to the municipality, if the affected electric **service** supplier so desires, the parties [shall] **may** also negotiate, consistent with applicable law, regulations and existing power supply agreements, for power contracts which would provide for the purchase of power by the municipality from the affected electric **service** supplier for an amount of power equivalent to the loss of any sales to customers receiving permanent service at structures within the annexed areas which are being sought by the municipally owned electric utility. The parties shall have no more than one hundred eighty days from the date of receiving approval from the municipality's governing body within which to conclude their negotiations and file their territorial agreement with the commission for approval under the provisions of section 394.312. The time period for negotiations allowed under this subsection may be extended for a period not to exceed one hundred eighty days by a mutual agreement of the parties and a written request with the public service commission.

[5.] 6. For purposes of this section, the term "fair and reasonable compensation" shall mean the following:

(1) The present-day reproduction cost, new, of the properties and facilities serving the annexed areas, less depreciation computed on a straight-line basis; and

(2) An amount equal to the reasonable and prudent cost of detaching the facilities in the annexed areas and the reasonable and prudent cost of constructing any necessary facilities to reintegrate the system of the affected electric **service** supplier outside the annexed area after detaching the portion to be transferred to the municipally owned electric utility; and

(3) [Four] **Two** hundred percent of gross revenues less gross receipts taxes received by the affected electric **service** supplier from the twelve-month period preceding the approval of the municipality's governing body under the provisions of subdivision (2) of subsection [3] **4** of this section, normalized to produce a representative usage from customers at the subject structures in the annexed area; and

(4) Any federal, state and local taxes which may be incurred as a result of the transaction, including the recapture of any deduction or credit; and

(5) Any other costs reasonably incurred by the affected electric supplier in connection with the transaction.

[6.] **7.** In the event the parties are unable to reach an agreement under subsection [4] **5** of this section, within sixty days after the expiration of the time specified for negotiations, the municipally owned electric utility **or the affected electric service supplier** may apply to the commission for an order assigning exclusive service territories within the annexed area and a determination of the fair and reasonable compensation amount to be paid to the affected electric **service** supplier under subsection [5] **6** of this section. Applications shall be made and notice of such filing shall be given to all affected parties pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. Unless otherwise ordered by the commission for good cause shown, the commission shall rule on such applications not later than one hundred twenty days after the application is properly filed with the secretary of the commission. The commission shall hold evidentiary hearings to assign service territory between **the** affected electric **service** suppliers inside the annexed area and to determine the amount of compensation due any affected electric **service** supplier for the transfer of plant, facilities or associated lost revenues between electric **service** suppliers in the annexed area. The commission shall make such determinations based on findings of what best serves the public interest and shall issue its decision by report and order. Review of such commission decisions shall be governed by sections 386.500 to 386.550. The payment of compensation and transfer of title and operation of the facilities shall occur within ninety days after the order and any appeal therefrom becomes final unless the order provides otherwise.

[7.] **8.** In reaching its decision under subsection [6] **7** of this section, the commission shall consider the following factors:

(1) Whether the acquisition or transfers sought by the municipally owned electric utility within the annexed area from the affected electric **service** supplier are, in total, in the public interest, including **the preference of the owner of any affected structure**, consideration of rate disparities between the competing electric **service** suppliers, and issues of unjust rate discrimination among customers of a single electric **service** supplier if the rates to be charged in the annexed areas are lower than those charged to other system customers; and

(2) The fair and reasonable compensation to be paid by the municipally owned electric utility, to the affected electric **service** supplier with existing system operations within the annexed area, for any proposed

acquisitions or transfers; and

(3) Any effect on system operation, including, but not limited to, loss of load and loss of revenue; and

(4) Any other issues upon which the municipally owned electric utility and the affected electric **service** supplier might otherwise agree, including, but not limited to, the valuation formulas and factors contained in subsections [4,] 5, 6 and [6] 7, of this section, even if the parties could not voluntarily reach an agreement thereon under those subsections.

[8.] **9.** The commission is hereby given all necessary jurisdiction over municipally owned electric utilities and rural electric cooperatives to carry out the purposes of this section consistent with other applicable law; provided, however, the commission shall not have jurisdiction to compel the transfer of customers or structures with a connected load greater than one thousand kilowatts. The commission shall by rule set appropriate fees to be charged on a case-by-case basis to municipally owned electric utilities and rural electric cooperatives to cover all necessary costs incurred by the commission in carrying out its duties under this section. **Nothing in this section shall be construed as otherwise conferring upon the public service commission jurisdiction over the service, rates, financing, accounting, or management of any rural electric cooperative or municipally-owned electric utility, except as provided in this section.**

10. Notwithstanding sections 394.020 and 394.080 to the contrary, a rural electric cooperative may provide electric service within the corporate boundaries of a municipality if such service is provided:

(1) Pursuant to subsections 2 through 9 of this section; and

(2) Such service is conditioned upon the execution of the appropriate territorial and municipal franchise agreements, which may include a nondiscriminatory requirement, consistent with other applicable law, that the rural electric cooperative collect and remit a sales tax based on the amount of electricity sold by the rural electric cooperative within the municipality.”; and

“393.355. 1. As used in this section, the following terms shall mean:

(1) **“Electrical corporation”**, the same meaning given to the term in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110;

(2) **“Facility”**, a:

(a) Facility whose primary industry is the [smelting] **processing** of [aluminum and] primary metals[, Standard Industrial Classification Code 3334];

(b) Facility whose primary industry is the production or fabrication of steel, North American Industrial Classification System 331110; or

(c) Facility with a new or incremental increase in load equal to or in excess of a monthly demand of fifty megawatts.

2. Notwithstanding section 393.130 or any other provision of law to the contrary, the public service commission shall have the authority to approve a special rate, outside a general rate proceeding, that is not based on the electrical corporation's cost of service for a facility if:

(1) The commission determines, but for the authorization of the special rate the facility would not commence operations, the special rate is in the interest of the state of Missouri when considering the interests of the customers of the electrical corporation serving the facility, considering the incremental cost of serving the facility to receive the special rate, and the interests of the citizens of the state generally in promoting economic development, improving the tax base, providing employment opportunities in the state, and promoting such other benefits to the state as the commission may determine are created by approval of the special rate;

(2) After approval of the special rate, the commission allocates in each general rate proceeding of the electrical corporation serving the facility the reduced revenues from the special rate as compared to the revenues that would have been generated at the rate the facility would have paid without the special rate to the electrical corporation's other customers through a uniform percentage adjustment to all components of the base rates of all customer classes; and

3. Any commission order approving a special rate authorized by this section to provide service to a facility in the manner specified under subsection 4 of this section shall establish, as part of the commission's approval of a special rate, a tracking mechanism to track changes in the net margin experienced by the electrical corporation serving the facility with the tracker to apply retroactively to the date the electrical corporation's base rates were last set in its last general rate proceeding concluded prior to June 14, 2017. The commission shall ensure that the changes in net margin experienced by the electrical corporation between the general rate proceedings as a result of serving the facility are calculated in such a manner that the electrical corporation's net income is neither increased nor decreased. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. Notwithstanding the provisions of section 393.170, an electrical corporation is authorized to provide electric service to a facility at a special rate for the new or incremental load authorized by the commission:

To receive a special rate, the electrical corporation serving the facility, or facility if the facility is located outside of the electrical corporation's certified service territory, shall file a written application with the commission specifying the requested special rate and any terms or conditions proposed by the facility respecting the requested special rate and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall be effective for no longer than ten years from the date such special rate is authorized. The

commission may impose such conditions, including but not limited to any conditions in a memorandum of understanding between the facility and the electrical corporation, on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

6. Any entity which has been granted a special rate under this section may reapply to the commission for a special rate under this section.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 6

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 141, Page 3, Section 393.135, Line 6, by inserting after all of said section and line the following:

“393.137. 1. [This section applies to electrical corporations that do not have a general rate proceeding pending before the commission as of the later of February 1, 2018, or June 1, 2018.

2.] For purposes of this section, the following terms shall mean:

(1) “Commission”, the public service commission;

(2) “**Tax legislation**”, **additions, deletions, or amendments to the Internal Revenue Code, Title 26 of the United States Code, to the Missouri income tax code, or regulations adopted under chapter 143;**

(3) [“Electrical corporation”, the same as] “**Utility**”, **an electrical corporation, gas corporation, water corporation, or sewer corporation, as defined in section 386.020[**, but]. “**Utility**” shall not include an electrical corporation as described in subsection 2 of section 393.110.

[3. If the rates of any electrical corporation to which this section applies have not already been adjusted to reflect the effects of the federal 2017 Tax Cut and Jobs Act, Pub. L. No. 115-97, 94 Stat. 2390, the commission shall have one time authority that shall be exercised within ninety days of June 1, 2018, to adjust such electrical corporation’s rates prospectively so that the income tax component of the revenue requirement used to set such an electrical corporation’s rates is based upon the provisions of such federal act without considering any other factor as otherwise required by section 393.270. The commission shall also require electrical corporations to which this section applies, as provided for under subsection 1 of this section, to defer to a regulatory asset the financial impact of such federal act on the electrical corporation for the period of January 1, 2018, through the date the electrical corporation’s rates are adjusted on a one-time basis as provided for in the immediately preceding sentence. The amounts deferred under this subsection shall be included in the revenue requirement used to set the electrical corporation’s rates in its subsequent general rate proceeding through an amortization over a period determined by the commission.]

2. If the United States Congress or general assembly enacts tax legislation that, had it been effective when the utility’s base rates were last set, would have resulted in a lower income tax component of the revenue requirement used to last set such base rates, the commission shall have the authority to, within one hundred eighty days of the enacted date of the subject tax legislation, enter an order adjusting such utility’s base rates prospectively so that the income tax component of the revenue requirement used to set such utility’s base rates is based upon the provisions of such tax legislation without considering any other factor as otherwise required by section 393.270. As part of its exercise of such authority, the commission shall also require the utility to defer to a regulatory liability an amount equal to the difference between what the income tax component of the revenue requirement last used to set its base rates was under the law at that time and what the income tax

component of the revenue requirement would have been had such tax legislation been in effect at that time. The deferral period shall commence with the date such tax legislation would have resulted in a lower income tax component of such revenue requirement last used to set the utility's base rates and continue through the date the utility's base rates are next adjusted. The amounts deferred under this subsection shall be included in the revenue requirement used to set the utility's base rates in its subsequent general rate proceedings through amortization over a period of up to three years, as determined by the commission.

[4.] 3. Upon good cause shown by [the electrical corporation] **a utility**, the commission may, as an alternative to requiring a [one-time] rate change and deferral under subsection [3] 2 of this section, allow a deferral **to a regulatory liability**, in whole or in part, of [such federal act's financial impacts to a regulatory asset starting January 1, 2018,] **the amounts that would have been reflected in a base rate reduction under subsection 2 of this section. The deferral period shall commence on the date such tax legislation would have resulted in a lower income tax component and continue** through the effective date of new rates in such [electrical corporation's] **utility's** next general rate proceeding. The deferred amounts shall be included in the revenue requirement used to set the [electrical corporation's] **utility's** rates in its subsequent general rate proceeding through an amortization over a period determined by the commission.

4. If the United States Congress or general assembly enacts tax legislation that, had it been in effect when the utility's base rates were last set, would have resulted in a higher income tax component of the revenue requirement used to last set such base rates, the utility shall be entitled, by giving notice to the commission within one hundred eighty days of the enacted date of such tax legislation, to defer to a regulatory asset an amount equal to the difference between what the income tax component of the revenue requirement used to last set its base rates was under the law at that time and what the income tax component of the revenue requirement would have been had such tax legislation been in effect at that time. The deferral period shall commence on the date such tax legislation would have resulted in a higher income tax component of such revenue requirement last used to set the utility's base rates and continue through the date the utility's base rates are next adjusted as provided for in this subsection. The amounts deferred under this subsection shall be included in the revenue requirement used to set the utility's rates in its subsequent general rate proceedings through amortization over a period of up to three years, as determined by the commission, without considering any other factor as otherwise required by section 393.270.

5. If the tax legislation that either reduces or increases the utility's income tax component, under subsection 2 or 4 of this section, does so at a point in time other than beginning with its effective date, or does so in multiple stages at different points in time, the commission order in subsection 1 of this section and the utility's notice in subsection 4 of this section shall be deemed to apply to the first point in time when the income tax component would have been changed and to subsequent changes in such income tax component arising from such tax legislation without the necessity of the commission issuing a subsequent order or the utility providing a subsequent notice, as the case may be. Each such change shall require a separate base rate change, deferral, and amortization period, as applicable.

6. If the United States Congress or general assembly has, prior to the effective date of this section, enacted tax legislation that either reduces or increases the utility's income tax component the one-hundred-eighty-day period in subsection 2 and 4 of this section shall commence on the effective date of this section.

7. Notwithstanding any other provision of this section to the contrary, the commission's authority to adjust utility rates and require deferrals regarding reductions in the income tax component of a utility's revenue requirement under subsections 2 and 3 of this section, and utility authority to defer and recover increases in the income tax component under subsection 4 of this section, shall not exist unless the addition, deletion, or amendment to tax legislation results in a difference in the income tax component of the utility's revenue requirement, calculated in accordance with subsection 2 or 4 of this section, as applicable, that is greater than an amount in excess of two-tenths of one percent of such utility's operating revenues reported to the commission in such utility's annual report for the calendar year preceding the calendar year in which such difference is calculated.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-SECOND DAY—THURSDAY, MAY 6, 2021

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

“Grow in grace and in the knowledge of the Lord...” (2 Peter 3:18)

Blessed Father, we began this morning in prayer and learning from one another. We are grateful for such times for they truly are a blessing to our souls and energize our lives. We shift gears from reflection to action as we are called to responsible considerations of bills before us, for we recognize it is our duty and obligation to do so that which is most helpful to others is placed before us. May we make decisions guided by Your spirit for then we know we are on the path that we must take. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Senator Rowden announced photographers from The Missouri Times were given permission to take pictures in the Senate Chamber.

Further amend said bill, Page 20, Section 211.012, Line 4, by inserting after all of said section and line

the following:

“211.072. 1. A juvenile under eighteen years of age who has been certified to stand trial as an adult for offenses pursuant to section 211.071, if currently placed in a secure juvenile detention facility, shall remain in a secure juvenile detention facility pending finalization of the judgment and completion of appeal, if any, of the judgment dismissing the juvenile petition to allow for prosecution under the general law unless otherwise ordered by the juvenile court. Upon the judgment dismissing the petition to allow prosecution under the general laws becoming final and adult charges being filed, if the juvenile is currently in a secure juvenile detention facility, the juvenile shall remain in such facility unless the juvenile posts bond or the juvenile is transferred to an adult jail. If the juvenile officer does not believe juvenile detention would be the appropriate placement or would continue to serve as the appropriate placement, the juvenile officer may file a motion in the adult criminal case requesting that the juvenile be transferred from a secure juvenile detention facility to an adult jail. The court shall hear evidence relating to the appropriateness of the juvenile remaining in a secure juvenile detention facility or being transferred to an adult jail. At such hearing, the following shall have the right to be present and have the opportunity to present evidence and recommendations at such hearing: the juvenile; the juvenile’s parents; the juvenile’s counsel; the prosecuting attorney; the juvenile officer or his or her designee for the circuit in which the juvenile was certified; the juvenile officer or his or her designee for the circuit in which the pre-trial certified juvenile is proposed to be held, if different from the circuit in which the juvenile was certified; counsel for the juvenile officer; and representatives of the county proposed to have custody of the pre-trial certified juvenile.

2. Following the hearing, the court shall order that the juvenile continue to be held in a secure juvenile detention facility subject to all Missouri juvenile detention standards, or the court shall order that the pre-trial certified juvenile be held in an adult jail but only after the court has made findings that it would be in the best interest of justice to move the pre-trial certified juvenile to an adult jail. The court shall weigh the following factors when deciding whether to detain a certified juvenile in an adult facility:

- (1) The certified juvenile’s age;**
- (2) The certified juvenile’s physical and mental maturity;**
- (3) The certified juvenile’s present mental state, including whether they present an imminent risk of self-harm;**
- (4) The nature and circumstances of the charges;**
- (5) The certified juvenile’s history of delinquency;**
- (6) The relative ability of the available adult and juvenile facilities to both meet the needs of the certified juvenile but to protect the public and other youth in their custody;**
- (7) The opinion of the juvenile officer in the circuit of the proposed placement as to the ability of that juvenile detention facility to provide for appropriate care, custody, and control of the pre-trial certified juvenile;**
- (8) Any other relevant factor.**

3. In the event the court finds that it is in the best interest of justice to require the certified juvenile to be held in an adult jail, the court shall hold a hearing once every thirty days to determine whether the placement of the certified juvenile in an adult jail is still in the best interests of justice.

4. A certified juvenile cannot be held in an adult jail for more than one hundred eighty days unless the court finds, for good cause, that an extension is necessary or the juvenile, through counsel, waives the one hundred eighty day maximum period. If no extension is granted under this subsection, the certified juvenile shall be transferred from the adult jail to a secure juvenile detention facility.

5. Effective December 21, 2021, all previously pre-trial certified juveniles under eighteen years of age who had been certified prior to August 28, 2021, shall be transferred from adult jail to a secure juvenile detention facility, unless a hearing is held and the court finds, based upon the factors in subsection 2 of this section, that it would be in the best interest of justice to keep the juvenile in the adult jail.

6. All pre-trial certified juveniles under eighteen years of age who are held in adult jails pursuant to the best interest of justice exception shall continue to be subject to the protections of the Prison Rape Elimination Act (PREA) and shall be physically separated from adult inmates.

7. If the certified juvenile remains in juvenile detention, the juvenile officer may file a motion to reconsider placement. The court shall consider the factors set out in subsection 2 of this section and the individuals set forth in subsection 1 of this section shall have a right to be present and present evidence. The court may amend its earlier order in light of the evidence and arguments presented at the hearing if the court finds that it would not be in the best interest of justice for the juvenile to remain in a secure juvenile detention facility.

8. Issues related to the setting of, and posting of, bond along with any bond forfeiture proceedings shall be held in the pre-trial certified juvenile's adult criminal case.

9. Upon attaining eighteen years of age or upon conviction on the adult charges, the juvenile shall be transferred from juvenile detention to the appropriate adult facility.

10. Any responsibility for transportation of and contracted service for the certified juvenile who remains in a secure juvenile detention facility shall be handled in the same manner as in all other adult criminal cases where the defendant is in custody.

11. The per diem provisions as set forth in section 211.156 shall apply to certified juveniles who are being held in a secure juvenile detention facility.”; and

The network shall ensure that the system through which the network provides telehealth services meets national standards for interoperability to connect to telehealth systems.

7. The department may consult and enter into any necessary contracts with any other local, state, or federal agency, institution of higher education, or private entity to carry out the provisions of this section, including, but not limited to, a contract to:

9. Beginning January 1, 2022, and each year thereafter, the department shall make publicly available a report that shall include the information submitted under subsection 8 of this section. The report shall also include, in collaboration with the department of public safety, information about the number of evidentiary

10. (1) The funding for the network shall be subject to appropriations. In addition to appropriations from the general assembly, the department shall apply for available grants and shall be able to accept other gifts, grants, bequests, and donations to develop and maintain the network and the training offered by the network.

(2) There is hereby created in the state treasury the “Justice for Survivors Telehealth Network Fund”, which shall consist of any gifts, grants, bequests, and donations accepted under this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

Beginning January 1, 2023, **or no later than six months after the establishment of the statewide telehealth network under section 192.2520, whichever is later**, any hospital licensed under this chapter shall perform a forensic examination using an evidentiary collection kit upon the request and consent of the victim of a sexual offense, or the victim’s guardian, when the victim is at least fourteen years of age. In the case of minor consent, the provisions of subsection 2 of section 595.220 shall apply. Victims under fourteen years of age shall be referred, **and victims fourteen years of age or older but less than eighteen years of age may be referred**, to a SAFE CARE provider, as such term is defined in section 334.950, for medical or forensic evaluation and case review. Nothing in this section shall be interpreted to preclude a hospital from performing a forensic examination for a victim under fourteen years of age upon the request and consent of the victim or victim’s guardian, subject to the provisions of section 595.220 and the rules promulgated by the department of public safety.

2. **(1)** An appropriate medical provider, as such term is defined in section 595.220, shall perform the forensic examination of a victim of a sexual offense. The hospital shall ensure that any provider performing the examination has received training conducting such examinations that is, at a minimum, equivalent to the training offered by the statewide telehealth network under subsection 4 of section 192.2520. **Nothing**

in this section shall require providers to utilize the training offered by the statewide telehealth network, as long as the training utilized is, at a minimum, equivalent to the training offered by the statewide telehealth network.

3. The department of health and senior services may issue a waiver of the telehealth requirements of subsection 2 of this section if the hospital demonstrates to the department, in writing, a technological hardship in accessing telehealth services or a lack of access to adequate broadband services sufficient to access telehealth services. Such waivers shall be granted sparingly and for no more than a year in length at a time, with the opportunity for renewal at the department's discretion.

4. The department shall waive the requirements of this section if the statewide telehealth network established under section 192.2520 ceases operation, the director of the department of health and senior services has provided written notice to hospitals licensed under this chapter that the network has ceased operation, and the hospital cannot, in good faith, comply with the requirements of this section without assistance or resources of the statewide telehealth network. Such waiver shall remain in effect until such time as the statewide telehealth network resumes operation or until the hospital is able to demonstrate compliance with the provisions of this section without the assistance or resources of the statewide telehealth network.

5. The provisions of section 595.220 shall apply to the reimbursement of the reasonable costs of the examinations and the provision of the evidentiary collection kits.

6. No individual hospital shall be required to comply with the provisions of this section and section 192.2520 unless and until the department provides such hospital with access to the statewide telehealth network for the purposes of mentoring and training services required under section 192.2520 without charge to the hospital.”; and

HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 53 & 60, Pages 36-37, Section 217.690, Lines 39-90, by deleting said lines and inserting in lieu thereof the following:

“6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated

by the parole board.

7. The provisions of subsection 6 shall not apply to an offender found guilty of murder in the first degree or capital murder who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

[7.] **9.** A victim who has requested an opportunity to be heard shall receive notice that the **parole** board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

[8.] **10.** Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a **parole** board member at the **parole** board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The **parole** board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

[9.] **11.** The **parole** board shall notify any person of the results of a parole eligibility hearing if the person indicates to the **parole** board a desire to be notified.

[10.] **12.** The **parole** board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

[11.] **13.** Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The **parole** board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. **Parole** board rules shall permit parole conditions to be modified by parole officers with review and approval

by supervisors.

[12.] **14.** Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

[13.] **15.** Beginning January 1, 2001, the **parole** board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the **parole** board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the **parole** board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

[14.] **16.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.”; and

(1) “Administering authority”, any individual or body authorized by a law enforcement agency to hear and make final decisions regarding appeals of disciplinary actions issued by such agency;

(2) “Color of law”, any act by a law enforcement officer, whether on duty or off duty, that is performed in furtherance of his or her sworn duty to enforce laws and to protect and serve the public;

(3) “Economic loss”, any economic loss including, but not limited to, loss of overtime accrual, overtime income, sick time accrual, sick time, secondary employment income, holiday pay, and vacation pay;

(4) “Good cause”, sufficient evidence or facts that would support a party’s request for extensions of time or any other requests seeking accommodations outside the scope of the rules set out herein;

(5) “Law enforcement officer”, any commissioned peace officer with the power to arrest for a violation of the criminal code who is employed by any unit of the state or any county, charter county, city, charter city, municipality, district, college, university, or any other political subdivision or is employed by the board of police commissioners as defined in chapter 84. “Law enforcement officer” shall not include any officer who is the highest ranking officer in the law enforcement agency.

2. Whenever a law enforcement officer is under administrative investigation or is subjected to administrative questioning that the officer reasonably believes could lead to disciplinary action, demotion, dismissal, transfer, or placement on a status that could lead to economic loss, the investigation or questioning shall be conducted under the following conditions:

(1) The law enforcement officer who is the subject of the investigation shall be informed, in writing, of the existence and nature of the alleged violation and the individuals who will be conducting the investigation. Notice shall be provided to the officer along with a copy of the complaint at least twenty-four hours prior to any interrogation or interview of the officer;

(2) Any person, including members of the same agency or department as the officer under investigation, filing a complaint against a law enforcement officer shall have the complaint supported by a written statement outlining the complaint that includes the personal identifying information of the person filing the complaint. All personal identifying information shall be held confidential by the investigating agency;

(3) When a law enforcement officer is questioned or interviewed regarding matters pertaining to his or her law enforcement duties or actions taken within the scope of his or her employment, such questioning shall be conducted for a reasonable length of time and only while the officer is on duty unless reasonable circumstances exist that necessitate questioning the officer while he or she is off duty;

(4) Any interviews or questioning shall be conducted at a secure location at the agency that is conducting the investigation or at the place where the officer reports to work, unless the officer consents to another location;

(5) Law enforcement officers shall be questioned by up to two investigators and shall be informed of the name, rank, and command of the investigator or investigators conducting the investigation; except that, separate investigators shall be assigned to investigate alleged department policy violations and alleged criminal violations;

(6) Interview sessions shall be for a reasonable period of time. There shall be times provided for the officer to allow for such personal necessities and rest periods as are reasonably necessary;

(7) Prior to an interview session, the investigator or investigators conducting the investigation shall advise the law enforcement officer of the rule set out in *Garrity v. New Jersey*, 385 U.S. 493 (1967), specifically that the law enforcement officer is being ordered to answer questions under threat of disciplinary action and that the officer's answers to the questions will not be used against the officer in criminal proceedings;

(8) Law enforcement officers shall not be threatened, harassed, or promised rewards to induce them into answering any question; except that, law enforcement officers may be compelled by their employer to give protected *Garrity* statements to an investigator under the direct control of the employer, but such compelled statements shall not be used or derivatively used against the officer in any aspect of a criminal case brought against the officer;

(9) Law enforcement officers under investigation are entitled to have an attorney or any duly authorized representative present during any questioning that the law enforcement officer reasonably believes may result in disciplinary action. The attorney or representative shall be permitted to confer with the officer but shall not unduly disrupt or interfere with the interview. The questioning shall be suspended for a period of up to twenty-four hours if the officer requests representation;

(10) Prior to the law enforcement officer being interviewed, the officer and his or her attorney or representative shall have the opportunity to review the complaint;

(11) Law enforcement officers or their designated representative shall have the right to bring their own recording device and may record all aspects of the interview;

(12) The law enforcement agency conducting the investigation shall have ninety days from receipt of a citizen complaint or from the date the agency became aware of the alleged conduct upon which the allegation rests to complete such investigation. The agency shall determine the disposition of the complaint and render a disciplinary decision, if any, within ninety days. The agency may, for good cause, petition the administering authority overseeing the administration of discipline for an extension of time to complete the investigation. If the administering authority finds the agency has shown good cause for the granting of an extension of time to complete the investigation, the administering authority shall grant an extension of up to sixty days. The agency is limited to two extensions per investigation; except that, if there is an ongoing criminal investigation there shall be no limitation on the amount of sixty-day extensions. For good cause shown, the internal investigation may be tolled until the conclusion of a concurrent criminal investigation arising out of the same alleged conduct. Absent consent from the officer being investigated, the administering authority overseeing the administration of discipline shall set the matter for hearing and shall provide notice of the hearing to the law enforcement officer under investigation. The officer shall have the right to attend the hearing and to present evidence and arguments against extension;

(13) Within five days of the conclusion of the administrative investigation, the investigator shall inform the officer, in writing, of the investigative findings and any recommendation for further action, including discipline;

(14) A complete record of the administrative investigation shall be kept by the law enforcement agency conducting such investigation. Upon completion of the investigation, a copy of the entire record, including, but not limited to, audio, video, and transcribed statements, shall be provided to the officer or the officer's representative within five business days of the officer's written request. The agency may request a protective order to redact all personal identifying witness information; and

(15) All records compiled as a result of any investigation subject to the provisions of this section shall be held confidential and shall not be subject to disclosure under chapter 610, except by lawful subpoena or court order, by release approved by the officer, or as provided in section 590.070.

3. Law enforcement officers who are suspended without pay, demoted, terminated, transferred, or placed on a status resulting in economic loss shall be entitled to a full due process hearing. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided for this section. The components of the hearing shall include, at a minimum:

(1) The right to be represented by an attorney or other individual of their choice during the hearing;

(2) The right of the law enforcement officer or his or her attorney to conduct discovery prior to the hearing. Depositions may be taken in the same manner and under the same conditions as provided for in the Missouri civil rules of civil procedure for civil cases in the circuit court. Subpoenas may be issued by the board conducting the hearing or by the circuit court or the office of the clerk for the county where the agency has its principal place of business;

(3) Seven days' notice of the hearing date and time;

(4) An opportunity to access and review documents, at least seven days in advance of the hearing, that are in the employer's possession and that were used as a basis for the disciplinary action;

(5) The right of the law enforcement officer or his or her attorney to present witnesses and evidence in the officer's defense and a right to cross-examine any adverse witnesses against the officer;

(6) The right to refuse to testify at the hearing if the officer is concurrently facing criminal charges in connection with the same incident. A law enforcement officer's decision not to testify shall not result in additional internal charges or discipline;

(7) A complete record of the hearing shall be kept by the agency for purposes of appeal. The record shall be provided to the officer or his or her attorney upon written request;

(8) The entire record of the hearing shall remain confidential and shall not be subject to disclosure under chapter 610, except by lawful subpoena or court order.

4. Any decision, order, or action taken following the hearing shall be in writing and shall be accompanied by findings of fact. The findings shall consist of a concise statement upon each issue in the case. A copy of the decision or order accompanying findings and conclusions along with the written action and right of appeal, if any, shall be delivered or mailed promptly to the law enforcement officer or to the officer's attorney or representative of record.

5. Law enforcement officers shall have the opportunity to provide a written response to any adverse materials placed in their personnel file, and such written response shall be permanently attached to the adverse material.

6. Law enforcement officers shall have the right to compensation for any economic loss incurred during an investigation if the officer is found to have committed no misconduct.

7. Law enforcement officers may petition the circuit court in the county in which the law enforcement agency has its principal place of business to review the decision of the administrative body hearing the appeal of discipline. Upon a finding that the discipline was not justified, the circuit court may award the law enforcement officer back pay and costs incurred in bringing the suit, including attorney's fees.

8. Employers shall defend and indemnify law enforcement officers from and against civil claims made against them in their official and individual capacities if the alleged conduct arose in the course and scope of their obligations and duties as law enforcement officers. This includes any actions taken off duty if such actions were taken under color of law. In the event the law enforcement officer is convicted of, or pleads guilty to, criminal charges arising out of the same conduct, the employer shall no longer be obligated to defend and indemnify the officer in connection with related civil claims.

9. Law enforcement officers shall not be disciplined, demoted, dismissed, transferred, or placed on a status resulting in economic loss as a result of the assertion of their constitutional rights in any judicial proceeding, unless the officer admits to wrong-doing, in which case the provisions of this section shall not apply.

10. No state or local governmental unit including, but not limited to, a county, charter county, city,

charter city, municipality, district, college, university, or any other political subdivision that employs a law enforcement officer shall enact, promulgate, enforce, or follow any law, regulation, or policy that would abolish, conflict with, modify, or in any way diminish any right or remedy provided to law enforcement officers under this section.

11. The rights set out in this section are minimum standards to be applied throughout the state. However, nothing in this section shall prohibit a law enforcement agency and the authorized bargaining representative for a law enforcement officer employed by that agency from reaching written agreements providing disciplinary procedures more favorable than those provided in this section.

12. Any aggrieved law enforcement officer or authorized representative may seek judicial enforcement of the requirements of this section. Suits to enforce this section shall be brought in the circuit court for the county in which the law enforcement agency or governmental body has its principal place of business.

13. Upon a finding by a preponderance of the evidence that a law enforcement agency, governmental body, or member of same has violated any provision of this section, a court shall void any action taken in violation of this section. The court may also award the law enforcement officer the costs of bringing the suit including, but not limited to, attorneys' fees. A lawsuit for enforcement shall be brought within one year from which the violation is ascertainable.

14. Nothing in this section shall apply to any investigation or other action by the director regarding a license issued by the director under this chapter.

15. A law enforcement agency that has substantially similar or greater procedures shall be deemed in compliance with this section.”; and

5. The owner of abandoned property removed as provided in this section or in section 304.157 shall be responsible for payment of all reasonable charges for towing and storage of such abandoned property as provided in section 304.158.

6. Upon the towing of any abandoned property pursuant to this section or under authority of a law enforcement officer or local government agency pursuant to section 304.157, the law enforcement agency that authorized such towing or was properly notified by another government agency of such towing shall promptly make an inquiry with the national crime information center and any statewide Missouri law enforcement computer system to determine if the abandoned property has been reported as stolen and shall enter the information pertaining to the towed property into the statewide law enforcement computer system. If the abandoned property is not claimed within ten working days of the towing, the tower who has online access to the department of revenue's records shall make an inquiry to determine the abandoned property owner and lienholder, if any, of record. In the event that the records of the department of revenue fail to disclose the name of the owner or any lienholder of record, the tower shall comply with the requirements of subsection 3 of section 304.156. If the tower does not have online access, the law enforcement agency shall submit a crime inquiry and inspection report to the director of revenue. A towing company that does not have online access to the department's records and that is in possession of abandoned property after ten working days shall report such fact to the law enforcement agency with which the crime inquiry and inspection report was filed. The crime inquiry and inspection report shall be designed by the director of revenue and shall include the following:

This information shall be entered only by the law enforcement agency making the inquiry;

(8) The signature and printed name of the officer authorizing the tow;

(9) The name of the towing company, the signature and printed name of the towing operator, and an indicator disclosing whether the tower has online access to the department's records; and

7. One copy of the crime inquiry and inspection report shall remain with the agency which authorized the tow. One copy shall be provided to and retained by the storage facility and one copy shall be retained by the towing facility in an accessible format in the business records for a period of three years from the date

8. The owner of such abandoned property, or the holder of a valid security interest of record, may reclaim it from the towing company upon proof of ownership or valid security interest of record and payment of all reasonable charges for the towing and storage of the abandoned property.

9. Any person who removes abandoned property at the direction of a law enforcement officer or an officer of a government agency where that agency's real property is concerned as provided in this section shall have a lien for all reasonable charges for the towing and storage of the abandoned property until possession of the abandoned property is voluntarily relinquished to the owner of the abandoned property or to the holder of a valid security interest of record. Any personal property within the abandoned property need not be released to the owner thereof until the reasonable or agreed charges for such recovery, transportation or safekeeping have been paid or satisfactory arrangements for payment have been made, except that any medication prescribed by a physician shall be released to the owner thereof upon request. The company holding or storing the abandoned property shall either release the personal property to the owner of the abandoned property or allow the owner to inspect the property and provide an itemized receipt for the contents. The company holding or storing the property shall be strictly liable for the condition and safe return of the personal property. Such lien shall be enforced in the manner provided under section 304.156.

10. Towing companies shall keep a record for three years on any abandoned property towed and not reclaimed by the owner of the abandoned property. Such record shall contain information regarding the authorization to tow, copies of all correspondence with the department of revenue concerning the abandoned property, including copies of any online records of the towing company accessed and information concerning the final disposition of the possession of the abandoned property.

11. If a lienholder repossesses any motor vehicle, trailer, all-terrain vehicle, outboard motor or vessel without the knowledge or cooperation of the owner, then the reposessor shall notify the local law enforcement agency where the repossession occurred within two hours of the repossession and shall further provide the local law enforcement agency with any additional information the agency deems appropriate. The local law enforcement agency shall make an inquiry with the national crime information center and the Missouri statewide law enforcement computer system and shall enter the repossessed vehicle into the statewide law enforcement computer system.

12. Notwithstanding the provisions of section 301.227, any towing company who has complied with the notification provisions in section 304.156 including notice that any property remaining unredeemed after thirty days may be sold as scrap property may then dispose of such property as provided in this subsection. Such sale shall only occur if at least thirty days has passed since the date of such notification, the abandoned property remains unredeemed with no satisfactory arrangements made with the towing company for continued storage, and the owner or holder of a security agreement has not requested a hearing as provided in section 304.156. The towing company may dispose of such abandoned property by selling the property on a bill of sale as prescribed by the director of revenue to a scrap metal operator or licensed salvage dealer for destruction purposes only. The towing company shall forward a copy of the bill of sale provided by the scrap metal operator or licensed salvage dealer to the director of revenue within two weeks of the date of such sale. The towing company shall keep a record of each such vehicle sold for destruction for three years that shall be available for inspection by law enforcement and authorized department of revenue officials. (1) That the establishment is under the general management and the supervision of a duly licensed funeral director;

(2) That all embalming performed therein is performed by or under the direct supervision of a duly

licensed embalmer;

(3) That any place in the funeral establishment where embalming is conducted contains a preparation room with a sanitary floor, walls and ceiling, and adequate sanitary drainage and disposal facilities including running water, and complies with the sanitary standard prescribed by the department of health and senior services for the prevention of the spread of contagious, infectious or communicable diseases;

4. Licenses shall be issued pursuant to this section upon application and the payment of a funeral establishment fee and shall be renewed at the end of the licensing period on the establishment's renewal date.

5. The board may refuse to renew or may suspend or revoke any license issued pursuant to this section if it finds, after hearing, that the funeral establishment does not meet any of the requirements set forth in this section as conditions for the issuance of a license, or for the violation by the owner of the funeral establishment of any of the provisions of section 333.121. No new license shall be issued to the owner of a funeral establishment or to any corporation controlled by such owner for three years after the revocation of the license of the owner or of a corporation controlled by the owner. Before any action is taken pursuant to this subsection the procedure for notice and hearing as prescribed by section 333.121 shall be followed.

6. Beginning November 1, 2021, each funeral establishment licensed by the board under this section to make funeral arrangements shall also be a licensed provider for preneed funeral contracts under section 333.315 unless a licensee provides written notification to the board that the licensee does not want to be a provider for preneed funeral contracts. No separate application or renewal of the preneed provider license shall be necessary so long as the funeral establishment license is current and active and that, as part of the application or renewal of the funeral establishment license, the licensee provides the name and address of the custodian of records responsible for maintaining the books and records of the licensee relating to preneed contracts and the names and addresses of each seller authorized by the licensee to sell preneed contracts in which the licensee is designated or obligated as the provider. The board shall renew any such license upon due application for renewal and upon the payment of the renewal fee, except that no license shall expire during the period when the holder thereof is actively engaged in the military service of the United States. Any licensee exempted from the renewal of his or her license because of military service shall, before beginning practice in this state after leaving military service, apply for and pay the renewal fee for the current licensing period.

2. When renewing a funeral director's or embalmer's license the licensee shall specify the address of the funeral establishment at which he or she is practicing or proposes to practice and shall notify the board of any termination of his or her connection therewith. The licensee shall notify the board of any new employment or connection with a funeral establishment of a permanent nature. If the licensee is not employed at or connected with a funeral establishment he shall notify the board of his or her permanent address.

3. The holder of an expired license shall be issued a new license by the board within two years of the renewal date after he or she has paid delinquent renewal fees. Any license not renewed within two years shall be void.

4. Failure of the licensee to receive the renewal notice shall not relieve the licensee of the duty to pay the renewal fee and renew his or her license.

333.315. 1. No person shall be designated as a provider or agree to perform the obligations of a provider under a preneed contract unless, at the time of such agreement or designation, such person is licensed as a preneed provider by the board. Funeral establishments licensed under section 333.031 shall be exempt from the requirements of this subsection.

3. Each preneed provider shall apply to renew his or her license on or before October thirty-first of each year or a date established by the division of professional registration pursuant to section 324.001. A license which has not been renewed prior to the renewal date shall expire. Applicants for renewal shall:

The city, town, or village shall inspect each category of improvement or utility work within twenty business days after a request for such inspection. HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 330, Page 1, Section A, Line 12, by inserting after all of said section and line the following:

“60.301. Whenever the following words and terms are used in this chapter they shall have the following meaning unless the context clearly indicates that a different meaning is intended:

(1) “Corners of the United States public land survey”, those points that determine the boundaries of the various subdivisions represented on the official plat such as the township corner, the section corner, the quarter-section corner, grant corner [and] , meander corner, **and center of section**;

(2) “Existent corner”, a corner whose position can be identified by verifying the evidence of the original monument or its accessories, or by some physical evidence described in the field notes, or located by an acceptable supplemental survey record or some physical evidence thereof, or by testimony. The physical evidence of a corner may have been entirely obliterated but the corner will be considered existent if its position can be recovered through the testimony of one or more witnesses who have a dependable knowledge of the original location. A legally reestablished corner shall have the same status as an existent corner;

(3) “Lost corner”, a corner whose position cannot be determined, beyond reasonable doubt, either from traces of the original marks or from acceptable evidence or testimony that bears upon the original position;

(4) “Monument”, the physical object which marks the corner point determined by the surveying process. The accessories, such as bearing trees, bearing objects, reference monuments, mounds of stone and other similar objects that aid in identifying the corner position, are also considered a part of a corner monument;

(5) “Obliterated, decayed or destroyed corner”, [an existent corner] **a position** at whose point there are no remaining traces of the original monument or its accessories, but whose location has been perpetuated by subsequent surveys, or the point may be recovered beyond reasonable doubt by the acts and testimony of local residents, competent surveyors, other qualified local authorities or witnesses, or by some acceptable record evidence. A position that depends upon the use of collateral evidence can be accepted only if duly supported, generally through proper relation to known corners, and agreement with the field notes regarding distances to natural objects, stream crossings, line trees, etc., or unquestionable testimony;

(6) “Original government survey”, that survey executed under the authority of the United States government as recorded on the official plats and field notes of the United States public land survey maintained by the Missouri department of agriculture;

(7) “Proportionate measurement”, a measurement of a line that gives equal relative weight to all parts of the line. The excess or deficiency between two existent corners is so distributed that the amount of excess or deficiency given to each interval bears the same proportion to the whole difference as the record length of the interval bears to the whole record distance:

(a) “Single proportionate measurement”, a measurement of a line applied to a new measurement made between known points on a line to determine one or more positions on that line;

(b) “Double proportionate measurement”, a measurement applied to a new measurement made between four known corners, two each on intersecting meridional and latitudinal lines, for the purpose of relating the intersection to both. [The procedure is described as follows: first, measurements will be made between the nearest existent corners north and south of the lost corner. A temporary point will be determined to locate the latitude of the lost corner on the straight line connecting the existent corners and at the proper proportionate distance. Second, measurements will be made between the nearest existent corners east and west of the lost corner. A temporary point will be determined to locate the longitude of the lost corner on the straight line connecting the existent corners and at the proportionate distance. Third, determine the location of the lost corner at the intersection of an east-west line through the point determining the latitude of the lost corner with a north-south line through the point determining the longitude of the lost corner.] When the total length of the line between the nearest existing corners was not measured in the original government survey, the record distance from one existing corner to the lost corner will be used instead of the proportionate distance. This exception will apply to either or both of the east-west or north-south lines;

(8) “Record distance”, the distance or length as shown on the original government survey. In determining record distances, consideration shall be given as to whether the distance was measured on a random or true line.

60.315. The following rules for the reestablishment of lost corners shall be applied only when it is determined that the corner is lost: (The rules utilize proportional measurement which harmonizes surveying practice with legal and equitable considerations. This plan of relocating a lost corner is always employed unless it can be shown that the corner so located is in substantial disagreement with the general scheme of the original government survey as monumented. In such cases the surveyor shall use procedures that produce results consistent with the original survey of that township.)

(1) Existent original corners shall not be disturbed. Consequently, discrepancies between the new and record measurements shall not in any manner affect the measurements beyond the existent corners; but the differences shall be distributed proportionately within the several intervals along the line between the corners;

(2) Standard parallels shall be given precedence over other township exteriors, and, ordinarily, the latter shall be given precedence over subdivisional lines; section corners shall be located or reestablished before the position of lost quarter-section corners can be determined;

(3) Lost township corners common to four townships shall be reestablished by double proportionate measurement between the nearest existent corners on opposite sides of the lost township corner;

(4) Lost township corners located on standard parallels and common only to two townships shall be reestablished by single proportionate measurement between the nearest existent corners on opposite sides of the lost township corner on the standard parallel;

(5) [Lost standard corners shall be reestablished on a standard or correction line by single proportionate measurement on the line connecting the nearest identified standard or closing corners on opposite sides of the lost corner or corners, as the case may be;

(6) All lost section and quarter-section corners on the township boundary lines shall be reestablished by single proportionate measurement between the nearest existent corners on opposite sides of the lost corner according to the conditions represented upon the original government plat;

(7)] Lost corners on township exteriors, excluding corners referenced in subdivision (3) of this section, whether they are standard or closing corners, will be reestablished by single proportionate measurement on the line connecting the next nearest existent standard or closing corner on opposite sides of the lost corner;

(6) A lost interior corner of four sections shall be reestablished by double proportionate measurement;

[(8) A lost closing corner shall be reestablished on the true line that was closed upon, and at the proper proportional interval between the nearest existent corners on opposite sides of the lost corner;

(9)] **(7)** All lost quarter-section corners on the section boundaries within the township shall be reestablished by single proportionate measurement between the adjoining section corners, after the section corners have been identified or reestablished; and

[(10)] **(8)** Where a line has been terminated with a measurement in one direction only, a lost corner shall be reestablished by record bearing and distance, counting from the nearest regular corner, the latter having been duly identified or reestablished.

60.345. The quarter-section corners of sections south of the township line and east of the range line, and not established by the original government survey will be established according to the conditions represented upon the official government plat using **single** proportionate measurement between the [adjoining] section corners belonging to the same section as the quarter-section corner being established, the section corners having first been identified or reestablished. **The proportional position shall be offset, if necessary, in a cardinal direction to the true line defined by the nearest adjacent corners on opposite sides of the quarter-section corner to be established.**”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

If the surety bond or liability insurance policy which provides the financial responsibility for the certified commercial applicator is provided by the employer of the certified commercial applicator, the employer of the certified commercial applicator shall immediately notify the director upon the termination of the employment of the certified commercial applicator or when a condition exists under which the certified commercial applicator is no longer provided bond or insurance coverage by the employer. The certified commercial applicator shall then immediately execute **and submit to the director** a surety bond or an insurance policy to cover the financial responsibility requirements of this section and the certified commercial applicator or the applicator's employer shall maintain the surety bond or liability insurance certificate at the business location from which the certified commercial applicator is licensed. The director may accept a liability insurance policy or surety bond in the proper sum which has a deductible clause in an amount not exceeding one thousand dollars; except that, if the bond- or policyholder has not satisfied the requirement of the deductible amount in any prior legal claim, such deductible clause shall not be accepted by the director unless the bond- or policyholder executes and maintains a surety bond or liability insurance which shall satisfy the amount of the deductible as to all claims that may arise in [his or her] **the bond- or policyholder's** application of pesticides.

3. If the surety becomes unsatisfactory, **the commercial applicator license shall expire and become invalid and** the bond- or policyholder shall immediately execute **and submit to the director** a new bond or insurance policy and maintain the surety bond or liability insurance certificate at the business location from which the certified commercial applicator is licensed, and if [he or she] **the bond- or policyholder** fails to do so, the director shall cancel [his or her] **the bond- or policyholder** license, or deny the license of an applicant, and give [him or her] **the bond- or policyholder** notice of cancellation or denial, and it shall be unlawful thereafter for the applicant to engage in the business of using pesticides until the bond or insurance is brought into compliance with the requirements of subsection 1 of this section. 4. Nothing in sections 281.010 to 281.115 shall be construed to relieve any person from liability for any damage to the person or lands of another caused by the use of pesticides even though such use conforms

The director shall, upon receipt of the statement, notify the person alleged to have caused the damage and the owner or lessee of the land, or other person who may be charged with the responsibility of the damages claimed, and furnish copies of any statements which may be requested. The director shall inspect damages whenever possible and [he] **the director** shall make [his] **the director's** inspection reports available to the person claiming damage and to the person who is alleged to have caused the damage. 3. The filing of or the failure to file need not be alleged in any complaint which might be filed in a court of law, and the failure to file a damage claim shall not be considered any bar to the maintenance of any criminal or civil action. The failure to file such a report shall not be a violation of sections 281.010 to 281.115. However, if the person failing to file such report is the only one injured from such use or application of a pesticide by others, the director may, when in the public interest, refuse to hold a hearing for the denial, suspension, or revocation of a license [or permit] issued under sections 281.010 to 281.115 until such report is filed.

SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for House Bill No. 604, Page 41, Section 379.120, Line 24, by inserting after all of said line the following:

“379.140. [In all suits brought upon policies of insurance against loss or damage by fire hereafter issued or renewed, the defendant shall not be permitted to deny that the property insured thereby was worth at the time of the issuing of the policy the full amount insured therein on said property; and in case of total loss of the property insured, the measure of damage shall be the amount for which the same was insured, less whatever depreciation in value, below the amount for which the property is insured, the property may have sustained between the time of issuing the policy and the time of the loss, and the burden of proving such depreciation shall be upon the defendant; and in case of partial loss, the measure of damage shall be that portion of the value of the whole property insured, ascertained in the manner prescribed in this chapter, which the part injured or destroyed bears to the whole property insured.] **1. When real property incurs a total loss caused by a peril covered under an insurance policy and such total loss is a covered loss under the insurance policy, then the liability of the insurance company writing the policy shall be the amount of money for which the real property was insured, less any deductible, as specified in the policy.**

2. This section shall not apply to:

- (1) Any partial loss;**
- (2) Any personal property that is not scheduled;**
- (3) Any detached or appurtenant structure;**
- (4) Any builder's risk policy;**
- (5) Any policy of mortgage insurance;**
- (6) Two or more buildings insured under a blanket basis or limit of insurance;**
- (7) Any loss in which the insured or one acting on the insured's behalf engaged in any fraudulent or criminal activity that contributed to the loss;**
- (8) Any loss to property if the insured increased the risk of loss insured against within sixty days of the date of the loss without the consent of the insurer and the increase in the risk of loss was a cause of the loss;**
- (9) Any replacement cost coverage provided for in a policy or by endorsement, except that this section shall not be construed to prohibit an insured from recovering any replacement cost coverage pursuant to the terms and conditions of a policy or endorsement; or**
- (10) Any loss that is covered by two or more policies.**

3. If two or more policies provide coverage for a total loss of real property caused by a peril, then the insureds may recover the face amount of the policy with the highest limit of coverage, and each policy shall contribute to the payment of the loss in proportion to the amount of insurance mentioned in each policy.

4. For a total loss to a commercial building that is insured on a blanket basis for a stated amount that covers two or more commercial buildings, the settlement of the claim shall be based on the initial value assigned to each affected commercial building before the loss, with any balance remaining being settled according to the terms and conditions of the policy.

379.150. [Whenever there is a partial destruction or damage to property covered by insurance, it shall be the duty of the party writing the policies to pay the assured a sum of money equal to the damage done to the property, or repair the same to the extent of such damage, not exceeding the amount written in the policy, so that said property shall be in as good condition as before the fire, at the option of the insured.] **Any fire insurance policy issued or renewed on or after August 28, 2021, shall be construed to require that a partial loss caused by fire be adjusted in accordance with the following language which shall be considered part of the standard fire insurance policy for Missouri under the provisions of section 379.160: "It shall be optional with the company to settle the loss at the actual cash value or to repair, rebuild or replace the property destroyed or damaged with other of like kind or quality within a reasonable time, on giving notice of its intention within thirty days or after the receipt of the proof of loss herein required." However, if any fire policy provides coverage for a partial loss caused by fire, in a policy form determined and approved by the director to be at least as favorable to the insured as the standard fire insurance policy for Missouri, then the insurer issuing the policy shall adjust the loss in accordance with the policy form. Notwithstanding any administrative rule to the contrary, nothing in this section shall be construed to create a general contractor relationship by the company**

to the insured.

379.160. 1. Each fire insurance company doing business in the state of Missouri is hereby required to file the form of policy for use by it in the state of Missouri, covering the responsibilities of the companies as well as the duties of the assured, to be classed and known as the standard fire insurance policy. Said policy form may be approved by the director of the department of commerce and insurance of the state, and no policy shall be issued in this state carrying risks by fire or lightning by any company which does not embrace the form filed and approved of, as herein provided. There may be printed upon such policy the words "Standard Fire Insurance Policy for Missouri" and there may be inserted before and after the word "Missouri" a designation of any state or states or territory in which such form is standard.

2. All such policies shall have an address of the company in the United States fully printed thereon, to which, in case of loss, the assured may send notice of such loss, and to which notice shall be given within sixty days after the loss.

3. The appearance of an adjuster of any company at the place of fire and loss in which said company is interested by reason of an insurance on such property, shall be considered evidence of notice and to be held as a waiver of the same on the part of the company; provided, that on any policies issued upon property, real or personal, or real and personal, there may be attached a coinsurance clause; and provided further, that when a coinsurance clause is attached to any policy a reduction in rate shall be given therefor, in accordance with coinsurance credits that are now or may hereafter be filed as a part of the public rating record in the office of the director of the department of commerce and insurance in this state, by fire insurance companies, that have been or shall hereafter be approved by the director of the department of commerce and insurance; provided further, that in all suits brought upon policies of insurance against loss or damage by fire hereafter issued or renewed, the defendant shall not be permitted to deny that the **real** property insured thereby was worth at the time of the issuing of the policy the full amount insured therein on said **real** property [covering both real and personal property]; and provided further, that nothing in this section shall be construed to repeal or change the provisions of section 379.140."; and

Further amend said bill, page 59, section 507.184, line 34, by inserting after all of said line the following:

"[379.145. 1. When fire insurance policies shall be hereafter issued or renewed by more than one company upon the same property, and suit shall be brought upon any of said policies, the defendant shall not be permitted to deny that the property insured was worth the aggregate of the several amounts for which it was insured at the time the policy was issued or renewed thereon, unless willful fraud or misrepresentation is shown on part of the insured in obtaining such additional insurance; and in such suit the measure of damage shall be as provided in section 379.140; provided, that whatever depreciation in value below the amount for which the property is insured may be shown, as provided in section 379.140, shall be deducted from the amount insured in each policy, in the proportion which the amount in each such policy bears to the aggregate of all the amounts so insured on such property.

2. This and section 379.140 shall apply only to real property insured.

3. Any condition in any policy of insurance contrary to the provisions of this chapter shall be illegal and void.]"

Further amend the title and enacting clause accordingly.

(2) For all injuries occurring on or after September 28, 1986, but before August 28, 1990, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee’s average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to seventy-five percent of the state average weekly wage, as such wage is determined by the division of employment security, as of the July first immediately preceding the date of injury;

(3) For all injuries occurring on or after August 28, 1990, but before August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee’s average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred percent of the state average weekly wage;

(4) For all injuries occurring on or after August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee’s average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred five percent of the state average weekly wage;

(5) For all injuries occurring on or after September 28, 1981, the weekly compensation shall in no event be less than forty dollars per week.

2. Temporary total disability payments shall be made to the claimant by check or other negotiable [instruments approved by the director which will not result in delay in payment] **instrument, or by electronic transfer or other manner authorized by the claimant**, and shall be forwarded directly to the claimant without intervention, or, when requested, to claimant’s attorney if represented, except as provided in section 454.517, by any other party except by order of the division of workers’ compensation.

3. An employee is disqualified from receiving temporary total disability during any period of time in which the claimant applies and receives unemployment compensation.

4. If the employee is terminated from post-injury employment based upon the employee’s post-injury misconduct, neither temporary total disability nor temporary partial disability benefits under this section or section 287.180 are payable. As used in this section, the phrase “post-injury misconduct” shall not include absence from the workplace due to an injury unless the employee is capable of working with

restrictions, as certified by a physician.

5. If an employee voluntarily separates from employment with an employer at a time when the employer had work available for the employee that was in compliance with any medical restriction imposed upon the employee within a reasonable degree of medical certainty as a result of the injury that is the subject of a claim for benefits under this chapter, neither temporary total disability nor temporary partial disability benefits available under this section or section 287.180 shall be payable.

287.180. 1. For temporary partial disability, compensation shall be paid during such disability but not for more than one hundred weeks, and shall be sixty-six and two-thirds percent of the difference between the average earnings prior to the accident and the amount which the employee, in the exercise of reasonable diligence, will be able to earn during the disability, to be determined in view of the nature and extent of the injury and the ability of the employee to compete in an open labor market. The amount of such compensation shall be computed as follows:

(1) For all injuries occurring on or after September 28, 1983, but before September 28, 1986, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to seventy percent of the state average weekly wage, as such wages are determined by the division of employment security, as of the July first immediately preceding the date of injury;

(2) For all injuries occurring on or after September 28, 1986, but before August 28, 1990, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to seventy-five percent of the state average weekly wage, as such wage is determined by the division of employment security, as of the July first immediately preceding the date of injury;

(3) For all injuries occurring on or after August 28, 1990, but before August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred percent of the state average weekly wage;

(4) For all injuries occurring on or after August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the injured employee's average weekly earnings as of the date of the injury; provided that the weekly compensation paid under this subdivision shall not exceed an amount equal to one hundred five percent of the state average weekly wage.

2. Temporary partial disability payments shall be made to the claimant by check, or other negotiable instrument [approved by the director which will not result in delay in payment], **or by electronic transfer or other manner authorized by the claimant.**

287.715. 1. For the purpose of providing for revenue for the second injury fund, every authorized self-insurer, and every workers' compensation policyholder insured pursuant to the provisions of this chapter, shall be liable for payment of an annual surcharge in accordance with the provisions of this section. The annual surcharge imposed under this section shall apply to all workers' compensation insurance policies and self-insurance coverages which are written or renewed on or after April 26, 1988, including the state of Missouri, including any of its departments, divisions, agencies, commissions, and boards or any political subdivisions of the state who self-insure or hold themselves out to be any part self-insured. Notwithstanding

any law to the contrary, the surcharge imposed pursuant to this section shall not apply to any reinsurance or retrocessional transaction.

2. Beginning October 31, 2005, and each year thereafter, the director of the division of workers' compensation shall estimate the amount of benefits payable from the second injury fund during the following calendar year and shall calculate the total amount of the annual surcharge to be imposed during the following calendar year upon all workers' compensation policyholders and authorized self-insurers. The amount of the annual surcharge percentage to be imposed upon each policyholder and self-insured for the following calendar year commencing with the calendar year beginning on January 1, 2006, shall be set at and calculated against a percentage, not to exceed three percent, of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point, that shall generate, as nearly as possible, one hundred ten percent of the moneys to be paid from the second injury fund in the following calendar year, less any moneys contained in the fund at the end of the previous calendar year. All policyholders and self-insurers shall be notified by the division of workers' compensation within ten calendar days of the determination of the surcharge percent to be imposed for, and paid in, the following calendar year. The net premium equivalent for individual self-insured employers shall be based on average rate classifications calculated by the department of commerce and insurance as taken from premium rates filed by the twenty insurance companies providing the greatest volume of workers' compensation insurance coverage in this state. For employers qualified to self-insure their liability pursuant to this chapter, the rates filed by such group of employers in accordance with subsection 4 of section 287.280 shall be the net premium equivalent. Any group of political subdivisions of this state qualified to self-insure their liability pursuant to this chapter as authorized by section 537.620 may choose either the average rate classification method or the filed rate method, provided that the method used may only be changed once without receiving the consent of the director of the division of workers' compensation. The director may advance funds from the workers' compensation fund to the second injury fund if surcharge collections prove to be insufficient. Any funds advanced from the workers' compensation fund to the second injury fund must be reimbursed by the second injury fund no later than December thirty-first of the year following the advance. The surcharge shall be collected from policyholders by each insurer at the same time and in the same manner that the premium is collected, but no insurer or its agent shall be entitled to any portion of the surcharge as a fee or commission for its collection. The surcharge is not subject to any taxes, licenses or fees.

3. All surcharge amounts imposed by this section shall be deposited to the credit of the second injury fund.

4. Such surcharge amounts shall be paid quarterly by insurers and self-insurers, and insurers shall pay the amounts not later than the thirtieth day of the month following the end of the quarter in which the amount is received from policyholders. If the director of the division of workers' compensation fails to calculate the surcharge by the thirty-first day of October of any year for the following year, any increase in the surcharge ultimately set by the director shall not be effective for any calendar quarter beginning less than sixty days from the date the director makes such determination.

5. If a policyholder or self-insured fails to make payment of the surcharge or an insurer fails to make timely transfer to the division of surcharges actually collected from policyholders, as required by this section, a penalty of one-half of one percent of the surcharge unpaid, or untransferred, shall be assessed against the liable policyholder, self-insured or insurer. Penalties assessed under this subsection shall be collected in a civil action by a summary proceeding brought by the director of the division of workers'

compensation.

6. Notwithstanding subsection 2 of this section to the contrary, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed three percent for calendar years 2014 to [2021] **2022** of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point. **For calendar year 2023, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed two and one-half percent of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point.** All policyholders and self-insurers shall be notified by the division of the supplemental surcharge percentage to be imposed for such period of time as part of the notice provided in subsection 2 of this section. The provisions of this subsection shall expire on December 31, [2021] **2023**.

7. Funds collected under the provisions of this chapter shall be the sole funding source of the second injury fund.”; and

Further amend the title and enacting clause accordingly.

Senator Wieland moved that the above amendment be adopted, which motion prevailed.

Senator Eigel offered **SA 3**:

SENATE AMENDMENT NO. 3

Amend Senate Committee Substitute for House Bill No. 604, Page 1, Section A, Line 6, by inserting after all of said line the following:

“135.096. 1. In order to promote personal financial responsibility for long-term health care in this state, [for all taxable years beginning after December 31, 1999, a resident individual may deduct from such individual's Missouri taxable income an amount equal to fifty percent of all nonreimbursed amounts paid by such individual for qualified long-term care insurance premiums to the extent such amounts are not included the individual's itemized deductions.] for all taxable years beginning after December 31, [2006] **2020**, a resident individual may deduct from each individual's Missouri taxable income an amount equal to one hundred percent of all nonreimbursed amounts paid by such individuals for qualified long-term care insurance premiums to the extent such amounts are not included in the individual's itemized deductions. A married individual filing a Missouri income tax return separately from his or her spouse shall be allowed to make a deduction pursuant to this section in an amount equal to the proportion of such individual's payment of all qualified long-term care insurance premiums. The director of the department of revenue shall place a line on all Missouri individual income tax returns for the deduction created by this section.

2. For purposes of this section, “qualified long-term care insurance” means any **insurance** policy which meets or exceeds the provisions of sections 376.1100 to 376.1118 and the rules and regulations promulgated pursuant to such sections for long-term care insurance, **or any insurance policy considered an asset or resource for purposes of eligibility for long-term care benefits under MO HealthNet.**

3. Notwithstanding any other provision of law to the contrary, two or more insurers issuing a qualified long-term care insurance policy shall not act in concert with each other and with others with respect to any matters pertaining to the making of rates or rating systems.”; and

Further amend said bill, page 39, section 375.246, line 915, by inserting after all of said line the following:

“376.1109. 1. The director may adopt regulations that include standards for full and fair disclosure setting forth the manner, content and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions and definitions of terms. Regulations adopted pursuant to sections 376.1100 to 376.1130 shall be in accordance with the provisions of chapter 536.

2. No long-term care insurance policy may:

(1) Be cancelled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or

(2) Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

(3) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than for lower levels of care.

3. No long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in paragraph (a) of subdivision (4) of subsection 2 of section 376.1100:

(1) Shall use a definition of preexisting condition which is more restrictive than the following: “Preexisting condition” means a condition for which medical advice or treatment was recommended by, or received from, a provider of health care services, within six months preceding the effective date of coverage of an insured person;

(2) May exclude coverage for a loss or confinement which is the result of a preexisting condition unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

4. The director may extend the limitation periods set forth in subdivisions (1) and (2) of subsection 3 of this section as to specific age group categories in specific policy forms upon findings that the extension is in the best interest of the public.

5. The definition of preexisting condition provided in subsection 3 of this section does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer’s established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in subdivision (2) of subsection 3 of this section expires. No long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subdivision (2) of subsection 3 of this section.

6. No long-term care insurance policy may be delivered or issued for delivery in this state if such policy:

(1) Conditions eligibility for any benefits on a prior hospitalization requirement; or

(2) Conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or

(3) Conditions eligibility for any benefits other than waiver of premium, post-confinement, post-acute care or recuperative benefits on a prior institutionalization requirement.

7. A long-term care insurance policy containing post-confinement, post-acute care or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits" such limitations or conditions, including any required number of days of confinement.

8. A long-term care insurance policy or rider which conditions eligibility of noninstitutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty days.

9. No long-term care insurance policy or rider which provides benefits only following institutionalization shall condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

10. The director may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation.

11. Long-term care insurance applicants shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page or attached thereto stating in substance that the applicant shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in paragraph (a) of subdivision (4) of subsection 2 of section 376.1100, the applicant is not satisfied for any reason. This subsection shall also apply to denials of applications and any refund must be made within thirty days of the return or denial.

12. (1) If a long-term care insurance policy issued, delivered, or renewed in this state on or after January 1, 2011, is cancelled for any reason, the insurer shall refund the unearned portion of any premium paid beyond the month in which the cancellation is effective. Any refund shall be returned to the policyholder within twenty days from the date the insurer receives notice of the cancellation. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page or attached thereto stating in substance that the applicant shall be entitled to a refund of the unearned premium if the policy is cancelled for any reason.

(2) The policyholder may notify the insurer of cancellation of such long-term care insurance policy at any time by sending written or electronic notification.

13. No long-term care insurance policy shall increase premium rates, measured annually, in excess of the amount that is actuarially justified based on credible experience, and on the rate basis in effect in this state without recognition of rates that may be in effect in other states.”; and

Further amend the title and enacting clause accordingly.

Senator Eigel moved that the above amendment be adopted, which motion prevailed.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **SB 303**, entitled:

An Act to repeal sections 287.120, 287.170, 287.180, 287.220, 287.280, and 287.480, RSMo, and to enact in lieu thereof six new sections relating to workers' compensation.

With House Amendment Nos. 1 and 2.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 303, Page 14, Section 287.480, Line 30, by inserting after all of said section and line the following:

“287.715. 1. For the purpose of providing for revenue for the second injury fund, every authorized self-insurer, and every workers' compensation policyholder insured pursuant to the provisions of this chapter, shall be liable for payment of an annual surcharge in accordance with the provisions of this section. The annual surcharge imposed under this section shall apply to all workers' compensation insurance policies and self-insurance coverages which are written or renewed on or after April 26, 1988, including the state of Missouri, including any of its departments, divisions, agencies, commissions, and boards or any political subdivisions of the state who self-insure or hold themselves out to be any part self-insured. Notwithstanding any law to the contrary, the surcharge imposed pursuant to this section shall not apply to any reinsurance or retrocessional transaction.

2. Beginning October 31, 2005, and each year thereafter, the director of the division of workers' compensation shall estimate the amount of benefits payable from the second injury fund during the following calendar year and shall calculate the total amount of the annual surcharge to be imposed during the following calendar year upon all workers' compensation policyholders and authorized self-insurers. The amount of the annual surcharge percentage to be imposed upon each policyholder and self-insured for the following calendar year commencing with the calendar year beginning on January 1, 2006, shall be set at and calculated against a percentage, not to exceed three percent, of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point, that shall generate, as nearly as possible, one hundred ten percent of the moneys to be paid from the second injury fund in the following calendar year, less any moneys contained in the fund at the end of the previous calendar year. All policyholders and self-insurers shall be notified by the division of workers' compensation within ten calendar days of the determination of the surcharge percent to be imposed for, and paid in, the following calendar year. The net premium equivalent for individual self-insured employers shall be based on average rate classifications calculated by the department of commerce and insurance as taken from premium rates filed by the twenty insurance companies providing the greatest volume of workers' compensation insurance coverage in this state. For employers qualified to self-insure their liability pursuant to this chapter, the rates filed by such group of employers in accordance with subsection 4 of section 287.280 shall be the net premium equivalent. Any group of political subdivisions of this state qualified to self-insure their liability pursuant to this chapter as authorized by section 537.620 may choose either the average rate classification method or the filed rate method, provided that the method used may only be changed once without receiving the consent of the director of the division of workers' compensation. The director may advance funds from the workers' compensation fund to the second injury fund if surcharge collections prove to be insufficient. Any funds advanced from the workers' compensation fund to the second injury fund must be reimbursed by the second injury fund no later than December thirty-first of the year following the advance. The surcharge shall be collected from policyholders by each insurer at the same time and in the same manner that the premium is

collected, but no insurer or its agent shall be entitled to any portion of the surcharge as a fee or commission for its collection. The surcharge is not subject to any taxes, licenses or fees.

3. All surcharge amounts imposed by this section shall be deposited to the credit of the second injury fund.

4. Such surcharge amounts shall be paid quarterly by insurers and self-insurers, and insurers shall pay the amounts not later than the thirtieth day of the month following the end of the quarter in which the amount is received from policyholders. If the director of the division of workers' compensation fails to calculate the surcharge by the thirty-first day of October of any year for the following year, any increase in the surcharge ultimately set by the director shall not be effective for any calendar quarter beginning less than sixty days from the date the director makes such determination.

5. If a policyholder or self-insured fails to make payment of the surcharge or an insurer fails to make timely transfer to the division of surcharges actually collected from policyholders, as required by this section, a penalty of one-half of one percent of the surcharge unpaid, or untransferred, shall be assessed against the liable policyholder, self-insured or insurer. Penalties assessed under this subsection shall be collected in a civil action by a summary proceeding brought by the director of the division of workers' compensation.

6. Notwithstanding subsection 2 of this section to the contrary, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed three percent for calendar years 2014 to [2021] **2022** of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point. **For calendar year 2023, the director of the division of workers' compensation shall collect a supplemental surcharge not to exceed two and one-half percent of the policyholder's or self-insured's workers' compensation net deposits, net premiums, or net assessments for the previous policy year, rounded up to the nearest one-half of a percentage point.** All policyholders and self-insurers shall be notified by the division of the supplemental surcharge percentage to be imposed for such period of time as part of the notice provided in subsection 2 of this section. The provisions of this subsection shall expire on December 31, [2021] **2023**.

7. Funds collected under the provisions of this chapter shall be the sole funding source of the second injury fund.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Journal of the Senate

FIRST REGULAR SESSION

SIXTY-THIRD DAY—FRIDAY, MAY 7, 2021

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

“Draw nigh to God, and he will draw nigh to you.” (James 4:8)

Holy Father, we pray to draw closer to You so we may truly come to know You and know Your presence in our lives. We need such knowledge for with it we can deal with the tension that arises everyday in the short time left to us. As we experience Your presence today and the Mother’s Day weekend before us, we ask for Your continued blessings so we will use this time wisely and can share such a blessing with the work that we bring to a close for today and for those we encounter that You bring into our lives. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

“Faith comes by hearing and hearing by the Word of God.” (Romans 10:17)

Heavenly Father, we are beginning our final week of this session and so we ask that we may make good use of it. Grant that we having heard Your word are more open to hear the words of our colleagues and desire to know what is required of us to help them make happen what is most necessary to be done. Grant us Your Grace, O Lord, so we are open always to Your spirit’s prompting and always with courage to move forward what is right and proper to be completed. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 734, Page 1, Section 67.309, Line 12, by inserting after all of said line the following:

“91.025. 1. As used in this section, the following terms mean:

(1) “Municipally owned or operated electric power system”, a system for the distribution of electrical

power and energy to the inhabitants of a municipality which is owned and operated by the municipality itself, whether operated under authority pursuant to this chapter or under a charter form of government;

(2) “Permanent service”, electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure’s anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(3) “Structure” or “structures”, an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical corporation, rural electric cooperative, municipally owned or operated electric power system, or joint municipal utility commission. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a municipally owned or operated electrical system, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by a customer, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over municipally owned or operated electric systems to accomplish the purpose of this section. The commission’s jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such municipally owned or operated electrical system, and nothing in this section, section 393.106, and section 394.315 shall affect the rights, privileges or duties of any municipality to form or operate municipally owned or operated electrical systems. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred.

3. Notwithstanding the provisions of this section, section 393.106, section 394.080, and section 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric supplier may provide permanent service to the new structure upon the request of the owner of the new structure.”; and

Further amend said bill, page 4, section 386.370, line 77, by inserting after all of said line the following:

“386.800. 1. No municipally owned electric utility may provide electric energy at retail to any structure located outside the municipality’s corporate boundaries after July 11, 1991, unless:

(1) The structure was lawfully receiving permanent service from the municipally owned electric utility prior to July 11, 1991; or

(2) The service is provided pursuant to an approved territorial agreement under section 394.312; **or**

(3) The service is provided pursuant to lawful municipal annexation and subject to the provisions of this section; or

(4) The structure is located in an area which was previously served by an electrical corporation regulated under chapter 386, and chapter 393, and the electrical corporation's authorized service territory was contiguous to or inclusive of the municipality's previous corporate boundaries, and the electrical corporation's ownership or operating rights within the area were acquired in total by the municipally owned electrical system prior to July 11, 1991. In the event that a municipally owned electric utility in a city with a population of more than one hundred twenty-five thousand located in a county of the first class not having a charter form of government and not adjacent to any other county of the first class desires to serve customers beyond the authorized service territory in an area which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as provided in this subdivision, **in the absence of an approved territorial agreement under section 394.312**, the municipally owned utility shall apply to the public service commission for an order assigning nonexclusive service territories **and concurrently shall provide written notice of the application to other electric service suppliers with electric facilities located in or within one mile outside of the boundaries of the proposed expanded service territory**. The proposed service area shall be contiguous to the authorized service territory which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as a condition precedent to the granting of the application. The commission shall have one hundred twenty days from the date of application to grant or deny the requested order. The commission **after a hearing** may grant the order upon a finding that granting of the applicant's request is not detrimental to the public interest. In granting the applicant's request the commission shall give due regard to territories previously granted to **or served by** other electric service suppliers **and the wasteful duplication of electric service facilities**.

2. Any municipally owned electric utility may extend, pursuant to lawful annexation, its **electric** service territory to include [any structure located within a newly annexed area which has not received permanent service from another supplier within ninety days prior to the effective date of the annexation] **areas where another electric supplier currently is not providing permanent service to a structure. If a rural electric cooperative has existing electric service facilities with adequate and necessary service capability located in or within one mile outside the boundaries of the area proposed to be annexed, a majority of the existing developers, landowners, or prospective electric customers in the area proposed to be annexed may, anytime within forty-five days prior to the effective date of the annexation, submit a written request to the governing body of the annexing municipality to invoke mandatory good faith negotiations under section 394.312 to determine which electric service supplier is best suited to serve all or portions of the newly annexed area. In such negotiations the following factors shall be considered, at a minimum:**

(1) The preference of landowners and prospective electric customers;

(2) The rates, terms, and conditions of service of the electric service suppliers;

(3) The economic impact on the electric service suppliers;

(4) Each electric service supplier's operational ability to serve all or portions of the annexed area

within three years of the date the annexation becomes effective;

(5) Avoiding the wasteful duplication of electric facilities;

(6) Minimizing unnecessary encumbrances on the property and landscape within the area to be annexed; and

(7) Preventing the waste of materials and natural resources.

If the municipally owned electric utility and rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then they may submit proposals to those submitting the original written request, whose preference shall control, section 394.080 to the contrary notwithstanding, and the governing body of the annexing municipality shall not reject the petition requesting annexation based on such preference. This subsection shall not apply to municipally-owned property in any newly annexed area.

3. In the event an electrical corporation rather than a municipally owned electric utility lawfully is providing electric service in the municipality, all the provisions of subsection 2 of this section shall apply equally as if the electrical corporation were a municipally owned electric utility, except that if the electrical corporation and the rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then either electric service supplier may file an application with the commission for an order determining which electric service supplier should serve, in whole or in part, the area to be annexed. The application shall be made pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. The commission after the opportunity for hearing shall make its determination after consideration of the factors set forth in subdivisions (1) through (7) of subsection 2 of this section, and section 394.080 to the contrary notwithstanding, may grant its order upon a finding that granting of the applicant's request is not detrimental to the public interest. The commission shall issue its decision by report and order no later than one hundred twenty days from the date of the application unless otherwise ordered by the commission for good cause shown. Review of such commission decisions shall be governed by sections 386.500 to 386.550. If the applicant is a rural electric cooperative, the commission shall charge to the rural electric cooperative the appropriate fees as set forth in subsection 9 of this section.

[3.] 4. When a municipally owned electric utility desires to extend its service territory to include any structure located within a newly annexed area which has received permanent service from another **electric service** supplier within ninety days prior to the effective date of the annexation, it shall:

(1) Notify by publication in a newspaper of general circulation the record owner of said structure, and notify in writing any affected electric **service** supplier and the public service commission, within sixty days after the effective date of the annexation its desire to extend its service territory to include said structure; and

(2) Within six months after the effective date of the annexation receive the approval of the municipality's governing body to begin negotiations pursuant to section 394.312 with [any] **the** affected electric **service** supplier.

[4.] 5. Upon receiving approval from the municipality's governing body pursuant to subsection [3] 4 of this section, the municipally owned electric utility and the affected electric **service** supplier shall meet and negotiate in good faith the terms of the territorial agreement and any transfers or acquisitions, including, as an alternative, granting the affected electric **service** supplier a franchise or authority to continue

providing service in the annexed area. In the event that the affected electric **service** supplier does not provide wholesale electric power to the municipality, if the affected electric **service** supplier so desires, the parties [shall] **may** also negotiate, consistent with applicable law, regulations and existing power supply agreements, for power contracts which would provide for the purchase of power by the municipality from the affected electric **service** supplier for an amount of power equivalent to the loss of any sales to customers receiving permanent service at structures within the annexed areas which are being sought by the municipally owned electric utility. The parties shall have no more than one hundred eighty days from the date of receiving approval from the municipality's governing body within which to conclude their negotiations and file their territorial agreement with the commission for approval under the provisions of section 394.312. The time period for negotiations allowed under this subsection may be extended for a period not to exceed one hundred eighty days by a mutual agreement of the parties and a written request with the public service commission.

[5.] **6.** For purposes of this section, the term "fair and reasonable compensation" shall mean the following:

(1) The present-day reproduction cost, new, of the properties and facilities serving the annexed areas, less depreciation computed on a straight-line basis; and

(2) An amount equal to the reasonable and prudent cost of detaching the facilities in the annexed areas and the reasonable and prudent cost of constructing any necessary facilities to reintegrate the system of the affected electric **service** supplier outside the annexed area after detaching the portion to be transferred to the municipally owned electric utility; and

(3) [Four] **Two** hundred percent of gross revenues less gross receipts taxes received by the affected electric **service** supplier from the twelve-month period preceding the approval of the municipality's governing body under the provisions of subdivision (2) of subsection [3] **4** of this section, normalized to produce a representative usage from customers at the subject structures in the annexed area; and

(4) Any federal, state and local taxes which may be incurred as a result of the transaction, including the recapture of any deduction or credit; and

(5) Any other costs reasonably incurred by the affected electric supplier in connection with the transaction.

[6.] **7.** In the event the parties are unable to reach an agreement under subsection [4] **5** of this section, within sixty days after the expiration of the time specified for negotiations, the municipally owned electric utility **or the affected electric service supplier** may apply to the commission for an order assigning exclusive service territories within the annexed area and a determination of the fair and reasonable compensation amount to be paid to the affected electric **service** supplier under subsection [5] **6** of this section. Applications shall be made and notice of such filing shall be given to all affected parties pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. Unless otherwise ordered by the commission for good cause shown, the commission shall rule on such applications not later than one hundred twenty days after the application is properly filed with the secretary of the commission. The commission shall hold evidentiary hearings to assign service territory between **the** affected electric **service** suppliers inside the annexed area and to determine the amount of compensation due any affected electric **service** supplier for the transfer of plant, facilities or associated lost revenues between electric **service** suppliers in the annexed area. The commission shall make such determinations based on findings of what best serves the public interest and shall issue its decision by report

and order. Review of such commission decisions shall be governed by sections 386.500 to 386.550. The payment of compensation and transfer of title and operation of the facilities shall occur within ninety days after the order and any appeal therefrom becomes final unless the order provides otherwise.

[7.] **8.** In reaching its decision under subsection [6] **7** of this section, the commission shall consider the following factors:

(1) Whether the acquisition or transfers sought by the municipally owned electric utility within the annexed area from the affected electric **service** supplier are, in total, in the public interest, including **the preference of the owner of any affected structure**, consideration of rate disparities between the competing electric **service** suppliers, and issues of unjust rate discrimination among customers of a single electric **service** supplier if the rates to be charged in the annexed areas are lower than those charged to other system customers; and

(2) The fair and reasonable compensation to be paid by the municipally owned electric utility, to the affected electric **service** supplier with existing system operations within the annexed area, for any proposed acquisitions or transfers; and

(3) Any effect on system operation, including, but not limited to, loss of load and loss of revenue; and

(4) Any other issues upon which the municipally owned electric utility and the affected electric **service** supplier might otherwise agree, including, but not limited to, the valuation formulas and factors contained in subsections [4, 5 and 6] **5, 6, and 7**, of this section, even if the parties could not voluntarily reach an agreement thereon under those subsections.

[8.] **9.** The commission is hereby given all necessary jurisdiction over municipally owned electric utilities and rural electric cooperatives to carry out the purposes of this section consistent with other applicable law; provided, however, the commission shall not have jurisdiction to compel the transfer of customers or structures with a connected load greater than one thousand kilowatts. The commission shall by rule set appropriate fees to be charged on a case-by-case basis to municipally owned electric utilities and rural electric cooperatives to cover all necessary costs incurred by the commission in carrying out its duties under this section. **Nothing in this section shall be construed as otherwise conferring upon the public service commission jurisdiction over the service, rates, financing, accounting, or management of any rural electric cooperative or municipally owned electric utility, except as provided in this section.**

10. Notwithstanding sections 394.020 and 394.080 to the contrary, a rural electric cooperative may provide electric service within the corporate boundaries of a municipality if such service is provided:

(1) Pursuant to subsections 2 through 9 of this section; and

(2) Such service is conditioned upon the execution of the appropriate territorial and municipal franchise agreements, which may include a nondiscriminatory requirement, consistent with other applicable law, that the rural electric cooperative collect and remit a sales tax based on the amount of electricity sold by the rural electric cooperative within the municipality.”; and

Further amend said bill, page 10, section 393.106, line 85, by inserting after all of said line the following:

“4. Notwithstanding the provisions of this section, section 91.025, section 394.080, and section 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service

to the new structure upon the request of the owner of the new structure.”; and

Further amend said bill, page 62, section 393.1715, line 150, by inserting after all of said line the following:

“394.020. In this chapter, unless the context otherwise requires,

(1) “Member” means each incorporator of a cooperative and each person admitted to and retaining membership therein, and shall include a husband and wife admitted to joint membership;

(2) “Person” includes any natural person, firm, association, corporation, business trust, partnership, federal agency, state or political subdivision or agency thereof, or any body politic; and

(3) “Rural area” shall be deemed to mean any area of the United States not included within the boundaries of any city, town or village having a population in excess of [fifteen] **sixteen** hundred inhabitants, and such term shall be deemed to include both the farm and nonfarm population thereof. **The number of inhabitants specified in this subsection shall be increased by six percent every ten years after each decennial census beginning in 2030.”; and**

Further amend said bill, page 63, section 394.120, line 57, by inserting after all of said line the following:

“394.315. 1. As used in this section, the following terms mean:

(1) “Permanent service”, electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure’s anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(2) “Structure” or “structures”, an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on [a rural electric cooperative] **an electric supplier** to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a rural electric cooperative, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over rural electric cooperatives to accomplish the purpose of this section. The commission’s jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided herein, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such cooperative, and except as provided in this section, nothing contained herein shall affect the

rights, privileges or duties of existing cooperatives pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11, 1991.

3. Notwithstanding the provisions of this section, section 91.025, section 393.106, and section 394.080 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.”; and

Further amend the title and enacting clause accordingly.

Senator Bernskoetter moved that the above amendment be adopted, which motion prevailed.

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 734, Page 1, Section 67.309, Line 12, by inserting after all of said line the following:

“204.569. When an unincorporated sewer subdistrict of a common sewer district has been formed pursuant to sections 204.565 to 204.573, the board of trustees of the common sewer district shall have the same powers with regard to the subdistrict as for the common sewer district as a whole, plus the following additional powers:

(1) To enter into agreements to accept, take title to, or otherwise acquire, and to operate such sewers, sewer systems, treatment and disposal facilities, and other property, both real and personal, of the political subdivisions included in the subdistrict as the board determines to be in the interest of the common sewer district to acquire or operate, according to such terms and conditions as the board finds reasonable, provided that such authority shall be in addition to the powers of the board of trustees pursuant to section 204.340;

(2) To provide for the construction, extension, improvement, and operation of such sewers, sewer systems, and treatment and disposal facilities, as the board determines necessary for the preservation of public health and maintenance of sanitary conditions in the subdistrict;

(3) For the purpose of meeting the costs of activities undertaken pursuant to the authority granted in this section, to issue bonds in anticipation of revenues of the subdistrict in the same manner as set out in sections 204.360 to 204.450, for other bonds of the common sewer district. Issuance of such bonds for the subdistrict shall require the assent only of four-sevenths of the voters of the subdistrict voting on the question[, and] **except that, as an alternative to such a vote, if the subdistrict is a part of a common sewer district located in whole or in part in any county of the first classification without a charter form of government adjacent to a county of the first classification with a charter form of government and a population of at least six hundred thousand and not more than seven hundred fifty thousand, bonds may be issued for such subdistrict if the question receives the written assent of three-quarters of the customers of the subdistrict in a manner consistent with section 204.370, where “customer”, as used**

in this subdivision, means any political subdivision within the subdistrict that has a service or user agreement with the common sewer district. The principal and interest of such bonds shall be payable only from the revenues of the subdistrict and not from any revenues of the common sewer district as a whole;

(4) To charge the costs of the common sewer district for operation and maintenance attributable to the subdistrict, plus a proportionate share of the common sewer district's costs of administration to revenues of the subdistrict and to consider such costs in determining reasonable charges to impose within the subdistrict under section 204.440;

(5) With prior concurrence of the subdistrict's advisory board, to provide for the treatment and disposal of sewage from the subdistrict in or by means of facilities of the common sewer district not located within the subdistrict, in which case the board of trustees shall also have authority to charge a proportionate share of the costs of the common sewer district for operation and maintenance to revenues of the subdistrict and to consider such costs in determining reasonable charges to impose within the subdistrict under section 204.440.”; and

Further amend the title and enacting clause accordingly.

Senator Riddle offered SA 3:

SENATE AMENDMENT NO. 3

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 734, Page 1, Section 67.309, Line 12, by inserting after all of said line the following:

“137.123. 1. Beginning January 1, 2022, for purposes of assessing all real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity, the following depreciation tables shall be used to determine the true value in money of such property. The first year shown in the table shall be the year immediately following the year of construction of the property. The original costs shall reflect either:

(1) The actual and documented original property cost to the taxpayer, as shall be provided by the taxpayer to the assessor; or

(2) In the absence of actual and documented original property cost to the taxpayer, the estimated cost of the property by the assessor, using an authoritative cost guide.

For purposes of this section, and to estimate the value of all real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity, each assessor shall apply the percentage shown to the original cost for the first year following the year of construction of the property, and the percentage shown for each succeeding year shall be the percentage of the original cost used for January first of the respective succeeding year as follows:

Year	Percentage
1	40%
2	40%
3	37%
4	37%

5

35%

Any real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity shall continue in subsequent years to have the depreciation percentage last listed in the appropriate column in the table.

2. Nothing in this section shall be construed to prohibit a project from engaging in enhanced enterprise zone agreements under sections 135.950 to 135.973 or similar tax abatement agreements with state or local officials or to affect any existing enhanced enterprise zone agreements.

153.030. 1. All bridges over streams dividing this state from any other state owned, used, leased or otherwise controlled by any person, corporation, railroad company or joint stock company, and all bridges across or over navigable streams within this state, where the charge is made for crossing the same, which are now constructed, which are in the course of construction, or which shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies and express companies shall be subject to taxation for state, county, municipal and other local purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may hereafter be provided by law for the taxation of railroad property in this state, and county commissions, county boards of equalization and the state tax commission are hereby required to perform the same duties and are given the same powers, including punitive powers, in assessing, equalizing and adjusting the taxes on the property set forth in this section as the county commissions and boards of equalization and state tax commission have or may hereafter be empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express company or the owner of any such toll bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express companies in like manner as the authorized officer of the railroad company is now or may hereafter be required to render for the taxation of railroad property.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an authorized officer of each such company shall furnish the state tax commission and county clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose to the reports required of railroads under chapter 151 showing the full amount of all real and tangible personal property owned, used, leased or otherwise controlled by each such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station or stations in a county in which it has no wire mileage but has wire mileage in another county, then, for purposes of apportioning the assessed value of the distributable property of such companies, the straight line distance between such microwave relay stations shall constitute miles of wire. In the event that any public utility company assessed pursuant to this chapter has no distributable property which physically traverses the counties in which it operates, then the assessed value of the distributable property of such company shall be apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a telephone company shall make a one-time election within the tax year to be assessed:

(a) Using the methodology for property tax purposes as provided under this section; or

(b) Using the methodology for property tax purposes as provided under this section for property consisting of land and buildings and be assessed for all other property exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone companies, after August 28, 2018, it shall make its one-time election to be assessed using the methodology for property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within the year in which the telephone company begins its operations. A telephone company that fails to make a timely election shall be deemed to have elected to be assessed using the methodology for property tax purposes as provided under subsections 1 to 4 of this section.

(2) The provisions of this subsection shall not be construed to change the original assessment jurisdiction of the state tax commission.

(3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other utility.

(4) (a) The provisions of this subdivision shall ensure that school districts may avoid any fiscal impact as a result of a telephone company being assessed under the provisions of paragraph (b) of subdivision (1) of this subsection. If a school district's current operating levy is below the greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section 137.073.

(b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from a specific telephone company under this subsection, on or before January thirty-first of the year following the tax year in which the school district received less revenue from a specific telephone company, may by resolution of the school board impose a fee, as determined under this subsection, in order to obtain such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:

a. In determining the amount of state aid that a school district receives under section 163.031;

b. In determining the amount that may be collected under a property tax levy by such district; or

c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:

- a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
- b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

6. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a project which uses wind energy directly to generate electricity, such wind energy project property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any public utility company assessed pursuant to this chapter which has a wind energy project, such wind energy project shall be assessed using the methodology for real and personal property as provided in this subsection:

(a) Any wind energy property of such company shall be assessed upon the county assessor's local tax rolls;

(b) [Any property consisting of land and buildings related to the wind energy project shall be assessed under chapter 137; and

(c)] All other [business] **real property, excluding land**, or personal property related to the wind energy project shall be assessed using the methodology provided under section [137.122] **137.123**.

7. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction, upon the transfer of ownership of such property to the public utility company such property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2022, for any public utility company assessed pursuant to this chapter which has ownership of any real or personal property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction, upon the transfer of ownership of such property to the public utility company such property shall be assessed as follows:

(a) Any property associated with a generation project which was originally constructed utilizing financing authorized pursuant to chapter 100 for construction shall be assessed upon the county assessor's local tax rolls. The assessor shall rely on the public utility company for cost information of the generation portion of the property as found in the public utility company's Federal Energy Regulatory Commission Financial Report Form Number One at the time of transfer of ownership, and depreciate the costs provided in a manner similar to other commercial and industrial property.

(b) Any property consisting of land and buildings related to the generation property associated

with a generation project which was originally constructed utilizing financing pursuant to chapter 100 for construction shall be assessed under chapter 137; and

(c) All other business or personal property related to a generation project which was originally constructed utilizing financing pursuant to chapter 100 for construction shall be assessed using the methodology provided under section 137.122.

153.034. 1. of chapter 137 and any other relevant provisions of law. The method of taxation prescribed in subsection 2 of section 153.030 and subsection 1 of this section shall not apply to such property.

(2) The real or tangible personal property referenced in subdivision (1) of this subsection shall include all equipment whose sole purpose is to support the integration of a wind generation asset into an existing system. Examples of such property may include, but are not limited to, wind chargers, windmills, wind turbines, wind towers, and associated electrical equipment such as inverters, pad mount transformers, power lines, storage equipment directly associated with wind generation assets, and substations.
